

Workshop Patterns
by Ruth Wynn Spore

MERRY CHRISTMAS

This Santa on the roof is starting down his own private chimney with his pack of gifts for all the family. The piece is cut out of a panel of hardboard with enough left over to make the words Merry Christmas in letters nearly a foot high. By using the pattern available to readers no special skill is needed. All one has to do is to tape the pattern to the material and trace the saw lines and spaces for the realistic colors. The pattern is complete in all details including mounting directions. The price of the pattern is \$1.50. It will be sent by first class mail if 10 cents is enclosed for the extra postage. Guardian Pattern Dept., 4433 West 5th Avenue, Vancouver, B.C.

Bringing Up Baby

Hints Collected by Mrs. Ben Gerber (Mother of 5)
Just because winter is on the way is no reason to skip baby's daily airing. (Unless it's a rainy or unusually cold day.) Babies thrive on cool fresh air. It rouses the complexion, makes little appetites "rise n shine." A few helpful reminders:
• Check weather reports before venturing out.
• Clothing should be cosy, but comfortable. Tight bundling restricts circulation.
• A smidge of baby oil, rubbed lightly over baby's face is a good skin preventive.
• A square of sheet plastic is a good carriage accessory in case you're caught in a storm.

Winter or summer baby needs a daily quota of proteins for growth, strength and the development of all body structures. Gerber protein-rich Strained Meats fill the bill. Only savory, selected cuts go into these special meats for babies. After careful trimming, they're pressure cooked with special care to preserve fine quality, delicious true-meat flavors. Most of the fat and fiber is removed, so even tiny babies can digest them as easily as milk.

P. S. There are 6 Strained Meats for little ones & 3 evenly-minced Junior Meats for tots with a few teeth.

8 tips on the same subject. How to snip baby's fingernails? Two mothers suggest these ways: (1) Run baby's fingernails through a bit of baby powder so you can see exactly where to snip. (2) Seat baby in your lap in front of a mirror. Self-reflected glory can do a lot to distract baby.

End of a meal treat that may well call for a repeat order. That's Gerber Strained Fruit Dessert—a winning combination of orange juice, pineapple juice and plump apricots—blended with a touch of tapioca for the most delightful texture ever. Gerber-Ogilvie Baby Foods, Ltd., Niagara Falls, Canada.
