FLOUR ABUNDANT IN SOUTH AFRICA

OTTAWA, Jan. 7.—In a report to the Department of Trade and Commerce, P. W. Ward, Canadian Trade Commissioner at Cape Town, reports that the South African market is flooded at the present time with imported flour. The Government, he says, has from fifteen to twenty thousand tons of its flour purchase from Canada lying idle in its warehouses. The new season's crop promises well, with the result that there does not seem a possibility of any further shipments of flour or wheat being required from Canada for many months.

Husband and Wife Are Both Benefited

MRS. STEPHENSON FEELS IT HER DUTY TO RECOMMEND DODD'S KIDNEY PILLS

Victoria Lady who suffered from Pains in the Back tells of the Relief she Sought and Found.

VICTORIA, B. C., Jan. 7th (Special).—"Both my husband and myself have obtained great relief through using Dodd's Kidney Pills."

So says Mrs. M. Stephenson who lives at 1919½ Belmont Ave., this city. "For two years on and off," she continues, "I have taken them for pains in the back and found great relief. I've taken them too with hot lemonade for a cold and got splendid results. I feel it my duty to tell what a splendid remedy Dodd's Kidney Pills are. I always recommend them to my friends.

Dodd's Kidney Remedy. They act directly on the Kidneys, strengthening them and putting them in condition to do their full work of straining the impurities out of the blood. Dodd's Kidney Pills have been in use in Canada for more than thirty years. They demonstrated their worth in the most serious forms of Kidney Disease, such as rheumatism, dropsy and diabetes. They have also done splendid work in strengthening sick Kidneys to ward off serious diseases.

Ask your neighbors if Dodd's Kidney Pills are not the best Kidney Remedy.

Ex Premier on Disarmament

OTTAWA, Jan 7—Sir Robert Borden replying to a request from the New York World for an expression of opinions on disarmament says:—"I sympathize most deeply and earnestly with every reasonable proposal for the reduction of armaments.

"Untold sacrifices endured in the great war will have been wholly in vain if the nations are still to compete in the mad struggle for supremacy in the power of destruction. The enonomic folly of such a policy is too manifest to be gainsaid.

"Is there too much sorrowful and bitter protest from millions on the verge of starvation in Europe and Asia which must ring in the ears of every thoughtful man?"

The Path to Ruin

"Continued competition in armaments assuredly brings the nations to the path that leads to the ultimate disintegration of existing civilizations. The foundations of which have already been rudely shaken. How can it be otherwise if those who ask for bread, civilization gives armaments?

"In the boundary between Canada and the United States, unfortified for more than a century save by common trust, which has never been violated and in the ultimate friendship which that just confidence has maintained and strengthened we have given to humanity a lesson which ought never to be forgotten in the determination of this supreme question.

81 Year Old Miner Makes $90 Weekly

PITTSBURG, Jan 7—Davy James, a little old Welshman, who lives at Banian is the youngest old man in Clearfield County. Davy learned to mine coal in Wales many years before he came to America. He never forgot how and despite the fact that he has passed his eighty first milestone, during the last year he has been one of the most dependable miners Thomas McGlynn of Madera has on his pay roll.

The veteran miner, despite his years never lost a day the mine worked during the last summer and fall, and his pay cheques for each two weeks during the entire fall and summer have averaged not less than $170 and from that up to $190.

Miners are willing to wager real money there is not another eighty one year old kid in Pennsylvania or any other State able to equal Davy James's record.

Rheumatism - Relief

FROM ITS DREADFUL PAINS AND ACHES, STIFFNESS, SORENESS

Is properly to be sought in a good blood medicine, because authorities say rheumatism is a blood disease: acid has entered the blood, settling in the muscles and joints. That's what makes the sharp, sudden, shot-like pains, causing you to jump and cringe in agony.

Hood's Sarsaparilla comprises remedies that every physician prescribes for rheumatism, combined with other blood-purifying tonic and strength-building ingredients in a formula vastly superior in make-up and in curative power. It does give postive relief. Thousands say so, So will you. For a fine laxative take Hood's Pills.

Cancer is Proved To be Infectious

LONDON, Jan. 7. — Positive proof that cancer is infectious was produced before the Academy of Sciences by Professor Roux, of the Pasteur Institute, who declared that the conclusions of the Rockefeller institute that the disease is incommunicable are founded on misapprehension.

Experimenting with fowl, Professor Roux is collaborating with Professor Paine, of London, who discovered that cancer is caused by an invisable virus, which defies all filtration and is susceptible of spreading by infecting neighboring tissues and muscles. These cancerations ultimately lead to death.

Medical scientists regard the discovery as most important, as it opens up the road to new experiments.

PREMIERS' CONFERENCE TO DECIDE ON CHANGES IN NATURALIZATION

LONDON, England, Jan. 7.—Changes in the naturalization regulations of Great Britain and the dominions, which the Canadian Government has advocated in order to secure a uniform practice throughout the Empire, will have to wait until the conference of the Premiers next June. The Rish Hon. C. J. Doherty, who has the matter in hand, has been informed by the British authorities that so far the other dominions have not taken the same interest in the matter as has Canada, and an expression of their wishes is still lacking. The matter will accordingly be brought up in June. Mr. Doherty had a preliminary conference with the British authorities to-day in connection with the proposed amendment of the British North American Act, and the discussion is still pending.

TRADE AGREEMENT IN CANADA'S FAVOR

LONDON Jan. 7.—All formalities having been complied with, the modus vivendi for the new commercial agreement between Canada and France has now been delivered to the French authorities.

At the last moment certain further modifications favorable to Canada were offered by the French authorities and accepted.

This happy outcome is attributable mainly to the efforts of Senator George Foster in approaching the French authorities. The Senator is at present ill in France, and had to cancel an invitation to speak in London as a result.

IN MEMORIAM

JOHN McADAM

The gloom cast over the vicinity of North River on hearing of the death of one of her most gallant sons in the person of John McAdam will take many years for complete obliteration.

Mr. McAdam is another of the many victims of the great war, having enlisted during its early stages in the 96th Highlanders of Saskatoon and was afterwards transferred to the 13th Canadian battalion. While serving with this battalion at Hill 70 during 1917 he received gas and also a gun wound in the wrist. After having undergone treatment in France and England he was invalided home during the spring of 1918. As a result of the gas received at Hill 70, which baffled all medical skill, he finally succumbed in the military hospital at Kentville, N. S. on Sunday, January 2nd at the early age of 29 years.

The large cortege of friends which attended his funeral on January 5th from his father's residence in North River to East Wiltshire burying ground showed the esteem in which he was held by all in the community. The following were the pall bearers: Col. Dr. J. S. Jenkins, Lieut. Charles MacArthur, Lieut. Andrew McEachern, Privates T. A. Cass, Whitfield, Yeo and John Jewell.

To the bereaved family the Guardian extends its sincerest sympathy.

CORPORATION PROPOSED IN LONDON TO ASSIST RUSSO-BRITISH TRADE

LONDON, Jan. 7.—Proposals for the formation of a corporation capitalized at 10,000,000 pounds for the purpose of facilitating trade with Russian and Great Britain, which it is understood had been approved by the government and Leonid Krassin, Russian Soviet representative, is announced by the London Times. The plans await the action of the Russian branch of the London Chamber of Commerce on January 12.

The corporation, the capital of which will be subscribed equally by Russia and Great Britain, the Times says, will be controlled by a Board of Governors selected by both countries, the Russian organization operating as a department of the Soviet Government. The expenses of administration will be met by the collection of small percentages on small purchases and sales and financial operations.

The British Government, the Times adds, is prepared to advance a special credit fund equal to half the British capital as a loan, free of interest for ten years. The corporation would buy from and sell directly to the British manufacturers and traders at competitive prices, the privilege to be open to all firms, whether members of the corporation or not. It is understood there is some opposition on the part of industrial interests who have claims against the Soviet for the seizure of their property in Russia.

It's the characteristic fragrant aroma of MASTER MASON that has made it so popular with discriminating smokers—But it has other qualities: it burns longer, holds its fire better and is sweeter than most pipe tobaccos.
