MEETING.—A regular meeting of the Benevolent Irish Society will be held in their Hall this evening at 8 o'clock.—F. CURRAN, Sec'y.

CIVIC.—We understand that Mr. James Barrett will be a candidate for the representation of Ward One at the forthcoming civic election.

APPOINTMENT.—We understand that Mr. George A. Aitken, Clerk of the Court, Georgetown, has been appointed Deputy Prothonotary for King's County.

NOVA SCOTIA GOLD.—A brick of gold from the Malaga Mining Company's mine weighed 375 ounces, and is valued at \$7,400. It was the result of twelve and a quarter days crushing, mill time.

WELL DONE, HALIFAX.—The fund started in Halifax for Dan Hunt, the longshoreman who was crippled for life while rescuing a drunken man from drowning, now amounts to upwards of \$1,100.

PIPES BURST.—The pipes near the reservoir burst on Saturday evening, owing to the extra pressure put on, and some of the water which escaped therefrom found its way into Campbell's brickyard adjoining.

SCHOONER WRECKED.—A telegram from Pictou this morning states that the schooner Beau Bassin, with a cargo of Acadia nut coal consigned to Mr. A. Down, of this city, went ashore at Little Harbor, and is a total wreck.

NEW QUARTERS.—The regular monthly meeting of the City Council will be held in the new city building this evening. The Council Chamber and the Clerk's office have been fitted up by Mr. Newson, and the Mayor's office by Mark Wright & Co. The work has been well done.

AFTER WEARY YEARS.—A thirty-five year old couple who have been courting for thirty-five years, according to an exchange, were married last week amid the joyous ringing of bells. This seems to illustrate the theory that something or other comes to somebody or other who waits, provided somebody else doesn't get it in the meantime.

MADE A HAUL.—George Littlewood, the English go-as-you-please pedestrian, winner of the recent six days race in Madison Square Garden, sailed for England on Wednesday morning. He carries with him about \$7,000 the R. K. Fox champion belt and a handsome gold stop watch, as a result of his plucky work on the tan bark.

CABLE NEWS.—It is reported that an English company has offered to lay a submarine cable from Halifax to Sable Island for \$100,000, in ten annual instalments. It is also reported that Canadian capitalists want concessions from the Government towards laying a cable from an island in the Gulf to Scotland. Dobell, of Quebec, is reported to be one of the promoters.

ELECTRIC LIGHTS.—The Halifax Chronicle says: Owing to the unsatisfactory working of the Hall arc lamps, which the Chandler Electric company have been using for lighting the streets of the city, the company has decided to take them all down and replace them with the Thompson patent, said to be one of the best electric lamps now manufactured. Already several have been hung and give good satisfaction.

MISSIONARY MEETING.—The attraction tonight will be the missionary meeting in the Methodist Brick Church. Apart from the importance of the topics to be discussed, and the interest attaching to the speakers, the arrangements for the musical portion of the service should fill the spacious sanctuary. Admittance free to all. Let there be a large congregation and liberal collection. Chair taken at 7.30 o'clock.

JOURNALISTIC.—The Prohibitionists of Nova Scotia have completed arrangements for the publication of a new paper, the first number of which will be issued this week. It will be called the Canadian Voice, and published in Halifax.

Rev. A. H. McLeod, of Dover, Westmorland County, N. B., will soon issue a little paper devoted to the cause of the Baptist church. The name of the new paper will be the Star.

TROTTING RECORD.—A New York paper contains an interesting review of the trotting season just closed. Although neither the record of Maud S.—2.08 1/2—nor the time of Jay Eye Sec.—2.10—nor that of St. Julian—2.21 1/2—has been equalled, remarkable speed qualities have been shown by a number of horses. The list of the year is headed by Guy, whose mile in 2.12 is not regarded as the limit of his speed. He is expected to beat his next season, and many competent judges predict that he will reach, if indeed he does not lower, the now unparalleled record of Maud S.

MR. HERBERT SPENCER in his work on education, calls attention to the fact that amongst the first things savages do, is decorate themselves; and Mr. Gladstone, in his address to the Staffordshire Potters, showed that art in manufacture, apart from utility, has a commercial value. Indeed, whatever gives pure and proper pleasure has a high market value. Instances in music a Patti, in painting a Dore, in manufacture a Worth. The Manager of the Granby Rubber Company, whilst realizing that in a country like Canada, where the weather changes are so frequent and pronounced, the element of durability in manufacture should receive paramount attention, still uses every effort to give artistic effect to the finish of their goods. The Granby Rubbers will therefore please Pater Familias as well as the most fastidious in taste.

RELIGIOUS.—Students from Pine Hill College will supply vacant congregations on P. E. Island during the Christmas holidays as follows: Mr. Charles McKay, at Strathalbyn on the 23rd, and at Cardigan and Dundas on the 30th inst., and on 6th January; Mr. Angus McKay at West and Clyde Rivers on 23rd inst., and in Strathalbyn on 30th inst., and 6th January; Mr. J. McLeod at Cardigan and Dundas on 23rd inst., and at Brookfield on 30th inst., and 6th January; Mr. J. K. Fraser at West Cape, Campbellton and Miminigash on 23rd and 30th inst., and 6th January.

SPECIAL DESPATCHES TO THE EXAMINER.

A Brutal Murder.

BIRMINGHAM, Ala., Dec. 9.

On Saturday the body of Mrs. Emma Hawes was found at the bottom of a small lake near her home. The head was crushed by an axe, and heavy iron weights were tied around the neck, waist and feet. Richard Hawes, her husband, who was already in jail for the murder of his child, was suspected, and threats of lynching were freely made. A mob made an attack on the jail at 11.30 last night. As they approached the jail alleyway leading to the jail, the officers inside called on them to halt, which they did not do. The officers then fired with Winchester rifles and pistols, and the firing was terrific for fifteen minutes on both sides. None of the officers were wounded, but over twenty of the mob were killed and wounded. Among the wounded is H. B. Thorckmartin, Postmaster of Birmingham, who was endeavoring to persuade the mob to disperse. Adolph Sheehy, of the Louisville and Nashville Railway, was also fatally wounded in the mob. The patrol wagon carried off the dead and wounded to the hospital. Some 500 rounds were fired. Guards are now in possession of all streets leading to the jail. The bullets fired by the mob whistled around those confined there. The first volley killed three men instantly and fatally wounded seven, and wounded more or less seriously about 30 others. Colonel Jones, of the second regiment of Alabama State troops, arrived this morning with five companies, and is confident of his ability to prevent any further attempt at mob violence.

Subduing the Strikers.

KANSAS CITY, Mo., Dec. 9.

Governor Morehouse, now at Bevier, has ordered out the militia, and Col. More will leave at six o'clock in the morning with two companies of the Third Regiment for the scene of the terrible riots between Swedes and miners. The riot on Wednesday lasted all night. There were between 1,500 and 2,000 shots fired. The most of the row of business houses north of the Hannibal and St. Joe passenger depot were riddled with bullets fired by the Swedes. The rioters were located in buildings, and about a half dozen were wounded. One man, Charles Thornbold, was killed while trying to escape from one of the buildings to a shaft.

The requisition to the Dominion and local governments for assistance to the scheme is now in course of circulation for the purpose of obtaining the signatures of those who are interested in the mining industry.
