GOVT. FORCES IN CONTROL OF MALAGA

(A. P. By Guardian's Special Wire) GIBRALTAR, July 20—British officers arriving here tonight from Malaga, in the Spanish province of Malaga, said government forces numbering more than 10,000 still had possession of Malaga City, Marbella and adjoining town.

Revolving Moroccan troops, however, held control of towns near Gibraltar, said the officers who reached here on the tug Noel Birch with their families.

They declared blood had been shed in many streets which they saw. The Gibraltar police force was enlarged with the enrollment of 40 special constables as a precautionary measure.

The refugees reported continuous shooting in Malaga. It was also reported two bombs dropped by a Spanish plane between Gibraltar and Tangier fell near the British steamship Ghibel Dersa, but the ship was not hit.

DEATH CONFIRMED LISBON, July 20.—(C.P.—Havas)—The death of General Jose Sanjurjo, believed by many to have been a prime mover behind the revolt sweeping Spain, was confirmed here tonight.

Sanjurjo was burned to death when the open cockpit plane in which he and pilot Ansaldo took off from Casares, near here, crashed and burst into flames. Ansaldo was critically injured.

It was understood Sanjurjo was heading for Spain to take an active command of the rebellion. (A.P. By Guardian's Special Wire) RABAT, French Morocco, July 20—Rebel troops tonight announced a reinforced march from Spanish Morocco designed to "conquer" of the mainland in the face of a strange fleet of seven loyal warships.

(A French report from Gibraltar said four Spanish warships already were bombarding Ceuta, Moroccan port). The insurgents, who seized the Spanish Moroccan zone in a san-

Pitched Battle Imminent At San Sebastian

(By Elmer W. Peterson) (Copyright 1936 by Associated Press) BIARRITZ, France, July 20—A pitched battle between Spanish rebels advancing from Pamplona and workers armed by the government appeared probable tonight at the important northern city of San Sebastian.

As this correspondent left San Sebastian with more than 300 foreigners, all roads into San Sebastian were barricaded with sandbags and metal oil-drums. There were reports the insurgents had blown up several important bridges as they moved on the city.

We departed from the danger zone in eight vessels, all flying red flags as a badge of safe conduct through the Leftists supporting the government, and were brought to the French border.

Gangs of workers raced through the streets of San Sebastian in commandeered autos, with shot-guns and revolvers pointed menacingly out of the windows. Sounds of sniping were heard constantly almost everywhere in the city.

No estimate of the number of dead or wounded in the region was available in San Sebastian, although it was generally considered high. Our flight to the frontier climaxed a weekend during which the foreign tourists huddled in their hotels behind drawn steel blinds, unable to venture forth while chaos reigned in the streets.

Presents and children along the road over which we travelled to the frontier shook clenched fists in approval at the red flags flying on the radiator caps of the buses. Frequent stops were made to remove makeshift barricades from the roads.

Cars filled with heavily-armed Leftists, wearing red Socialist and Communist badges, led the caravan and brought up the rear.

Churchill Warns Of German Preparations (A. P. By Guardian's Special Wire) LONDON, July 20—Foreign Secretary Anthony Eden carried on negotiations today with Ambassadors Charles Corbin of France and Baron Emil Cartier De Marchienne of Belgium to arrange preliminary Locarno security talks as defence minister Sir Thomas Inskip assured Parliament all steps were being taken to increase Britain's fighting strength.

Eden also requested Sean Lester, Irish high commissioner in Danzig for the League of Nations, to furnish a full report on the situation there as a result of the anti-Jewish and other decrees issued Saturday by Dr. Arthur Karl Gessler, Danzig Senate President, to crush Nazi opponents.

CAN. LEGION OFFICIALS ENTERTAINED

(By Capt. W. W. Murray, M. C. Canadian Press Staff Writer) PARIS, July 20—Co-operation between people of French and British stock is an established fact in Canada, Hon. Ernest Lapointe, Canadian Minister of Justice, told guests at an official luncheon given today in honor of the Canadian Legion official party, visiting here prior to dedication of the Vimy memorial next Sunday.

From Canada's experience, Mr. Lapointe pointed the lesson that greater unity in European international affairs is possible. "Canada has solved the problem of racial diversity," he said. "The equality of British and French cultures is preserved and developed to the advantage of both."

Yvon DeLois, French minister of foreign affairs, acted as host and welcomed the Canadian party and Canadian government representatives. He voiced the pleasure of France in receiving men "who 20 years ago fought for her deliverance."

Replying, Brig. Gen. Alex Ross, President of the Canadian Legion, assured France that Canadians were prepared to play the same part in the preservation of peace which had featured their effort in wartime.

During the war, said General Ross, some 450,000 Canadians had joined France and her allies to ensure the victory they believed essential in the interests of mankind. However the value of this contribution may be appreciated by the fact that Canada was not indifferent to her responsibility "for the defence of right."

The Canadians had left France hopeful that from the experience of the war the world might seek to avoid a recurrence of another such catastrophe. "The years had not realized that hope, and again there were days of anxiety and trouble."

"But the Canadians are coming again, this time as an army of peace, to show you that we have not forgotten, that we are still prepared to play our part for the common good," said the speaker. "We left you an army of young men, we return an army of older, aging men, but men who still remember France and her people—men who saw your beautiful land devastated, your people living and working in the shadow of death, who remember the courage, the fortitude and the undying patriotism of the people of France."

Appointed To Serve On Coronation Com. LONDON, July 20.—(CP Cable)—The Prime Ministers and high commissioners of the Dominions tonight were appointed by King Edward to serve on a special coronation commission.

The appointments, it was stated, were made with the object of recognizing the equal interest of the Dominions with the United Kingdom in the crowning of the new King in Westminster Abbey next May, and of harmonizing the ancient traditions of the realm with modern constitutional requirements.

Govt. Announces Rebellion Crushed

Conflicting Reports Received From Scene Of Revolt—Military Uprising In Capital Put Down. (By Alexander H. Uhl)

(Copyright 1936 By The Associated Press) (A. P. By Guardian's Special Wire) MADRID, July 20—Spain pounded out a military uprising in its leftist capital with artillery and airplane bombardment today, announced confidently it was smashing revolution throughout the country and rushed a loyal peasant army against rebel strongholds.

In an official radio broadcast, civil guards in Zaragoza, one of two sections which the government admitted still was troublesome, were ordered to give up their arms to advancing peasants. Zaragoza is in northern Spain.

(Police officials at Hendaye, on the French side of the Franco-Spanish border, estimated from refugees' accounts that 25,000 persons had been killed in the Spanish revolt.

(Indications that the government might be gaining the upper hand in southern Spain were seen at Hendaye, however, in the fact that a radio station at Seville was broadcasting government orders. The station for two days has been the chief source of rebel news from Spain proper.

(A British dispatch from Madrid said the government had announced the rebellion "completely crushed." However, there were reports in France of events for the Leftist government, both in southern Spain and in Barcelona, on the northeast coast.

(Unconfirmed reports reaching Paris said 200 persons had been slain and 3,000 wounded in Barcelona alone as the revolt spread to that northeastern city.

(Airline passengers said that government planes were bombarding Barcelona arsenal and artillery barracks and that many buildings were aflame.

(Franco-Spanish border points heard the southern provinces also were in the hands of rebels who were advancing northward, with Malaga in flames.

(At Irún, Spain, on the border, British tourists said armed Leftist civilians were considering marching to Madrid to repel insurgents said to be advancing from the south.

(In Morocco, said Paris reports, 69 were dead and more than 150 wounded.

SEVILLE IN REBEL HANDS

(C. P. By Guardian's Special Wire) PARIS, July 21.—(Tuesday)—The Seville radio station, which had apparently switched from rebel to government broadcasts last night, issued a new rebel communique this morning, in denying its claims the Spanish government admitted the station was in rebel hands.

It was explained that the ultimatum to all rebels to surrender, apparently broadcast from Seville, which had given rise to the belief that government forces were in control in the city, had actually been sent out by another station on the Seville wave-length.

This morning's communique issued by rebel Commander Gen. Francisco Franco stated that two regiments muffled in Madrid last night.

The statement said one regiment captured Cuatrovientos airport, military and passenger terminal just outside the capital, while a second refused to turn over 41,000 firearms with which the government had intended to arm militia.

Ex-King Alfonso Gives Views On Spanish Revolt (Copyright 1936 by the Associated Press) MARIENBAD, Czechoslovakia, July 20—Former King Alfonso of Spain tonight authorized the Associated Press to say he does not consider the Spanish revolt to be a movement toward restoration of the Bourbon monarchy.

"The Monarchists and Republicans are fighting together against the Leftist regime," said the former monarch, reached at the Metterich castle in Koenigsgraw.

"The present revolutionary movement in Spain is not a fight of Monarchists or of Republicans—for or against restoration. It is a national movement."

Alfonso said what he wanted for Spain was "rescue from the Leftist government, from a regime of daily murders and disorders."

"My only desire," he said, "is inauguration of a regime of peace and order and the coming to power of a Rightist government supported by the army."

Was Here, Now Unemployed (C. P. By Guardian's Special Wire) TORONTO, July 20—Three months ago he was a hero, his name known to millions the world over. Today, Billy Bell, of New Glasgow, N. S., that first broke through to three men entombed in the Moose River gold mine, is just another man out of work.

In a letter to Alfred Scadding, who with Dr. D. E. Robertson was rescued, Bell says he has been laid off.

12,000 Marching On Madrid

(Associated Press) LONDON, July 24.—(Tuesday)— Reuters news agency reported early today word received at Bayonne, France, said 8,000 Spanish Monarchists and 4,000 rebel troops were marching on Madrid.

The insurgent force, reported to be under the command of General Molla, was said to be accompanied by an artillery regiment.

The province of Navarre was in the hands of the rebels, this account stated.

Increase Shown In Domestic Exports (C. P. By Guardian's Special Wire) OTTAWA, July 20—An increase of more than 75 per cent was shown in Canada's domestic exports to British Empire countries during June over the corresponding month last year, according to a report issued today by the Dominion Bureau of Statistics.

At the same time exports to foreign countries were up almost nine per cent. The United Kingdom led Empire countries, taking goods worth \$33,270,582, an increase of \$15,756,606 or more than 89 per cent, compared with June, 1935, while the United States was the best customer among foreign countries, taking goods worth \$26,462,175, a decrease of \$1,275,775 against June last year.

Canada's total domestic exports during June were valued at \$79,181,000, a gain of \$20,678,371 or more than 35 per cent compared with June last year.

Exports of wheat bounded upward, being worth \$19,668,000 against \$5,149,000 in June last year. Value of exports to United Kingdom was \$13,178,000 and to the United States \$1,228,000.

Exports to some leading Empire countries with June 1935 figures in brackets: Newfoundland \$82,744 (\$62,199); British West Indies \$723,447 (\$572,105).

R. A. F. Pilots May Fly To Aid Of British Citizens (A.P. By Guardian's Special Wire) GIBRALTAR, July 20—The possibility that Royal Air Force pilots may fly to the aid of British citizens stranded in Spain was seen tonight in military orders.

Detachments here which had been scheduled to return to Great Britain suddenly were ordered to postpone their departure indefinitely.

NATIONS SIGN DARDANELLES CONVENTION

(By Joseph E. Sharkey) (Associated Press, Foreign Staff) (A.P. By Guardian's Special Wire) MONTREUX, Switzerland, July 20—Ten nations gave final approval tonight to a new Dardanelles convention, permitting Turkish troops to enter the area surrounding the straits, demilitarized since 1923.

Japan, one of the signatories of the Lausanne Treaty under which the zone was demilitarized, was the only nation to make reservations in signing the convention.

She reserved complete liberty of interpretation of an article in which the convention concerning passage of warships engaged in punitive missions for the League of Nations or in carrying out regional pacts.

Under article 19 of the new agreement the straits—which separate Europe and Asia—Turkey will be closed to warships of belligerent nations unless they are serving under League mandate or helping a victim of aggression under a mutual assistance pact concluded within the league's framework and to which Turkey is a party.

Report Re Foxes Not Confirmed With regard to a Canadian Press news despatch from Calgary on Saturday stating that Alberta ranch foxes were dying in hundreds, Mr. G. H. MacCallum, secretary of the Canadian National Silver Fox Breeders Association, wired to officials of the C.N.S.F.B.A. at Alberta for confirmation of the report and received the following replies on Monday:

"Disease in two ranches only. Am using every precaution. One ranch in Drumheller and one in High River; not widespread. Letter follows. (Signed) Heath Bowness."

"Papers have exaggerated situation. Three ranches in Alberta with sickness. Government vet says not detemper and is not spreading so far. Am writing giving all particulars that I know. (Signed) L. R. Wilson." S.
