We perceive that the Government have decided to run a sailing packet between Cascumpec and Charlottetown. We presume that she will call at Summerside when the weather permits. This is one step in advance. We hope that the next step will be to place a steamer of light draught on the waters of Richmond Bay. By means of such a steamer, and a short line of railroad or a canal across the Peninsula, the good people of Tignish, Alberton and Malpeque could have daily communication with Summerside, during the whole season of navigation.

The "Heather Belle" is also to run between Souris, Georgetown and Charlottetown. The inhabitants of the Eastern end of the Island will find this a very great convenience. To add to our means of intercommunication by steamers is the most feasible and infinitely the cheapest way of bringing distant parts of the Island into close and familiar relation with each other.

We are glad to learn that the Hon. James Yeo has so far recovered as to be able to go out again.

We have received a copy of a neat little music book called the "Provincial Melodist,"—a very nice collection of hymns and tunes. We think it should be in every home circle and Sunday School.

Godey's Lady's Book for June has come to hand. The steel plate called "The Farm Yard," is a picture that will be understood by every child of the country. The fashion plate is very gay this month. There are some nice patterns of fancy work, and the latest styles of wearing the hair which out-tops even the waterfalls. The reading matter is, as usual, interesting.

Oats are in good demand at 2s 6d per bushel, potatoes at 2s 1d, oatmeal at 18s per hundred, eggs at 8d per dozen, butter in poor demand at 11d per pound.

We observe by the Sackville *Borderer* that at the recent examination of the Sackville Academy, the degree of B. A. was conferred on Mr. Thomas Rogers, of Bedeque, in this Island. Mr. Rogers has, we learn, now completed his studies, and intends entering the Wesleyan Ministry. We wish him every success, and trust that he may be "wise to win souls" The degree of N. L. A. was conferred upon Miss Mellish, of this Island.

Hanford's Price Current for May 29th has just come to hand. A small lot of barley from P. E. Island sold for 87½ cts. Flour is declining a little; there is plenty of room for it to do so. Oatmeal is quoted at $7.50 a $7.75, for 200 lbs. Oats 53 a 58 cents.

The Constitution and Bye Laws of the Summerside Benevolent Society are on sale at our Book Store—price 6d. per copy. We have been requested to state that the amount paid for the printing of the above pamphlets was not taken out of the funds of the society, as the amount realized from the sale of them was appropriated to this purpose.

We publish to-day a very interesting letter from an old friend of ours in Boston. We are most happy to open our columns to him, and trust this is not his last.

We have received a lot of late Newfoundland papers from our old friend Mr. J. P. Wood, Photograph Artist, who is now in that place. He will please receive our thanks.

Washington, May 28.

The news of the capture of Queretaro, Emperor Maximilian and several of his officers by Juarez creates considerable excitement in this city, particularly the report that Juarez has ordered the captives to be shot. Although Juarez did not give positive assurance to the United States messenger that Maximilian and his officers should not be shot, it is believed in official circles that he will regard the wishes of the United States authorities in this matter and spare the lives of his prisoners.

During the Process of Teething, Every Mother should give her child Mrs. Winslow's Soothing Syrup. It relieves the child from pain, softens the gums, cures wind colic, and sure to regulate the bowels. Gives rest to the mother and relief and health to the child. Perfectly safe in all cases, as millions of mothers can testify.

Coughs and Colds are often overlooked. A continuance for any length of time cause irritation of the Lungs or some chronic Throat Disease. *Brown's Bronchial Troches* are offered with the fullest confidence in their efficacy, giving almost invariably sure and immediate relief.

I have been afflicted with a very troublesome humour in my face for six years and have tried many prescriptions to little or no avail; but having heard of J. B Fitch's Golden Ointment I was induced to try a box, by the use of which I am cured; and believe it my duty to recommend it to the public.

If an accurate fit, a stylish cut, and superior workmanship can ensure customs he flatters himself he shall not be without patronage from the tasty and discerning. Every trade requires brains, and none more so than the art of cutting and making up a garment to fit every variety of the human form; but some people seem to imagine that it requires no more judgment to cut a coat than to hew a log,—an erroneous idea, the effects of which are seen in the ill-less and ill-fitting garments we every day behold in the streets. There is no earthly reason to prevent us Provincialists from being as elegantly and fashionably dressed as the Americans, and the subscriber will use his best endeavors to reach a "consummation so devoutly to be wished."
