Wills' Crown Is In Danger

NEW YORK (AP)—If Maury Wills doesn't look to his laurels, a few quick-stepping thieves may steal his crown.

Wills, Los Angeles Dodger speedster who became king of the base stealers last year when he pilfered 104, has been slowed by leg injuries. That has created a wide-open battle for top honors in a department in which he focused interest with his amazing record in 1962.

Wills currently has stolen 18 bases. At this stage last year, the 30-year-old flash already had placed 32 steals on an ever-growing list. Wills now stands third in the National League and fourth in the majors.

The present leader is Baltimore's newly acquired shortstop, Luis Aparicio. Aparicio has stolen 19 bases. Two members of Cincinnati's Reds, Frank Robinson and Vada Pinson, are 1-2 in the National League, with 17 and 16 steals, respectively.

Spring Park Congregation To Become Official Sunday

A new congregation will become official tomorrow morning at Spring Park United Church Hall, within the Trinity pastoral charge of Charlottetown.

This is another step along the way for this congregation. In December 1959 a Christian education center was opened on Upper Queen Street. Within a few short weeks it was crowded to capacity. Larger quarters were sought and the result was the present church on the corner of Kirkwood Drive and Dunkirk Street.

This is a temporary building which is now becoming inadequate for church services and overcrowded for the Christian education program of the church.

The charter roll service tomorrow will enable the congregation to continue plans for new and larger edifice. The guest speaker, a former assistant minister and Christian education director at Trinity United and now Christian education field secretary for the Maritime Conference, will be Rev. Robert S. Latimer.

REV. ROBERT LATIMER

All who wish to become members of this new congregation are invited to attend and sing the charter roll. The service is at 11 a.m.

Drug Impairment Results In Driver Being Fined $125

Ernest James Fardy, Charlottetown, was fined $125 and costs or 30 days in jail by Magisate A.J. Haslam in city police court yesterday. Defence counsel was John J. Holmes.

Before handing down sentence on the charge of driving while his abilities were impaired by alcohol or drugs, the magistrate said that it had been established that the accused's impairment had been the result of taking nitroglycerine pills to combat a chest pain.

He further stated that because the accused had known the effects that the pills would have on himself, he was guilty of the charge of impairment.

A Southport man, Joseph Merlin McAree, was convicted of speeding and was fined $30 and costs or 15 days. Corporal Keith Wakelin testified that he had clocked the accused travelling south on North River Road at 50 miles per hour in a 20 mile zone. The magistrate warned the motorist that another similar charge would cost him his driver's licence.

Corporal Wakelin, also testified in the case of Arthur Gerald Walsh, East Royalty. For travelling 40 miles per hour in a 20 mile zone on Elm Avenue, the accused was fined $20 and costs or 10 days.

A third speeder was fined $10 and costs or 5 days. Thomas Handregan, Mt. Albion, had turned south on North River Road from a housing development at an excessive rate of speed, it was reported by Constable John Eva. Constable Eva estimated his speed at 40 miles per hour.

Infractions of the traffic act brought fines of $10 and costs or 5 days to two motorists, one of whom failed to stop at a red light, the other who did not have his motor vehicle registered for 1963. A man convicted of failure to stop at a stop sign was fined $5 and costs or 3 days.

On a charge of being drunk and incapable, a man was given a 20 day suspended sentence, which will have to be served if he remains within the city.

A fine of $5 and costs was meted out to a man for allowing a dog to run at large without a licence.

Shaw Views Budget With Discouragement

"Any reduction in revenue to this province from Ottawa will put us in a very serious situation in the promotion of policies affecting our standards and services," Premier Walter Shaw said yesterday, commenting on the "hard line on tax sharing" aspects of the federal budget delivered in the House of Commons last night.

Premier Shaw said the provincial government would seek full details about this, since it is something which affects Prince Edward Island greatly.

Summing up the new budget as a "rather discouraging document", the premier went on to say that "during the last federal election campaign we were led to believe, by Liberals from top to bottom, that the door to prosperity for all would be opened. Now we have the answer — a $585,000,000 budgetary deficit estimated for the current fiscal year."

Premier Shaw expressed disappointment over the fact that the budget didn't mention farming conditions. 'I feel we are entitled to something better than this, in view of the fact that the country was handed over to the Liberals in a healthy, expanding condition," he said.

The application of sales tax on building materials and machinery will lead to an increase in living costs, he said, commenting that "this will bear heavily on us who have to import the bulk of these items."

"These observations, however, have been made without a complete study of the budget, and no doubt some favorable arrangements are contained, on the whole," he said. "Still, I fail to see much that would enthuse one in the effects the budget is likely to have on the lives of people in Prince Edward Island."
