Newly Married Couple Honored

After a brief honeymoon following their recent marriage Mr. and Mrs. Elmer Dunning were pleasantly surprised on their return Monday evening when a reception had been prepared for them by the staff of the Provincial Infirmary where Mrs. Dunning, the former Mrs. Garrick, is Matron.

The reception took place in the staff residence where, besides the members of the staff and their wives were several invited guests, including Hon. A. W. Matheson, Minister of Health and Welfare and Mrs. Matheson, Lieut. Col. P. S. Fielding, Deputy Minister and Mrs. Fielding, Dr. Murchison, Medical Superintendent of Falconwood Hospital and other members of the staffs of both Institutions and of the Health and Welfare Department were present.

On their arrival Mr. and Mrs. Dunning were warmly welcomed and after receiving the congratulations and hearty good wishes of all those present were ushered into the reception room to the accompaniment of "The Wedding March". Here all sat down to a delicious supper prepared by members of the staff. Dr. Murchison acted as Master of Ceremonies and after his association with Mrs. Dunning during the past number of years called on Col. Fielding to propose a toast to the newly married couple. This was responded to by Mr. Dunning on behalf of his wife and himself.

Hon. A. W. Matheson was then called on and after expressing his pleasure in being present on this happy occasion expressed his deep appreciation of Mrs. Dunning's long and faithful service as Matron of the Infirmary and of the good work she had accomplished during her term of office. He said he was greatly pleased to learn that she intended to remain in her position as head of the Institution.

Following the supper those present took part in a sing song with Col. Fielding at the piano. This was followed by singing of "Good Night Ladies" and "God Save The King" after the visitors as they filed past the guests of honor wished them many years of happy wedded life.

Harvard Crash Kills Two Pilots

MACDONALD, Man., Oct. 12 — (CP) — Two R. C. A. F. pilots were killed today when their Harvard aircraft crashed on a routine training flight 35 miles north of here near Langruth, Man.

Macdonald is about 17 miles northwest of Portage la Prairie. Names of the men will not be released until the next of kin have been notified, air force officials said.

Details of the crash were not immediately available.

Ontario Entries Top Plowmen

WOODSTOCK, Ont., Oct. 12 — (CP) — Two Ontario plowmen, Eugene Timbers, 18, of Milliken, and Norman Tyndall, 24, of Richmond Hill, carried off top awards in the four-day international plowing match which ended today. Each won a trip to Great Britain.

Timbers won the horse plowing competition in the trans-Atlantic class and Tyndall first in tractor plowing.

Agriculture Minister Gardiner spoke to an audience of 1,750 persons at the match's closing banquet tonight. He said plowing is essential to good farming and labor-saving machinery on the farm has not done away with the need for the "keen eye and steady arm" of the plowman.

Some Price Cuts Here are a few of the advertised cuts: Sunbeam Mixmasters (regularly \$73.95) Right House \$59.95, Dominion \$49.95, Home \$47.95; Toastmasters (regularly \$37.95) Right House \$29.95, Home \$25.95; Premium floor polishers (regularly \$69.50) Right House \$57.95, Home \$52.95; General Electric irons (regularly \$16.25) Right House \$12.95, Dominion \$11.95.

The slashes brought no untoward buying rush today to the Right House.

The price war followed announcement in the Speech from the Throne at parliament's opening on Tuesday that the government plans legislation forbidding manufacturers to fix retail prices on their products.

Montreal Development In another price development today at Montreal, Montreal Pharmacy Ltd., a retail drug house, sought an injunction in Superior Court against Charles E. Freedman Company and three wholesalers.

The petition claimed the pharmacy was refused the handling of certain Frost products because the retail firm was "selling them below the manufacturer's fixed retail price."

Meanwhile, at Winnipeg, D. A. Gilbert, president of the Retail Merchants Association, said today that retail selling prices established by manufacturers were based on experience of what mark-up is required to enable a merchant to retail his product at a nominal profit.

HONG KONG, Oct. 12 — (AP) — A bookshop proprietor on the mainland recently was jailed for three months for selling books on Chinese classical and historical subjects. The Red regime said the books were "remnants of feudalistic and reactionary culture" and ordered them burned.

LOS ANGELES, Oct. 12 — (AP) — A gunman herded 48 employees and customers of a super market into a huge icebox yesterday, then told the manager and cashier to fill a sack with money. When the thief heard a police siren, he departed in a van and forgot the bag. It contained \$10,000.

teaspoon salt; one-eight teaspoon pepper; one cup salad oil; add one egg yolk and add one tablespoon vinegar. Add mustard, salt and pepper. Mix well. Drop oil a teaspoonful at a time into the egg mixture. Beat constantly until four tablespoons of oil have been added. Then add oil in larger quantities, beating thoroughly after each addition. As the mixture thickens add in remaining vinegar a little at a time.

Carloadings OTTAWA, Oct. 12 — (CP) — Carloadings on Canadian railways increased during the week ended Oct. 6 to 88,068 cars, compared with 87,350 cars for the previous week, but declined from the 89,277 cars for the corresponding week a year ago.

The bureau's statistics reported today that increases over the similar week last year were shown in loadings of grain, coal, building materials, pulpwood, gasoline and woodpulp and paper. Decreases were registered in livestock and lumber.

NOTTINGHAM, England (CP) — A burglar who broke into an office here sat down for a rest and fell asleep. After he was discovered, he was sentenced to 18 months in prison.

make her official visit. It was also decided that Alpha members would be available for the Civil Defence program when called upon. Ten dollars was voted to Dr. Hitchcock for relief purposes in Greece.

Price War Gathering New Force At Hamilton

HAMILTON, Oct. 12 — (CP) — A price war gained momentum among Hamilton retailers today with stores attempting to undersell each other on nationally-advertised products.

The war gave indications it would spread. One store advertised it would match or beat any price cut in the city. Two department stores said they would meet all prices prevailing at the competing Right House.

The Right House department store fired the opening gun yesterday in a price-cutting advertisement which offered cut prices on some merchandise usually sold at prices set by the manufacturer.

Today local managers of Eaton's and Robinson's department stores said they would meet all prices set by the Right House. But three other stores went farther. Two of them took newspaper space to advertise prices below Right House's mark-ups.

The other, Marvin Wasserman's Ideal Furniture Company, took a three-column, full-length ad, headed "Price War Notice," to say Ideal would "match or better any cut price in town."

Dominion Clothing and Furniture Company took two full pages to advertise cut prices; Home Outfitting Company took a full-length, 3-4-page ad.

FROWN ON Form of action as a means of enforcing minimum resale prices.

But the government's action probably will not prevent a manufacturer from issuing a list price, showing the "maximum" prices at which his product could be sold. Such prevention is contemplated in the United Kingdom.

The report said: "The committee is not prepared to recommend action so drastic that it would interfere with established practices of issuing list prices."

"It is of the opinion that it will be sufficient to prohibit the recommendation, prescription or enforcement of minimum resale prices."

As for "loss-leader" practices, the committee believed there were more effective ways of dealing with this "monopolistic" device than through minimum resale price maintenance, but it urged caution.

The report was tabled by Justice Minister Pearson who probably will bring down legislation within a few weeks. One government official said it likely will pass in time to reduce prices by Christmas.

The report, weighing the pros and cons of resale price maintenance, was prepared by Mr. Justice J. H. MacQuarrie of the Nova Scotia Supreme Court; Prof. W. A. Mackintosh, principal-elect of Queen's University; Professor Maurice Lamontagne, assistant director of economics, Laval University; and Dean George F. Curtis of the British Columbia Law School.

It noted that the practice of maintaining retail prices at the manufacturer's request now was being "extensively applied and of growing importance in Canada."

Aiming its sights at a freer economy, the committee opposed the view of those who supported resale price maintenance and said it seriously restricted the working of a competitive system, and was similar in effect to that of "direct collusion" among producers and distributors.

In fact, if the practice was backed up by a manufacturer's restrictive measures against the retailer, it virtually established "a private system of law allowing no appeal to the courts of justice."

The Experts Say By KAY REX (Canadian Press Staff Writer)

Cauliflower and cabbages—did you know they were related? The cauliflower in fact is described in the dictionary as "a cabbage with a large fleshy, flower head."

No matter its ancestry, the point is that this vegetable may be served in a variety of ways; moreover, it is a vegetable which is becoming more and more popular.

It's near the end of the season for the home-grown variety, imported cauliflower can be bought practically the year round.

Cauliflower with cream sauce or just with a pat of butter on top—these are the two most widely known ways of serving. But cauliflower french-fried or fried and sautéed with fine herbs, also makes a tasty dish.

The experts recommend cooking the cauliflower with the smaller, tender leaves. In effect, this gives two vegetables, the white curd together with the greens.

If the head is whole allow 25 minutes cooking time; if separated, 10 to 15 minutes.

No Trimmings Did you know that the cauliflower may also be eaten raw? Separate the head into "flowers" of reasonable size. Drain. Remove imperfections. Sprinkle with salt. Chill one-half hour in ice water. Drain. Impale on toothpicks and serve with mayonnaise.

The mayonnaise may be made with: one egg yolk; two tablespoons vinegar; one-quarter teaspoon mustard; three-quarters

Found Guilty Of Manslaughter

EDMONTON, Oct. 12 — (CP) — William J. Sabattis, 18-year-old New Brunswick soldier, today was found guilty of manslaughter in the service-rifle slaying of a fellow soldier.

Mr. Justice S. J. Shepherd sentenced Sabattis, a private in the Princess Patricia's Canadian Light Infantry, to one year's imprisonment at hard labor.

Sabattis had been charged with the murder June 30 of Pte. H. B. MacEachern of Woodstock, N. B. at Wainwright Military Camp. He admitted firing the shot that killed MacEachern but maintained it was an accident.

Judge Shepherd said he would recommend that part of the sentence be served at the Bowden, Alta., Correctional Institute or some similar juvenile training centre.

IN MEMORIAM MRS. JOHN McCABE

On September 10th Iona last one of its most respected residents in the death of Mrs. John McCABE at the age of eighty-six years.

Mrs. McCABE, formerly Mary Ann Rooney, was born Nov. 29th, 1865, and was the mother of ten children, four of whom predeceased her. Although in failing health for the past few months, Mrs. McCABE was a cheerful companion to her loved ones, who will be sorely missed in the family circle. She was faithfully attended in her declining health by her husband, sons and daughters-in-law to whom she had ever been a wise councillor and tower of strength in adversity.

To her neighbors she was a kind and charitable friend always ready to give assistance when called upon. She had the consolation during her last illness of frequent visits from her devoted pastor, who also administered the last Sacraments. The many mass cards and letters of sympathy received by the bereaved family, testified to the loss of a truly Christian woman.

She leaves to mourn the passing of a beloved wife and mother. Her husband and the following sons and daughters: Mrs. James McGarry, Charlottetown, Michael, Stephen and Frank, Iona, Major John Pius, Ottawa and Rev. Wm. McCABE, Montreal, who, unfortunately was unable to be at home, owing to illness. Also surviving are two sisters Mrs. Arnes Walsh, Montreal, and Mrs. Rose Doherty, New York, and three brothers, Joseph Rooney, Reading, Mass., Michael Owen, Brooklyn, N.Y., and John Rooney, Orwell Cove.

The funeral, which was very largely attended, was held from her late residence to the Roman Catholic Church in Iona, where a Solemn Requiem High Mass was celebrated by Rev. Charles McCarthy, assisted by Rev. Phalen McKenna as deacon, and Rev. Edmund Roache as sub-deacon. Rev. J. W. McCARDIE was in charge of the service.

Present in the sanctuary were His Excellency James Boyle, Rev. P. McMahon, D.D., Mons. J. A. Murphy, Mons. R. V. McKenzie, and Revs. J. F. MacDonald, Wm. Simpson, J. Gillis, G. Keefe, T. Butler, K. MacMillan, L. Landrean, G. Mullally and R. Ellsworth, D.D. The pall bearers were Edward Walsh, Joseph Griffin, Joseph Roache, James Connolly, Edward McKenna and John Connolly.

May her soul rest in peace.

IN MEMORIAM In loving memory of LEO B. BOYLE who passed away Oct. 14, 1949 Ever remembered by wife and family.

The WEEK at S. D. U.

Last week we neglected to mention that we were all awaiting the beginning of Thanksgiving Holidays. At noon on Saturday the holidays began and extended to noon on Tuesday.

A large number of the students remained here Saturday afternoon for the game. That was, as you know, the game between Mt. Allison and the Saints. In spite of cold rain, some students huddled around the football field encouraging the team on to victory while others called and cheered from windows in Memorial Hall. On several occasions did the Saints advance to the scoring territory and also repel some scoring drives of Mt. A. We feel proud of the team for its showing against last year's champs. After the game, the students who remained for it, excepting the boys from Quebec, started to their homes for the holiday week-end. Those living on farms were expecting a big day's work on Monday picking potatoes, but the weather man intervened with heavy rains. Now everyone is back again and things are running as usual.

Although on Monday the majority of students were enjoying their holidays at their homes, St. Dunstan's was a busy place. It was especially busy for the Sisters at the College. At 1 p. m. a banquet was prepared for the delegate members of the Catholic Girls Scholarship Association. Then at 6 p. m. on the same day another banquet was prepared for the Knights of Columbus which included over 150 members. Both of these functions have been dealt with in the press, so no further comments are necessary here.

This week we are able to give you the executives of the following campus organizations: C.S.M.C. (Canadian Catholic Students' Mission Crusade) President, Leonard Curley; vice-president, John Mullally; Secretary, John Dunphy; Councilors: Ellen Mullally, St. Clair Trainor, Tom McCaughy, M.I.D.L. (Maritime Intercollegiate Debating League); President, Regis Duffy; vice-president, Lawrence Glover; Secretary, Art Pendergast; Councilors: Clair Callaghan and Cyril MacIsaac; I.S.S. (International Students' Service) President, Billy McNeely; vice-president, Gerald Steele; Secretary, Bernadette Burge; Committee: Dominic MacDonald, Marlon MacPhee, Clair Callaghan, Gerald Kilbride, Mary Gillis, Andrew MacDonald, and William Farmer; Faculty advisor, Father Thomas MacLellan.

After Benediction on Wednesday evening a play entitled, "A la Croix des Chemins" (At the Crossroads) was shown to the students in the assembly hall. The film was shown by Father Gauvin who was brought here by the missionary organization on the campus. Father Gauvin is a missionary of La Société des Missions Etrangères de la Province de Québec. After being introduced by the rector, Father Gauvin spoke briefly in English and French about his experiences as a missionary. We learned that he was a missionary in the East for eleven years, some of which time he was held captive. The film gave us an insight into the work of the missionaries in the East, especially China. An unexpected feature of the film was that the language was all in French which made us realize how valuable it would be to be able to speak and understand both languages.

The Thursday afternoon social was held with as much success as the two previous ones of the year. And when we speak of success, we mean just that. So far there have been capacity crowds, and a reasonable division of boys and girls. Music is supplied by the Downtowners Orchestra and certainly no one has any reason to complain about it. The students think it is tops. Everyone notices the big improvement made on the Holy Name Hall floor over the summer holidays. Such factors as these contribute largely to the

work from litters born in warmer months, and it is difficult to get away from this practice; but in the East, Mr. Clay continued, with better facilities and with a little extra care, production can be spread, resulting in a year round stabilization of prices.

The remedy as far as Island producers are concerned, Mr. Clay stated, is to have litters born before March 1st in order to have marketable hogs before the fall slump. The next litters would be born in mid-summer and marketed after the slump, and the present moment is the time for breeding sows to escape the lower price period next to summer.

In his opinion, the problem could be solved for farmers wishing to produce earlier litters, by use of farrowing crates and artificial heat, and perhaps making use of the poultry brooder when not otherwise occupied.

Mr. Clay cited the egg market as one where better winter housing and extra care had eliminated seasonal fluctuations in production and had stabilized prices, to the benefit of producers and consumers alike.

Disapproval of Press Reports Voiced

REGINA, Oct. 12 — (CP) — The Regina Gyro Club today voiced "unanimous disapproval" of some press reports of the Royal tour.

The resolution, sent to Walter S. Thompson, chief information officer of the tour, suggested it was bad taste to report the amount of sherry drunk by the Duke of Edinburgh, the use of lipstick by the Princess, or the adjusting by the Princess of her dress.

The club members felt such reporting is "in bad taste, since it implies criticism of our guests."

Search For Babies Tough On Cabbage

ANGOLEME, France, Oct. 12 — (AP) — Farmer Giraud was fit to be tied when he found all 50 plants in his cabbage patch torn up. Why would anybody do a thing like that?

Police discovered the culprits to be seven little girls, aged eight to 12. Their explanation: "We were looking for babies."

Giraud today cheerfully withdrew his charges, for in France — as is well known — babies are not brought by the stork but are found in cabbage plants.
