

COLONIAL CHURCH SOCIETY.

THE Parent Committee of the Colonial Church Society having directed their Agent, Mr. Cavie Richardson, to reside in Prince Edward Island; for that purpose he quitted Nova Scotia, in July last. Since his arrival here, a Corresponding Committee has been formed, and under its direction and control the affairs of the Society will henceforth be continued.

The Corresponding Committee forbear entering into any lengthened statement of the plans and objects of the Society, as "papers" or reports will generally accompany the circulation of this Address, and can always be had by applying to the Agent.

The Colonial Church Society employs Clergymen, Catechists, School Masters and School Mistresses. It circulates Religious Books and Tracts, establishes Libraries and encourages the formation of Sunday and Day Schools, and all these objects will be carried out by the Corresponding Committee so far as it may be in their power.

The Colonial Church Society, although strictly and essentially a Church of England Society, is formed upon the most liberal basis; and seeks without distinction the religious welfare of all, especially of those who most need its aid.

The operations of the Society ought greatly to be increased in the Island, in order that its moral and Spiritual destitution may be supplied—to effect this desirable object the greatly enlarged contributions of the friends of vital piety, and scriptural and sound Education are earnestly requested.

TO PRINTERS AND PUBLISHERS.

Prices Reduced.

THE Proprietors of the BOSTON TYPE AND STEREOTYPE FOUNDRY, having made arrangements for extending their business, and with a view to encourage CASH PURCHASERS, have reduced their prices to the following low rates, for founts of type of three hundred pounds and upwards, when purchased for cash only—

AGATE,	50	cents per pound.
NONPAREIL,	50	" "
MINION,	40	" "
BREVIER,	35	" "
BOURGEOIS,	32	" "
LONG PRIMER,	30	" "
SMALL PICA,	27	" "

The Credit Prices will remain the same as heretofore, unless varied by special agreement.

At the late Exhibition of the MECHANIC ASSOCIATION, a Silver Medal was awarded to this Foundry for the beauty and perfection of its types; and the printing community generally are well acquainted with the superiority of its productions. This has sometimes led to the impression that higher prices are charged here than at other Foundries, which renders it proper to acquaint the craft, that they may at all times buy at this Foundry at lower rates than materials of as good quality can be purchased elsewhere. A series of faces of the SCOTCH CUT LETTER has been added to the previous variety of styles, in order to meet the wishes of such as are inclined to give a preference to this kind of type; and additions will constantly be made to suit the taste or fancy of the patrons of the establishment.

Every article required in a Printing Office will be promptly supplied; among which will be found

WOOD TYPE,

of the manufacture of WELLS & WEBB, of New York, beyond question superior to anything of the kind made in the world;

PRINTING INK,

of the various qualities and colors, from the celebrated manufactory of M. P. PROUT, whose reputation as an Ink maker is unsurpassed;

TUFTS'S HAND PRESS,

the perfection of Printing Presses, without which no Office should be considered complete; together with Cases, Chases, Composing Sticks, Brass Rules, and as large a variety of Job and Ornamental Type, Borders, &c., as can be found in the country.

In addition to the business of the Type Foundry and Furnishing Department, the establishment is extensively engaged in

STEREOTYPING,

and is always prepared to furnish Plates for works of any magnitude, in the best style of the art. Reference can be made to more than a thousand volumes, in the hands of the most eminent Publishers in the country.
