Graduation At A.C.T.C. Has Five Island Students

Five Prince Edward Islanders are numbered among the twenty-three students who graduate tomorrow from ACTC. The Atlantic Christian Training Centre

drafting in Charlottetown. He will be going back with Keith immediately after graduation. **FORMER TOURIST HOME** Home of ACTC is Bay Acres,

still wears some of the rugged, straight-shooting manner of a man of the land. Mr. Stewart did his University work in the East, acquiring his

Cut Expected This Season In Canadian Wheat Acreage

OTTAWA (CP) — Canadian farmers intend to reduce their wheat acreage this year to 20,646,200, down about 400,000 acres from last year, the bureau of statistics said Wednesday. The prospective acreage to be

seeded this year is the smallest since 1943 when a special wartime acreage reduction program was in effect.

Acreage declines also are indicated for fall rye, flaxseed, corn for grain and soybeans. Gains are anticipated for oats, barley, mixed grains, potatoes, mustard seed, rapeseed, sun-

FIRST EXPERIMENT

Mr. Stewart's first experiment with this work was a six-week summer session conducted at Berwick, N.S. During 1954, while still minister at Nashwaaksis, he guided a special committee to the choice of Tatamagouche as a permanent site for the Centre.

Since the Centre's opening in 1955, a total of 1500 persons have assembled there for workshops, retreats, conferences, schools for rural choirs and other short courses.

Plans now call for the erection of a new, more commodious Centre on the same site. Included in the building program designed by Charlottetown architect, Keith Pickard, is a \$110,000 main building which will include classrooms, a chapel, a library, offices, an assembly-dining room and kitchen facilities. Architect Pickard's de-

sign was approved last fall; construction is scheduled to commence this summer.

FURTHER EXPANSION

In 1959, a men's dormitory, housing 20 in winter with a summer capacity of 40 will be built, and two additional duplex bungalows for married students will be added in 1960.

Who comes to ACTC? The average age of this year's class is twenty-one. There are eight high school students, three stenographers, three sales clerks, two waiters, two housewives, two bank clerks, two draftsmen, a nurse, and a salesman. Two of the class come from Bermuda, three from New Brunswick, four from Newfoundland, and nine from Nova Scotia, in addition to the five from this Province.

flower seed, spring rye and summer fallow.

Acreage seeded to all classes of wheat, at 20,646,200 acres, compares with the 1957 figure of 21,030,300. The total for this year is 4,100,000 acres or 16 per cent below the 1952-56 average.

NEAR RECORD SUPPLY

Last year Canada produced about 373,500,000 bushels of wheat. This, with previously unsold reserves, meant that Canada entered the current crop year last Aug. 1 with near-record supplies of some 1,096,000,000 bushels.

HIGHEST FALLS

Venezuela's Angel Falls, called the world's highest, include one 2,648 feet in a total of 3,212 feet.

SHIRLEE GREEN and Mona Mayhew, two of the Islanders attending the Atlantic Christian Training Centre, hold morning devotions at the breakfast table.

in Tatamagouche, N.S. All members of the United Church, the Island graduates of the eighteen-week winter course that began last November are: Lawrence Lewis, Cascumpec; Shirlee Green, 80 Green St. Charlottetown; Shirley Cameron, Albany; Mona Mayhew, Margate, and Aubrey MacKinnon, formerly of the Montague district, now residing in Charlottetown.

Lawrence Lewis is a member of the Cascumpec United Church. His father is Mr. Harry Lewis, a farmer there. Lawrence actually comes from Charlottetown where he was working in the Singer Sewing Machine Co. He left his position to attend the Centre and do his Grade XI High School studies at Tatamagouche Rural High School. Lawrence has been out of High School for a number of years and has been working.

Shirlee Green is from 80 Green Street, Charlottetown. Her dad is Mr. Preston Green. She is a member of Trinity Church. She has one year at Prince of Wales and plans to attend Mount A. next year. Shirlee's musical training and ability have been a real asset, the school director noted.

Shirley Cameron is from Albany. Her father is Mr. Lor-e Cameron, a farmer. She is a member of the United Church there and a teacher in the Sunday School. She attended the Centre last summer for a two-week course in leadership. After seeing the possibilities of further training, she arranged to get away from her job with the Bank of Nova Scotia at Albany to attend the eighteen-week winter course. She expects to be returning to Bank work.

Mona Mayhew is a Grade XII graduate from Kensington High School. Her father is Mr. George Mayhew, a farmer at Margate. She was an assistant leader in the Mission Band and was active in C.G.I.T. work, having attended National C.G.I.T. Camp in Ontario back in 1956 as PEI representative. She was a convener on the Central Presbytery Y.P.U. Executive last year.

Aubrey MacKinnon is from a rural route outside Montague and was working with Keith Pickard, Architect, prior to coming to the Centre. His father is Mr. Guy MacKinnon, who is now with the Eastern Car Co. in Trenton, N.S. Aubrey worked with Keith Pickard for two years, prior to which he took a course in architectural

SLOW DOWN AND LIVE

Driving upon the public highways is a privilege as well as a legal right.

We owe it to ourselves and to the other driver to have our cars in good working condition; to drive at moderate speed; to observe all traffic rules and to DRIVE CAREFULLY.

This aim combined with adequate Insurance Cover will bring relief from anxiety in many Canadian homes.
