

THE DAILY EXAMINER.

OCTOBER 23, 1890.

An Imperial Trade Policy.

It is pleasing to note that the press of Great Britain is alive to the fact that the aim and object of the legislators at Washington is to constrain Canada to join the United States.

It is pleasing, too, to note that Sir John Macdonald and his Ministers have been warmly commended by the most influential organs of British opinion for their recent manly and patriotic speeches.

It is evident that an union of this kind would tend more than anything else towards the proposed Imperial Confederation which is the hope of many leading British Statesmen.

Our Distinguished Visitors.

Festivities at Government House.

Queen's weather greeted the Queen's representative to-day.

It was about noon when H. M. S. Canada, with their Excellencies the Governor-General and the Lady Stanley of Preston on board, dropped anchor off Pownal Wharf.

Shortly before three o'clock this afternoon their Excellencies landed in state. They were met at the wharf by His Worship Mayor Haviland, the members of the City Council, the Premier and other members of the Local Government, and a large number of citizens.

To His Excellency the Right Honorable Sir Frederick Arthur Stanley, Baron Stanley of Preston, Knight Grand Cross of the Most Honorable Order of the Bath, Governor General of Canada.

We, the Mayor and Common Councilmen of the City of Charlottetown, on behalf of the citizens of the capital of the Province, beg to extend to you, on this the occasion of your first visit, a most cordial welcome.

We are glad that Your Excellency, in your visitation of the different provinces of the Dominion, has extended to us the pleasure of seeing the representative of our Sovereign, and though at this advanced season of the year an agricultural country such as ours cannot be seen at its best advantage, yet we trust that Your Excellency will, during your short stay, have abundant evidence presented to you of the comfort and contentment of a people who value as a rich heritage their connection with the British Crown.

Descended from a line of Imperial statesmen distinguished alike by vigor of action and the highest intellectual attainments, we confidently look for, in Your Excellency, that zeal and ability in the administration of Her Gracious Majesty's Government in Canada which has characterized your predecessors and which has always tended to the more closely welding of the newer to the older Britain.

Your Excellency's visit to every Province in Canada is an additional earnest to us of your desire worthily to represent our Gracious Sovereign, and we beg to assure you of our great gratification at seeing you in this Province, which, though lying on the outskirts of the Canadian Dominion, is inhabited by a people noted for loyalty to Queen and Country, whose isolated position, though making them perhaps more jealous in guarding home interests, yet binds them more firmly to a Constitution which guarantees the fullest measure of liberty and prosperity to its people.

Trusting that Your Excellency and Lady Stanley will enjoy your visit, we have the honor to remain Your Excellency's most obedient servants.

T. HEATH HAVILAND, Mayor of Charlottetown. R. R. FITZGERALD, Recorder. THOMAS MORRIS, JAMES BYRNE, HENRY C. DUTSE, SIMON W. CRABBE, JAMES EDEN, FRANCIS P. McCARRON, THOMAS TAYLOR, GEORGE E. HUGHES, D. McLEAN, City Clerk.

In reply, His Excellency delivered a short, pleasing speech, thanking the Council for their address and accepting the delightful weather as a happy augury in respect to his visit to Prince Edward Island.

At half-past three a reception was held at Government House, where a large number of persons were presented to their Excellencies.

His Honor the Lieut. Governor and Mrs. Carvell will entertain their Excellencies and a number of prominent citizens at dinner at Government House this evening.

To-morrow forenoon their Excellencies will visit St. Dunstan's College, Prince of Wales College, Upper Prince Street School, Queen Square School and West Kent Street School.

The public buildings, stores, etc., are gayly decorated in honor of the distinguished

ed visitors, and citizens generally are invited to illuminate their houses and places of business to-night.

A handsome arch has been erected at the main entrance to the railway depot. The firemen will leave City Hall at seven sharp this evening for Pownal Wharf to escort their Excellencies the Governor-General and the Lady Stanley of Preston to Government House.

The Markets.

Continued heavy rains and boisterous weather have embarrassed our farmers and men of business much more than the McKinley tariff or anything of that kind.

A very fair price—38 to 40 cents per bushel—continues to be offered for oats. The misfortune is that we have not many oats to sell, and not much money can be derived from that source.

Most of the potatoes remain in the ground. A large proportion of those that have been sold have gone to the starch factories, at 14 cents per bushel per little and big.

A Montreal despatch says that the Intercolonial Railway has been asked for 100 cars to load potatoes at River DeLoup. The crop of oats in lower Quebec have not been very good, but farmers will certainly make up with potatoes, of which there is a good crop and selling well.

Eggs are in light supply at 14 to 15 cents per dozen here. The tendency of the market is a little upward. In Montreal according to the Gazette, the egg market continues to rule steady, under very light arrivals and a good consumptive movement.

Quotations for pork in Montreal, are as follows: Canadian short cut per brl, \$17 50 to \$18 00 Mess pork, western, per brl, 16 50 to 17 00 Short cut, western, per brl, 17 00 to 17 50

The population of Pennsylvania is 3,248,574. Three men were killed in a battle between citizens and robbers at Ohio City, O., recently.

The strikes in Australia seem to be practically at an end, and the strikers have got the worst of the fight.

It is denied that the United States is about to send a fleet of warships to Lisbon to demand payment of claims for damages arising out from the seizure of the Delagoa Bay railway.

The municipality of Genoa has, it is reported, consented to restore the house in which Christopher Columbus lived. It is rapidly falling into decay and has long stood in need of repair.

The brave boy who worked the elevator in the hotel at Syracuse, N. Y., which was burned Wednesday night, saved twenty lives by keeping the elevator running until he was driven out by the flames.

Archbishop Eyre, of Glasgow, who is about to be raised by the Pope to the Sacred College, is one of the most popular prelates in Great Britain. The last Scotch Cardinal was "his royal highness and eminence the Cardinal Duke of York," the last of the Stuart dynasty; while Scotland can point to as eminent a member as ever sat in the Sacred College—to wit, Cardinal Beaton—the Richelieu of Scotland.
