OUR \$2.75 WATCH, made by the Waterbury Watch Company, will not last as long as the more expensive Watch, but is just the thing for a boy attending school or for boating or fishing parties, saving the risk and yet doing the work of the better Watches.

OUR \$4.50 WATCH, made by the same Company, only better quality, is short wind and jeweled.

OUR \$7, \$10, \$15 AND \$20 WATCHES are correspondingly better goods. You will be safer in trading with us than by sending to irresponsible parties at a distance, and who, if a misprising break or anything goes wrong, are too far away to send to. We are here to guarantee and stand by every Watch we sell.

HOW TO MARK THE BALLOTS.

Be sure and mark your ballot for the Liberal Conservative Candidates.

The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot paper in the ballot-box.—Ballot Act, Sec. 46.

No voter should make any mark on the ballot paper save one cross on any part of the ballot paper within the division containing

the candidate's names for whom he intends to vote. If the voter writes his name or initials, or any marks except the X he makes his ballot worthless.

A simple cross upon the ballot for your candidates will assist in electing them. Any other mark or writing will contribute to their defeat.

1. Poll opens at 9 o'clock a. m., and closes at five o'clock p. m.

2. Vote early.

3. See that your Liberal-Conservative neighbor votes early also.

4. If you have a sign, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.

5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.

6. Poll every possible vote; the loss or gain of a single vote in each polling division may make all the difference between victory and defeat.

7. Each Liberal Conservative should vote as though the result of the election depended upon his individual exertions.

8. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.

9. Electors can only vote at the polling division where their names are registered.

10. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.

"Our Liberal friends, Fielding and Longley, of Nova Scotia; Davies, of Prince Edward Island; Mercer and Laurier, of Quebec; Cartwright, of Ontario, and a host besides, look to us, the people of the United States, for the sign by which they shall conquer."

Slim Majorities.

At the grit meeting in the Lyceum on Thursday, Mr. Fred. Peters named several Conservatives who had been elected by slim majorities. He should have been honest enough to give the other side. In order to assist him, we give below a partial list of the grits whose majorities were under 100:

"I could never consent to the Zollverein policy for obvious reasons, but I cannot conceive why any one should object to reciprocity free trade secured by treaty and not inimical to the interests of Great Britain as the heart of the Empire. I shall feel it to be my duty to vote in the direction of these remarks in Parliament."—Hon. Alexander McKenzie, 1891.

Postal Irregularities.

SH.—Is there any excuse for the following delays and irregularities in postal service?—

(1) A letter posted in, and stamped Montague, 18th February, was not put in my box until 21st, although it was stamped Charlottetown, Feb. 20. (2) Post card stamped Summerside, 18th, received 24th, not stamped Charlottetown. (3) Letter stamped Summerside, 23rd, and Charlottetown, same day, not received until 25th, when it was taken out of the box with a second letter posted at Summerside, 25th. There can be no mistake as to the letters in question not being in the box for the box was in each case visited a few hours before and found empty. Two of the communications contained business orders, the first one was most important and too late to be executed thereby causing great inconvenience to a large number of people. The last letter delayed also involved an important matter. I had to telephone to Summerside for a verbal reply, and my answer was, "Did you not receive my letter." The mails are of course very irregular. Why should this be? Mr. Brecken should see to the docks at Summerside and Charlottetown.

MERCHANT.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup has been used by millions of mothers for children teething for over fifty years with perfect success. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as bright as a button. It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

At Oshawa, Ontario, Feb. 8, Mr. W. C. Scott asked Sir Richard Cartwright, "Does the Liberal party favor discrimination against Great Britain by admitting American manufactures free, and taxing the manufactures of Great Britain?" Sir Richard Cartwright's answer was short but decisive. He said: "Certainly we do."

Mr. Farrer, a man of great ability, as I happen to know, and a man of utter want of principle, as I happen to know. He is now the editor, philosopher, and friend of Sir Richard Cartwright, and the controlling influence over that great, that glorious and consistent newspaper—the Globe.—Sir John at Toronto.

Acrostic Sonnet

ON SIR JOHN A. MACDONALD'S PATRIOTIC APPEAL TO HIS COUNTRYMEN.

Join hands, ye men of proud Canadian birth
O'er this our noble chieftain's last appeal.
He calls to arms, with patriotic zeal,
Now let us smite the traitors down to earth.
Armed doubly with just cause, is surely worth
More than a traitor's craven heart can feel.
And with your votes strike for your country's weal,
Confounding these base schemers of the north.
Did Spartans to the foe their country sell?
On history's page stands out Thermopylae.
Now strike for country, "Canada free,"
And future ages will the country tell.
Long live our chief! long has his service been,
Down with sedition, and God bless our Queen.
