Faith in the future of the fishing industry here is reflected in the decision of officals of the Department of Industry and Natural Resources to place in the estimates an amount sufficient to build three more draggers.

Announcement to this effect was made Saturday by Hon. Eugene Cullen, Minister of the Department, who said that he would ask for $100,000 for this purpose. The draggers will likely be built in Nova Scotia and will be the new style 60-foot boats which have been found satisfactory for fishing in these waters.

A sentence of three years in Dorchester Penitentiary was passed on John Carl Fall convicted last week on a charge of possession of stolen goods in connection with the theft of a large quantity of cigarettes. HALIFAX, Jan. 25 — (CP) — Charlottetown Islanders, making effective use of their weight, and showing superior speed and team play, whipped Halifax Atlantics 6-3 Saturday night before a paid Maritime Major Hockey League crowd of 5,934, second largest of the season. It was the second successive victory on Halifax ice for the Islanders, who now trail Atlantics by only seven points. For two periods the Islanders were almost letter perfect. At one time they held a 5-1 lead.

Atlantics snapped out of it in the third period but could make little headway against the rugged bodychecking of the Charlottetown defencemen and the persistent and accurate forechecking of their forwards.

Harry Poulton of Charlottetown defeated Joey "Kid" Blair by an unanimous six-round decision in a fight at Butte, Montana last week, it was learned here yesterday. The fight was the first for Poulton since he left for Western Canada.

Poulton, who now fights out of Calgary, is expected to meet Lou Lawrence the undefeated middleweight champion of Western Canada. Present plans call for the fight being staged around February 5. Lawrence has twice defeated Jimmy Nolan of Calgary.

TUESDAY

This survey will include geological mapping and investigations not only of bedrock, but also of the unconsolidated drift and Pleistocene deposits. Previous studies of the latter were started here in 1948 but ended in 1950 due to the difficulties encountered in obtaining and retaining the services of qualified geologists.

Murph Chamberlain's Islanders maintained their sizzling drive towards top spot in the Maritime Major Hockey League here last night by coming from behind to shade Sydney Millionaires 3-2 in a well and bitterly played game at the Forum.

The Islanders fought back from under a 2-0 Sydney lead at the end of the first period. They tied the game at 2-2 during the second session and shot the only counter of a lively third session.

Once more it was the vaunted right wing scoring power of the Islanders that paid off. Cagey Lyle Wiseman fired two goals in the second period and Ronnie "Little Murph" Hurst came through with the winner in the third.

As a result of the game the Islanders move to within five points of the first place Halifax Atlantics. The locals have been undefeated in their last six games and have lost only two of their last sixteen contests.

THURSDAY

OTTAWA, Jan. 28 — (Special)— Hope that a start would be made on the proposed Federal Building at Charlottetown this year faded from the minds of the joint members for Queen's today when Finance Minister Abbott tabled his main parliamentary estimates for 1953-54.

Instead of substantial amount being placed in the estimates for this long-talked-of building, the old vote of $50,000 remained unchanged. Whether all or any part of this sum will be spent this year is problematical.

A change in the Sales Tax interpretation will prove of benefit to fishermen with the announcement that in future rope over 1 1-2 inches in circumference and wire rope or cable when used as fishing equipment will be exempt from the tax.

Word to this effect was received here yesterday by Mr. A. Walthen Gaudet, secretary of the P. E. I. Fisheries Federation, ending a two year fight for this interpretation by the Federation. Henceforth the word "equipment" will include such above mentioned ropes or cable used as fishing gear which is carried on the vessel.

It is felt that this is a matter of great importance to the Province, especially in view of the advent and the increasing use of draggers.

The continued dominance of the Island-type Yorkshire bacon hog is amply demonstrated in a set of figures covering the first half of 1952 which were prepared by Mr. H. W. Clay, Senior Livestock Fieldman in the Federal Department of Agriculture. The figures show the Advanced Registry results across Canada.

Breeders in this Province entered 47 hogs for the Advanced Registry and 41 of them qualified Ontario had the same number qualifying, but there were 53 from that Province which failed.

Mr. Gordon's telegram, addressed to Premier Jones, was received by Hon. A. W. Matheson, Acting Premier, and communicated to his Cabinet colleagues before being released for publication. It reads as follows:

"For your information, there is no reason to fear interruption of ferry service in spite of the strike called for Monday, February 2nd, by the Brotherhood of Railroad Trainmen. We are taking all necessary steps to ensure continuity of operation."

The skirl of the pipes and swish of kilts dominated the situation at the Burns Anniversary concert last evening as number after number was called to the stage at Prince of Wales College auditorium by the genial Master of Ceremonies, Mr. Walter R. Shaw.

The committee making the recommendation to Headquarters consisted of Messrs R. C. Parent, James Walker, Walter LePage and Fred Driscoll.

Members of the Charlottetown Branch of the Canadian Legion pledged their full support to the proposed Marine Slip at Bruce Stewart & Company Limited at their monthly meeting held here last evening.

Endorsation of the project came following a report made to the meeting by President C. M. Sinclair who represented the Charlottetown Branch at an open meeting of interested citizens held in City Hall Tuesday evening.
