

THE PROVINCIAL EXHIBITION

THE CATTLE SHOW—THE THREE COUNTIES IN COMPETITION.

The attendance was good, the competition pretty sharp. Among the visitors were Professor Sheldon and Mr. Sparrow, of England, Mr. Hannay, of the St. John Sun, and many gentlemen interested in farming in the sister Provinces.

The Horses recently returned from Montreal were on the grounds, and came in for a good deal of criticism and admiration. There is no doubt the selection made to represent this Province at the Dominion Exhibition was a very judicious one.

The owner of Blackfoot did not enter his horse for a prize, on the ground that having taken the first prize in the Dominion, it was not fair that he should compete here. The horse was, however, exhibited, and drew down upon his head many varying judgments; but while some thought Rodd's horse the better one, and some Craswell's, all agreed that he is all but perfect in his points. Mr. Rodd's and Mr. Craswell's horses were entered, and, of course, took first and second prizes respectively. All three are really beautiful animals, and the difficulty the judges had in deciding between them is not to be wondered at. Mr. Mitchell's horse, which was also of Montreal, was entered, but considered large for the carriage class. For general purposes, there was not, we think, his equal on the ground. He is a picture of health, strength, activity and everything that goes to make a smart, strong, serviceable horse. Several other stallions in the carriage class were justly admired. In fact, all the entries were very fair specimens of the noblest of animals.

In the cart stallion class, the competition was rather poor, and the prizes fell without difficulty to Messrs. R. E. Bagnall and Wm. Mills, though there was much difference of opinion as to which of the two was the best. The splendid imported stallion Brown Stout was shown in this class; but was doubtless considered too good to compete against Island horses. Of carriage stallions, under three years, there was a fair show, and of carriage fillies quite a large competition. In both classes a good deal of difficulty was experienced in awarding the prizes—many equal or almost equal in the order of merit. The other classes were as well represented as could be expected, when it is remembered that the best of our horses have been culled out this year for foreign exportation. Below we give a list of the entries. Those marked with * got first prize; those marked with a † second prize.

CATTLE.
The quality of horned cattle was better than that of any previous year. Among the bulls was the splendid first prize Ayrshire recently purchased at Montreal by Mr. Gardiner for the Model Farm. He was greatly admired. The Jersey heifers purchased by Henry Longworth, Esq., at St. John, were also on exhibition. They are very pretty creatures. A beautiful Ayrshire cow was shown by Jeremiah Murphy, of Lot 50. Mr. John Cowan, of Murray Harbor, deserves credit for bringing his prize stock from so great a distance.
