**Fire Destroys Dwelling At Bloomfield**  
 A fire of unknown origin broke out about ten o'clock on Sunday morning and completely destroyed the home of Mr. George MacAuland of Bloomfield. The blaze was thought to have been extinguished but apparently broke out again at noon and despite the efforts of a large crowd of neighbors who gathered and formed a bucket brigade the fire could not be brought under control. Some contents and furniture on the ground floor were saved but practically everything in the upper part of the house was lost. It is not known if any insurance was carried.

A committee was appointed to ascertain if legislation could be enacted that would be half way between the companies act and the co-operative act to cover amalgamation of the dairies. The meeting adjourned without naming a definite date to reconvene.

**S'side Town Council Holds Monthly Meeting**  
 The regular monthly meeting of the Summerside town Council was held last evening with Mayor Wedge presiding and with all councillors present except Councillor Sheen.  
 Town paid bills amounting to \$8,736.46 were approved and town unpaid bills amounting to \$4,238.81 were ordered paid. Electric light bills paid amounting to \$194.18 were confirmed and unpaid bills amounting to \$16,743.74 were due to the fact that the grant for cleaning the waterfront had not been received from the Provincial Government the work had not been done this year so far. He said that he hoped this grant, which annually amounts to one hundred dollars and which is matched by a like amount by the town, would be forthcoming before the tourist season was over.  
 Reporting for the water and sewage committee, Councillor Morrison submitted a resolution to lay water questing lines on West Street, North Market Street west of St. Lawrence, and on Sheen Street at a cost of \$2400. Permission was granted by the meeting.  
 Councillor Driscoll said that all the motors at the light plant have been overhauled and are in good working order. He said that a new system of ventilation had been installed at the light plant which would be of wonderful value and most beneficial as far as the health of the employees was concerned. This system would also, he said, make a lot of work in connection with the cleaning of engines unnecessary in the future.  
 Councillor Schurman said that the work of repairing the breaks in the town pavement was still going on. The work had been more extensive than was at first thought he explained.  
 He submitted resolutions requesting permission for his department to open streets at the following sections: From Harvard Street Heckbert's Lane; from Harvard Street to Noonan Street; from Granville Street to Summer Street in the hospital area.  
 Councillor Steele submitted the police report which indicated that the work of cutting down the hedges at various street intersections was going on and that property owners in Summerside were all cooperating with the police department in having the hedges cut down and in some cases removed altogether.  
 Councillor Steele submitted a resolution to change the existing by-law and to make Notre Dame Street from Central, west to the town limits a through street. The resolution was passed by the meeting.

**STRESSES UNITY**  
 Continued from page 1  
 The Premier added, has made this problem more difficult. He hoped that the deliberations of the Agriculture Ministers and their deputies would include consideration of this important matter.  
 Mayor Stewart in his remarks stressed the importance, not only to rural sections of this Province but to Charlottetown as well. He reminded the visitors that the city will be celebrating its 100th anniversary three years hence. He concurred in Premier Jones' statement that one of the most important problems at the present time is to find means of keeping the younger people at home.  
 Brief complimentary remarks were made by Dr. J. B. Taggart, Federal Deputy Minister of Agriculture, who was called upon by the chairman at the close of the meeting.

**INDIVIDUAL TREATMENT**  
 WINNIPEG (CP) - Finance committee of city council shelved a letter from the school board urging fluoridation of Winnipeg water supplies. Ald. Maude McCreery asked "Can't they buy tablets or something and put them in drinking water for table use?"

MONTREAL (CP) - Everything from wooden nickels to a 50-foot model racing yacht was on view when the railwaymen's hobby show opened in the Central Station here. Exhibits were contributed by 150 railwaymen from the United States and Canada for the show, lasting for a month.  
 DENVER, Aug. 11 (AP) - Bert Acosta, 57, of New York, who flew Admiral Richard E. Byrd across the Atlantic in 1927, is a patient at the Jewish Consumptive Relief Society sanatorium at Spivak, Colo., hospital authorities disclosed today.

**With The Crowds**  
 Continued from page 5  
 ageous veteran trotter, Nell Kalmuck still remains the star of Willard's stable. Other horses in the Willard Kelly string are Milldale, Judy Kalmuck, Margodale, Marion E., and Miss Playfair.  
 The Kelly clan will have more than one finger in the pie. Walter Kelly, nephew of Willard, is almost certain to cut quite a caper with the sensational Johnny Kalmuck. Johnny tramped a winning heat last week in 2:10 1/8, last half in 1:03.  
 Rounding out the Kelly representation is Lorne, a horseman possessed of much track experience and a calculating driver. Lorne has Roma Budlong, Jimmy Budlong and April Bud longed for the meet.  
 Gaining increased prestige every year as a trainer and driver, George McGregor, promises to be one of the key figures in this week's racing. Such good ones as the flashy Pet Hanover, the good pacer Joseadale Clipper, Silk Hal, and Anyway are George's care during the meet. He has also been commissioned to drive the Woodstock, N.B., stable owned by Bob Brown.  
 Though his home address is Port Elgin Lorne Letcher has raced here for the past two summers. Race crowds will always remember the gameness and staying power of his stable star, Jennie Kalmuck. Lorne has two others liable to figure in the payoff brackets, A. G. Scott and Donna May.  
 Claude O'Brien, of Charlottetown, has been engaged to drive the J. S. Watt's stable of Little River, Quebec, and also the mainland owned Dick Eira. He will also team Dale B., the pacer owned by Mr. Geo. Hughes / of Brackley, which has given racing fans many a thrill in the past few years. Claude O'Brien's ability with horses, places him high in list of Island drivers. He is so well regarded that many a pari-mutuel ticket is bet on Claude rather than the horse he happens to be driving.  
 Carl Aubrey, Tracey Direct and Capt. Missouri are all owned by Sam Kennedy. Sam drives his own horses and has a habit of ending up at the front of the parade, when least expected.  
 Greatest showman of the lot is Colonel D. A. MacKinnon. The Colonel who once had ten or more in his stable regularly is taking things easier now. With Lassie Lucille and Feather Duster he is keeping his hand in and getting as much kick as ever out of the racing game.  
 Remember the great duels last year between Argot Pointer and Cheeky Chief? Argot Pointer is still the property of Horace Willis and he is also the owner of Lorraine Abbe and J.S.J. The Pointer is entered in all the fast classes carded for Old Home Week.  
 Doctor Seaman's stable has been reduced in numbers and he has only two probable starters this year in Just A Gift and Waymark. Son Don will be in the sulky.  
 The Hennessey's, Wallie and Joe, will be heard from before the big show ends. Joe will drive the Hennessey owned Lucky Number, and also the entries from the Maine owned Sunshine Stables.  
 Dr. Preston McIntyre of Montague has sent Archie Lewellyn to Charlottetown for the big week with Miss Commando, Mosey Roy and Penny Royal. Geo McIntyre will also be on hand with "Pink".  
 Aeneas MacGuigan of St. Mary's Road has a good prospect in Glenda May and Glenda will see action this week.  
 Montague horse followers are putting faith in Lowery and Annear's Vernita Pearl and Real Set. Both are ready for the test.  
 Hunter River folks should have

**ALBERTON BOAT TO DRAG FOR SCALLOPS IN NEW BED**  
 For the first time in over fifteen years an Alberton fishing boat is being equipped to drag for scallops on a recently discovered scallop bed about half way between Miminegash and Shipigon, N.B.  
 Mr. Phillip Kinch sailed his new boat, which is equipped with a 30 H.P. diesel engine the first of this type to be tried at Alberton South, around North Cape to Miminegash yesterday, a distance of 36 miles. Running at cruising speed the trip took only three and a half hours and used five gallons of fuel oil as plenty of interest in the races. Cyril Smith a Hunter River resident is starting Judy Budlong, Billy Aubrey, Miss Hazegrove and Little Abner.  
 From West Prince the genial Speaker of the Provincial House is in town to see his good mare Ramona Peters perform. The Speaker's son will do the driving. Sheldon Campbell has his appropriately named Campbell's Buddy in fine fettle. This animal can really move.  
 The experienced Geo. Sobey of Summerside should provide lots of opposition in the classes in which he has entered Mannister Direct, Bonnie Frisco and Amlico. Leo Collins from Vernon way is back in the ring once more with Lela and Bessie Budlong.  
 Elwood Shaw may startle a lot of race-goers if Just Lucky (owned by Willard Stewart) stays pacing. This one has speed to burn. Also in Shaw's charge is Dr. C. G. Bishop's Gahagan, and Prince Marine.  
 Erice "Ike" Moreside should have a lively few days. He has Well MacNeill's Neil Budlong and Major Tom Rogers' Tartan, as well as Mary's Delight and Anita Budlong to handle.  
 Harold Cudmore's Prince Budlong, Joandale and America's Bud are entered wherever there's a spot for them. The Prince has a lot of racing in him.  
 Randy MacDonald well known to all Island race fans has Belle Budlong, Billy Budlong and Randid, groomed for their various classes.

**Good Lobster Catches Reported**  
 First results of the first days lobster catch on the west shore of Prince Edward Island indicate that a good fall season can be expected. All fishermen completed running lines on Saturday with the highest catch yesterday landing 800 pounds at Leo Gallant's factory at Miminegash. Although too early to judge this is slightly better than last year's. - FW.  
 WASHINGTON, Aug. 7 (AP) - The number of United States battle casualties in Korea increased 412 in the last week to a total of 114,310 Wednesday. The figure includes 18,008 killed in action, 83,753 wounded and 12,551 missing. In the last week 91 were killed, 578 wounded and 25 reported missing.  
 CHAMBERLEY, England (CP) - A big traffic jam developed in this Surrey town when a "whistle" was heard, as though a police chase was on. It turned out to be a woman cyclist using a whistle instead of a bell.
