

FAMOUS NAME CROPS UP

As the federal election campaign swung into high gear, a big name in Canadian political history was again in the newspapers—but this time in the birth column. Four-day-old William Lyon Mackenzie King IV, the great-grand-nephew of Canada's prime minister for 21 years between 1921 and 1948, is shown with his mother. His father is Dr. W.L.M. King of Toronto. Trap And License Limit Said Lobstermen Need

Pointing out that an opinion survey conducted by the Prince Edward Island Fisheries Federation and the department of fisheries at the beginning of this year's lobster seasons disclosed that lobster fishermen are virtually unanimous in wanting a lobster trap and license limit, John Mullally, former Liberal member for Kings and a candidate in the Nov. 6 election, said that he and his fellow Liberal candidates would urge the adoption of regulations to meet this problem.

The trap survey, Mr. Mullally stated, covered 1,401 fishermen of whom 1,365 requested the establishment of a lobster trap limit per boat and out of 1,378 surveyed, regarding licensing, 1,263 also wanted stricter limitations on lobster licenses.

Directly associated with the lobster fishing industry, Mr. Mullally explained that the lobster industry is a very valuable but limited natural resource in this province.

FUTURE AFFECTED

"Unless some action is taken immediately to preserve this valuable source of income," he said, "the future of lobster fishermen on the island could be seriously affected. We go on the way we have been, the result will be that our men presently engaged in lobster fishing will not be able to make a decent living."

Trap and license limits would not only preserve the lobster industry for fishermen but would also greatly reduce the cost of operation, said Mr. Mullally.

"I have frequently discussed this matter with Fisheries Minister Robichaud and he has assured me that he favors such regulation provided that is what the fishermen themselves want. Now that the fishermen have declared their position, I am sure that the desired action will be taken."

Mr. Mullally complimented the fishermen on taking the initiative to find a solution to their own problem. "This involved a great deal of work on their part," he said, "and it is my earnest hope that they will continue to keep their progressive organization strong and alert."

Milk Producers Elect Executive

Hon. A. B. MacRae, minister of agriculture, emphasized the importance of quality milk production at a meeting of the Prince Edward Island Fluid Milk Association held at Birch Court, Arthur MacRae, Sherwood was re-elected president and James Johnston, Summerside was elected vice-president.

New directors for Kings County are: Kenneth Coffin, Souris, and John Walsh, Georgetown.

Four amendments to the constitution were approved. They provided for the setting up of separate producer and processor sections in the association. Each section will meet for the first time before Oct. 15.

Considerable discussion took place on the powers of the Milk Control Board and reference was made to the fact that the Board members are poorly compensated for their time and effort.

Injured Children Given Treatment

MONTAGUE—Two children were rushed to the Kings County Memorial Hospital yesterday about 3 p.m. following an accident at Greenfield.

They were the six-year-old daughter and the nine-year-old son of Mr. and Mrs. Arthur J. Pater.

The accident occurred when the children were on their way from school. The young lad said they did not see the car as they stepped into the road. Although cut and severely shaken up they were released from hospital last night.

The driver of the car, Billy MacLeod of Valleyfield, rushed the two children to the hospital in Montague.
