PROF. ALAN REESOR, which will meet each TUESDAY and THURSDAY  
at 4:15 p.m. in the Duffy Science Centre, Room 210.

# This is the bottle for the Age of Ecology.

What the world needs today are containers that re-cycle.

Because every container that isn't re-cycled becomes a refuse. Or worse still, litter.  
That's why the reusable, returnable bottle for Coke is the answer to an ecologist's prayer. On the average, it makes  
about fifty round trips before it's through. And that means fifty less chances to add to the world's litter problem.  
So buy Coca-Cola in returnable bottles. It's best for the environment—and your best value.

**It's the real thing. Coke.**

Both Coca-Cola and Coke are registered trade marks which identify only the product of Coca-Cola Ltd.

**J. & T. MORRIS LTD.**  
96 KENSINGTON RD. CHARLOTTETOWN, P. E. I.

Authorized bottler of Coca-Cola under contract with Coca-Cola Ltd.

## MARIAN OPENS HER DRAWERS

Marian Hall rules are wide open . . . for  
change. The doors to our room are also open  
and we would like to know why.

"Come my friend. Come to my room for  
a coffee and a chat, and oh, while you are  
here you can watch the girls on my floor as  
they follow their inclinations to move from  
bedroom to lounge, bedroom to bathroom  
bedroom to pop machine, etc., etc."

Let us add to the noise and confusion of  
residence life by leaving our den doors open,  
open, open. Three feet on the floor and hands  
behind your back. Prevent dirt and naughties!

ATTENTION ALL MALES:  
MARIAN HALL HOURS

Fri. 6:30- 12:00  
Sat. 2:00 - 12:30 (the last half-hours  
is for pumpkins)

Sabbath Hrs.  
2:00 - 10:00

Mon. - Thurs.  
Absolutely no admittance.

## PREGNANCY TEST....?

Fire, floods, and panty raids do not cause or  
prevent the great escape which begins when  
Mickey Mouse roars "chowtime" every Friday  
noon. You see, it's like this.....

One little, two little, three little residents, four  
little, five little, six little, residents seven little,  
eight little, nine little residents, they all leave  
Marion Hall.

To Alberton, Stanhope, Cavendish, and Rus-  
tico; Victoria, Pleasant Grove, back and forth  
to home they go.  
It's a quiet residential life,  
so come and see us Friday night.....  
All ten of us in Marian Hall.

And now it's on to Bern adine,  
to watch the now familiar scene!  
a good-bye here, a good-bye there,  
the luggage piled everywhere—  
The weekend comes and they're up  
and away  
why is it that they don't want to stay?

Some points to ponder: Is student life a non-  
existent property at this university? Are we geared  
to the totally academic side of things? Better still  
are we geared? Is this constant evacuation a  
cause or a result of campus disactivity?
