IN MEMORIAM

ALBERT GERALD WOODINGTON. A cloud of sadness was cast over the home of Mr. and Mrs. Claude Woodington and family, of Charlottetown, when on July 31, their son, Albert, was accidentally killed. His injuries were such that he lived only a short time after being admitted to the P. E. Island Hospital. Albert was kind and mindful of others and was a favourite with all who knew him. He was full of energy and life and his sudden passing was a shock to relatives and friends, but especially to his parents and two brothers, Claude, Jr., and Everett, who are left to mourn the passing of their loved one, who was only twelve years old. A short service was held from the Cutcliffe Funeral Home, conducted by the Rev. Canon G. E. Moffatt. The remains were conveyed to St. Thomas Church, Spring Brook, the service being conducted in the church and at the grave by the Rev. Eric Ingraham. Both services were largely attended. The hymns sung were: "Around the Throne of God in Heaven", "When He Cometh" and "Safe in the Arms of Jesus". The pall-bearers were school chums of the deceased — Harold Moore, Brendon Good, Earl MacKenzie, Johnny Kelly, Peter Dewar, William Dunn. The funeral was under the direction of Mr. Joseph L. Davison, of Kensington.

Queen Mother Sails For New York On Oct. 21. LONDON (Reuters) — Queen Mother Elizabeth will travel aboard the liner Queen Elizabeth when she leaves to visit the United States and Canada next month. A statement Monday night from her residence, Clarence House, said she will return on the Queen Mary after a month's stay in North America. The Queen Mother will sail Oct. 21, arriving in New York Oct. 26. She will visit Washington before travelling to Ottawa. The Queen Mother will sail home from New York Nov. 18, arriving in England Nov. 24. "Details of the program of Her Majesty's stay in the United States and Canada will be announced later," the statement said.

Twelve Turn Down New \$2 Bill For \$1. TORONTO (CP) — Twelve persons turned down a new Canadian \$2 bill, offered to them on a downtown intersection Monday for \$1. The 13th, a middle-aged man accompanied by his wife, bought it. Telegram reporter James Moore, who sold the bill and wrote a story about the transaction, quoted the buyer as saying his wife told him he'd be a fool not to take a perfectly good \$2 bill for \$1. New Canadian banknotes were issued last week. The \$2 bills are yellow like the old ones but narrower and bear a picture of Queen Elizabeth.

COLORFUL DYE. Mauve, first of the aniline dyes in common use, was patented as a dye by Sir William Perkin in 1858.

We and Our Neighbors

Something For Winter Evenings. Mr. X, a business man whose financial transactions over the years have involved very large as well as lesser sums of money, found himself, he said, in one of the most embarrassing situations of his life last week. He had dropped in on a neighbour and the daughter, a tenth grade teacher in a rural school nearby, was struggling desperately with an arithmetic problem, a homework assignment for her class from the year 1845. Those in the old texts of P. E. I. are probably very familiar since Canada as well as the U.S. patterned its schools after the English system. "When the winds howl and the snow piles up and the cold chills, perhaps it will be fun to gather around the fire and see who can solve the following, the fastest — you, your children, or your grandchildren!" "I sure did," said Mr. X. "Undoubtedly arithmetic problems are now getting nearer to actual situations. Here are a few assigned to Boston school children in the year 1845.
