## Green Sickness or Chlorosis

Just at the threshold of womanhood, that trying period when the whole system is undergoing a complete change, many a girl falls a victim of chlorosis or green sickness.

Her disposition changes and she becomes morose, despondent and melancholy. The appetite is feeble, digestion is imperfect, and weariness and fatigue are experienced on slight exertion.

Chlorosis is much like anaemia because it arises from poor quality of blood. Iron and such other restoratives and blood builders as are combined in Dr. Chase's Nerve Food are demanded by the system.

The regular and persistent use of Dr. Chase's Nerve Food cannot fail to benefit any girl or young woman suffering from chlorosis, anaemia or weakness and irregularities which result from poor blood and exhausted nerves.

Dr. Chase's Nerve Food, 50 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto.
