

Local and Other Items.

DRILL.—No. 2 Battery G. A., will meet for drill this evening.

CIVIC.—Regular monthly meeting of the City Council this evening.

LONG LIFE TO IT.—The *Monitor Acadian* has attained its twenty-second birthday.

ARRIVED.—The steamer *Bonavista*, with a general cargo and several passengers, arrived here this morning.

TO-NIGHT.—The Baptist Church building committee will meet this evening, at Hon. Neil McLeod's office, at 8 o'clock.

A SUCCESS.—The *Agriculturist* reports that the tea held at Ellerslie Station on Dominion Day, in aid of the Bideford and Tyne Valley Methodist Church, passed off very pleasantly and successfully, about \$200 being realized.

MILITARY.—According to advices received, we learn that Lieut. General Sir John Ross will be unable to visit this Province this week, as intended. There will therefore be no formal review of the militia as was expected.

IN THE TRENCH.—A valuable Jersey cow, belonging to Mr. Haviland, was nearly killed this morning by falling into an unprotected excavation made by the water-works contractors at the commencement of the Mount Edward Road.

A BIG ORDER.—The New Glasgow *Chronicle* says: The Nova Scotia forge company have an order to supply the C. P. R. with 11,000 car axles. The company besides manufacturing other goods in their line will turn out 1,000 of these axles a month.

NEW POTATOES.—Mrs. Jeffries, Linkletter Road, left at the *Agriculturist* office on Friday, half a dozen Early Rose potatoes, of this season's growth. They are about as large as hen eggs. A neat bouquet of potato blossoms and garden flowers accompanied them.

STRIKE.—Says the *Pictou News*: About 150 of the Newfoundland men employed on the Short Line are on strike. They claim they were promised a free passage and \$1.20 a day, whereas they have been paid only 90 cents per day and had to pay their passage money besides.

ASSIGNED.—Thomas Furlong, wine and liquor merchant, has made an assignment of his estate for the benefit of his creditors to Thomas W. Peters and George J. Chubb. The extent of Mr. Furlong's liabilities is unknown but it is stated his assets will more than cover them.—*St. John Globe*.

GOOD CONDUCT.—On Saturday evening some two hundred men in the employ of the water-works contractors received their month's pay. The total sum paid was upwards of \$3,000, and not a cent of the amount found its way into the coffers of the police court for fines this forenoon. This speaks well for the good conduct of the men.

AFTER DAMAGES.—Mr. George H. Hovey, of Fredericton, N. B., has sued Emmerson Wright and the Springhill, Mass. *Union Company*, for \$10,000 for the death of his son, last March. This is the tenth suit resulting from the fire in the *Union* office. The damages brought aggregate \$90,000. The claim is that the building was unsafe.

ISLAND GIRLS.—The I. C. R. train boys say that they can easily tell Prince Edward Island girls when they see them. They are always very giddy. The boys supply them with prize packages and collect after the contents are disposed of. The girls, in many cases, think the agent has been treating them and pay with reluctance.—*St. John Progress*.

CAUGHT IN THE ACT.—Last night about nine o'clock, two little boys named Gallant and McCarthy broke into the cellar of Sinclair & Stewart's store, on Water street, Summerside, and were in the act of filling their pockets with lemons, etc., when a passer-by saw the light streaming up through the hatchway, and had the two promising youths gathered in. This morning they appeared before the Stipendiary Magistrate and were each given two months in jail.

FLOWER STEALING.—We have been told that people are again stealing the flowers from our cemeteries. We have spoken again and again about this matter and had hoped that no more complaints would be made. But it is not so. Last week several valuable plants in the People's Cemetery were almost totally destroyed by having slips taken from them. In this instance the parties who stole the slips (whom it is pitiful to say are women) were observed, and should the contemptible work be repeated, the offenders will be punished.

DIED FROM THEIR INJURIES.—On Wednesday last Hugh Macleod went into the woods at Granville, New London, to fell trees, and while at work was struck in the head by a falling limb, receiving injuries which resulted in his death yesterday. Mr. Macleod was about forty-five years of age and unmarried.

Thomas, the youngest son of Mr. Richard Smallman, Knutsford, who was severely hurt by a horse on Thursday evening, 21st ult., died from the effects on the following Saturday morning, the 23rd ult. He was fourteen years of age.

DROWNING.—Referring to the recent drowning in a well of Mr. Nathaniel McArthur, of Tyne Valley, recorded in THE EXAMINER some days ago, the *Agriculturist* of this morning learns that Mr. McArthur, who had not been feeling well for some time, got up early on the morning of the accident, and it is supposed that he went to a field and drove his geese up to the well, which is a boxed one, to give them water. The supposition is that in showing the covering aside, he lost his balance and fell in. When found, he was erect in the water and quite dead.

MYSTERIOUS DEATH.—A little three or four year old child of Robert West, who lives at Sunny Brae (a short distance from town on the road to the rural cemetery) died very suddenly and mysteriously yesterday afternoon. The little fellow was out playing after dinner, and shortly afterwards entered the house complaining of being sick at the stomach. He grew rapidly worse and Dr. C. T. Purdy was telephoned for. When he arrived the child was in convulsions. He suspected poisoning, and applied all his usual remedies and antidotes, but without avail. The child died in about an hour. It is thought the little fellow ate a poisonous plant, or was poisoned in some other way, as he showed all the symptoms.—*Moncton Times*.

SPECIAL DESPATCHES TO THE EXAMINER.

What Davitt Says.

LONDON, July 7.

Michael Davitt, at an Irish demonstration at Glasgow yesterday, denied that there was any collision between O'Donnell and the *Times*, and he said the suit had been brought at the instigation of himself and other Nationalists in the House, that they would receive an impartial hearing from a British judge, but they had been grievously disappointed. The Attorney-General's assertion that the charges made by the *Times* would compel the Government to place Parnell and himself (Davitt) in the dock to answer the charge of conspiracy to murder, and he challenged the Attorney-General to adopt such a course. There could be no shirking of the issue. Public meetings are to be held to gain signatures to a petition, asking Parliament to take decisive measures to bring the charges against the Parnellites to a definite conclusion.

A Farewell Address.

HALIFAX, July 8.

Members of the Local Government waited upon Governor Richey on Saturday night and presented him with a flattering farewell address, expressing their high appreciation of the manner in which he discharged the duties of his office. It says he "has held the scales between contending parties with a fairness that has never been questioned." The success of Mr. and Mrs. Richey in performing their social duties was also pleasingly referred to. The Governor made a feeling reply. His Honor leaves for a visit to Europe on his retirement.

Dr. Mackenzie's Denial.

EDINBURG, July 8.

Still Another Strike.

MONTREAL, July 9.

Another strike of wharf laborers has occurred. This time the difficulty is that the drum which was used in discharging coal from the steamship *Corean* was working so that coal was discharged too fast for the laborers, who are paid by the hour. The ship owners are determined to resist their demands.
