A GENTLEMAN.

In telling what he thought a gentleman should be, Cardinal Newman once wrote: "He has his eyes on all his company. He is tender toward the bashful, gentle toward the distant, and merciful toward the absurd. In his conversation the gentleman will remember to whom he is speaking, have thought for all the company, and avoid allusions that would give pain to any of them, steering away from topics that irritate. When he does a favor to another—and he does many—the gentleman will somehow make it appear that he is receiving the benefit, instead of conferring it. He is never mean or little in his disputes. Moreover, he shows that he has an intellect far above the average in the fact that he never mistakes personalities and sharp sayings for arguments. Most of mankind do. When grief, illness or losses come to him he submits to pain because it is inevitable. Bereavement he takes with heroic philosophy, because it is irreparable. He goes to death without a murmur, because it is destiny."

A WELL MAN.

No more Robust Individual to be found in the Village.

RICHMOND, Nov. 36.—Dr. A. G. McCormick, whose letter respecting his cure from Bright's disease by the use of Dodd's Kidney Pills has recently been published, is now attending his patients and is apparently as robust a man as can be found in the village. During the four months that he was confined to the house suffering from the last stages of Bright's disease, his death was several times reported, and no hopes we entertained of his ultimate recovery. His present robust appearance is therefore all the more surprise to his residents. It is a safe prophecy that every sufferer from kidney disease in this section will henceforth try the remedial qualities of Dodd's Kidney Pills.

I am not sure I ever told you what a safe and excellent, as well as palatable cure for Coughs, Colds, Consumption and all Wasting Diseases is made in Halifax, Nova Scotia. If not, let me now say that there is no other Remedy quite as good for these ailments as PUTTNER'S EMULSION. I need not enlarge—a word to the wise is sufficient—remember it is PUTTNER'S EMULSION—for sale in your town by all the first-class Druggists, in large eight ounce bottles for 50c.

GOLDEN WORDS ABOUT HORSES.

(From the Biggle Horse Book.)

Always speak to a horse you would to a gentleman.

There is a great deal of saving of a horse in a walk.

Find some way of keeping the horses busy all winter. Thus only will they keep sound and be ready for hard spring work.

It is expensive to warm ice water inside the stock.

"MAKE HENS LAY."

Such is the caption of an advertisemen that appears not only in the local, but many leading agricultural papers, and which suggests the propriety of a few thoughts upon the subject. It may be laid down as a rule that most people indulge in raising poultry not for the pleasure it gives, but for the profit that is realized from the same, which must come from young chicks or eggs, and since the chicks must come from the eggs, the real profit may be traced to egg production, so the advice given in these words is of vital consequence to the poultry raisers. "The advertisement referred to recommends Sheridan's Condition Powder to make make hens lay, and so do we," says Mr. A. F. Hunter, poultry editor of Farm-Poultry. A hen to lay prolifically must be in perfect health, must be in condition, and here is based the true theory of the value of Sheridan's Condition Powder—it promotes the general good health of the fowl, gently quickening digestion, and stimulating all the various organs of the body as well as the ovaries, to perform their functions." At this season of the year the use of Sheridan's Condition Powder is very valuable for laying hens and young pullets. By its use now they will get to laying earlier when the price for eggs is very high. I. S. Johnson & Co., Boston, Mass., the only makers of Sheridan's Powder, will send for 50 cents two 25 cent packs, five packs for $1.00; or for $1.20 one large two pound can of Powder, postpaid; six cans $5.00, express prepaid. COD LIVER OIL has long been known to the Medical Profession as perhaps the *best single remedy* for CONSUMPTION and other Wasting Diseases—but most sick or ailing people have an unconquerable aversion to it, *in its crude state.*

The Hypophosphites of Lime and Soda are only second to COD LIVER OIL in their curative effects in the above complaints. In PUTTNER'S EMULSION the Oil, while retaining all its medical virtues, is completely disguised both from eye and palate, so as to be agreeable to the most delicate stomach, while its curative effect is enhanced *one hundred per cent.* by its scientific association with the salts of Phosphorus.
