

# What would you like to see changed on campus?

**Danielle Cull – 3<sup>rd</sup> Year Biology**

I am sick and tired of being almost run over by the people in the vans.

**Devon Gillis – 3<sup>rd</sup> Year Engineering**

If we're gonna have so much construction, the construction workers should definitely be like Amazons, or something hot... in leopard print bikinis.

**Cynthia MacLeod – 3<sup>rd</sup> Year Food & Nutrition**

I'd like to see more parking, cause parking sucks right now.

**Paul Young – 4<sup>th</sup> Year Biology**

The smell of the Cass elevator.

**Angela MacLean – 1<sup>st</sup> Year Education**

I think the campus should be cleaned up a bit... there's a lot of garbage around.

**Janeen McGuigan – 3<sup>rd</sup> Year Engineering**

I'd like to see the buildings being designed better, because they're really crappy.

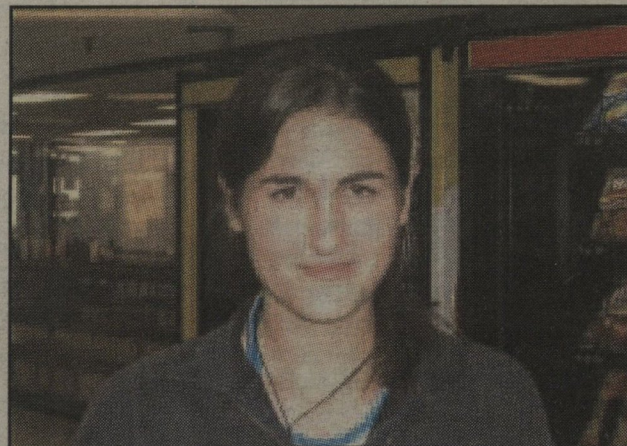

**Mark Driscoll – 2<sup>nd</sup> Nursing**

I'd like to see rocket cars carry us between classes.

**Mark Generoux – 1<sup>st</sup> Year Engineering**

I'd like to see the weather stay warm longer so short skirts would stay around all year.

**Tasha MacEwen – 4<sup>th</sup> Year Philosophy**

I'd like to see the students smile at each other more as they walk by each other.
