I. O. O. F.—Fort la Jolie Encampment meets at 8 o'clock this evening for the purpose of conferring the R. P. Degree and electing officers for the coming year.

EXTRAORDINARY.—Advices from the country report very little water in the wells and springs, and the farmers anxious about water for their cattle. This is extraordinary at this season of the year.

BAZAAR.—Don't forget the Willing Workers' tea and fancy sale in St. James Hall on Thursday next. A pleasant time is guaranteed all who attend. The doors will be open at half-past two o'clock.

THE DOMINION ILLUSTRATED.—This week's issue of Canada's popular pictorial contains a very good copy of the photograph recently taken of the winners of the great telegraphic match. The likenesses of our men are very good.

COLDS are frequently the result of derangements of the stomach and of a low condition of the system generally. As a corrective and strengthener of the alimentary organs, Ayer's Pills are invaluable, their use being always attended with marked benefit.

ISLAND PRODUCE.—One day, last week, says a Halifax despatch, 26,000 bushels of potatoes, 11,000 bushels of oats and 1,200 bushels of turnips arrived from P. E. Island. The potatoes are quoted at 32c. and 35c., oats 40c. and turnips 25c.

REMOVED.—Mr. W. W. Clarke has removed his office from Queen's wharf to Hyndman's building, corner Queen and Water Streets, (old telegraph office) where all persons wishing to see him on express or steamship business will find him at the usual hours.

RUSH OF FREIGHT.—The Moncton Times reports that the great rush of freight over the I. C. R. continues. There were fourteen trains of cars at Moncton on Monday night, the accumulation of Saturday night for the East. A great part of this was grain and other freight to Halifax for transhipment to England.

B. I. S.—The public meeting under the auspices of the Benevolent Irish Society, held in the Lyceum last evening, was fairly well attended. President Reddin occupied the chair. The address of the evening was made by Hon. Senator Howland, who was accorded a hearty and unanimous vote of thanks for his effort.

PHILHARMONIC CONCERT.—The reserved seat tickets are issued for the Philharmonic Concert on the 19th inst., and may be obtained for the present from members of the Society at 50 cents each. Every holder of a reserved seat ticket is guaranteed a comfortable seat. It will be well if intending purchasers of tickets would secure them at once.

FOOTBALL.—Arrangements are being made for a tour of the Association Football Team of the Toronto University to the United States. The trip is likely to be made during Christmas week. The team will probably go to Fall River, Mass., to engage the American champions in a series of games.

COME, LADS AND LASSES.—We understand that should the weather be fine this evening the Citizens' Colored Band will discourse some pretty airs for the benefit of skaters on the Government Pond. A collection will be taken up in aid of the band fund. This is a good move, and we trust that a large number of skaters will avail themselves of the opportunity.

STEAMERS' MOVEMENTS.—The steamer St. Lawrence left Summerside for Point du Chené at twelve o'clock, and is expected back this evening. The Princess of Wales left Pictou for Charlottetown at one o'clock this afternoon. The M. A. Starr left here for Pictou at one o'clock, and is due on return to-morrow.

SEVERELY AFFLICTED.—The Moncton Times says: Mr. John W. Foster, son of policeman Foster, who has been ill for six or seven weeks is getting better, and though not yet able to be up is on a fair way to recovery. Policeman Foster has been greatly afflicted this year, having lost a sister, brother-in-law and niece, all of whom died of fever on P. E. Island, where they lived.

THE PATENT DIDN'T WORK.—A Dubuque, Iowa, man invented an arrangement by which a runaway horse could be detached from a buggy, and before offering it to the public he decided to give it a personal trial. He procured a vicious horse, encouraged him to get up and dust himself, and then pulled the lever. It didn't work, and he was flung into the ditch and had his neck broken.

GOT THIRTY DAYS.—Last night John Ring, a well known character about town, while laboring under an attack of delirium tremens, climbed up to the roof of St. Dunstan's Cathedral, and sitting astride the saddle-board began singing and shouting. The noise he made attracted a goodly number of people—among them two police officers. After a good deal of persuasion Ring was induced to come down from his lofty perch, and was taken in charge by the officers. This morning he appeared before His Honor, and after giving the court a sample of his vocal powers, was sent to jail for thirty days.

SPECIAL DESPATCHES TO THE EXAMINER.

THE POISONED CANDY CASE.

New Evidence Against McDonald.

ST. JOHN, Dec. 10.

Little difficulty was experienced this morning in securing the twelfth jurymen in the McDonald case. Of the ten additional men summoned to secure one, five failed to appear and were fined. A few minutes before noon the Solicitor-General opened the case for the crown in a speech reciting the facts, and pointing out by what facts he expected to prove that McDonald was the person who sent the poisoned candy to Mrs. McRae and others. The new evidence mentioned a few days ago as having come to light was referred to by the Solicitor-General. It was that a few days ago a girl in Barker's employ, while in the garret found a comb behind some barrels, and believing it had some connection with the McDonald case, handed it to Mr. Barker. He notified the authorities of the suspicion that the combs which had been dumped out of the boxes to put candy in were stored away in the garret, requested that the authorities attend when search would be made for them. Accordingly the Solicitor-General and Detective Ring visited the place, and some eighteen combs were found hid away. A later search has revealed more. This fact, together with the fact that McDonald some weeks before the poisoned candy was mailed asked one of the clerks in the shop if the barrels, etc., in the garret were ever disturbed, is regarded as a strong link in the chain of circumstantial evidence against the prisoner. This afternoon the court sat till nearly six o'clock, and twelve witnesses were examined. Additional stenographers have been secured, and in order to bring the trial to a close before Christmas, it is expected evening sessions will be held.

Federation of the Colonies.

SYDNEY, N. S. W., Dec. 10.

Sir Henry Parkes, Premier and Colonial Secretary, is following up his proposition for the federation of the Australian Colonies somewhat, as he suggested, upon the model of the Dominion of Canada. The scheme grew directly out of the proposition for the formation of an Australian army and aims especially to overcome many gross evils of misgovernment which seem inseparable from the present system. The Conservative element apprehends that if once the colonists undertake the organizing of a general colonial government it may desire to emulate the United States. Sir Henry suggests the abolition of all border duties, and absolute free trade between the colonies, guaranteed if necessary by special intercolonial treaties. Uniform marriage laws protect families from the evils of divorce as seen in the United States. A uniform railway gauge for the whole country; and proposes, Albury, New South Wales, as the capital of the confederation.

Ireland's New Viceroy.

LONDON, Dec. 10.

The new Viceroy of Ireland will go to Dublin to enter upon his vice-regal duties on Saturday next. The gentleman is Lawrence Dundas, third Earl of Zetland. He is a rich man, an officer in the Horse Guards, was formerly a member of Parliament, and the holder of a peerage. He was not hitherto much distinguished in politics, but will have now a fine opportunity to exhibit any hidden talent he may possess. His programme is that only the official staff shall meet him at Kingstown.

Another Disaster at Johnstown.

JOHNSTOWN, Pa., Dec. 10.

During a performance at the opera house here to-night the cry of fire was raised, resulting in a terrible rush for life down the narrow stairs. Ten persons were killed instantly and 75 injured, some seriously. It was found necessary to turn a stream of water on the crowd from fire engines before the dead and wounded could be taken out.

ZANZIBAR, Dec. 10.

COMPETITION!

WE RUN AWAY FROM COMPETITION.

It's a well-known fact that we run away from every competitor in every contest in OVERCOATS, REEFERS and SUITS. Competitors come along puffing behind, but never catch us. We are always before them in every line, but in quantity and quality we are away ahead of everyone. No firm dares or dreams of giving so much for a dollar as we do. It's an assured fact that we are the Cheapest. Everyone don't test quality. Few can tell the difference in quality, but everyone knows the difference in One Dollar and One Dollar and Thirty Cents. That's the difference in our prices, and competitors. We advise every honest, hard-working man to patronize the WONDERFUL CHEAP MEN, as they can get more clothing there for \$5 than they can in any other Store in Charlottetown for \$6. We guarantee every Garment as represented.
