Purified Blood

Saved an operation in the following case. Hood's Sarsaparilla cures what all others fail. It makes pure blood. "A year ago my father, William Thompson, was taken suddenly ill with inflammation of the bladder. He suffered a great deal and was very low for some time. At last the doctor said he would not get well unless an operation was performed. At this time we read about Hood's Sarsaparilla and decided to try it. Before he used half a bottle his appetite had come back to him, whereas before he could eat but little. When he had taken three bottles of the medicine he was as well as ever."

Hood's Sarsaparilla is the Only True Blood Purifier

Produce of the public eye today. Hood's Pills cure all liver ills, biliousness, headache, etc.

Sunlight Books for Sunlight Soap Wrappers

FOR SALE. The House and Land on the corner of Power and Sidney Streets. For further particulars apply to the owner, MRS. BOSWALL, Or EUSTACE HAVILAND, ESQ. sept 19-dy

THE BICYCLE'S POPULARITY.

The Reason Why It Has Taken Such a Hold on the People. A writer in The Wheel, discussing the secret of the bicycle's popularity, says: "The secret seems to lie in the fact that the wheel has revealed to us that our natural powers of locomotion have been multiplied. 'Two wheels' have been made to grow where but one grew before."

The draught upon our strength necessary to walk a mile is sufficient to enable us on wheels to travel five miles or more. Astride of it "magnificent distances" become insignificant. "What a glorious feeling of freedom comes over us when the country, smiling and gay, brings to the rider a sort of contagious happiness! What independence! We have not had to be carried by the horse of the road, and we are proud to say: 'I did it!'"

Inventors of auxiliary power appliances for bicycles should take notice of the fact that the secret of the bicycle's popularity is not merely because a person is enabled to ride fast or far, but because the riding was without foreign assistance. Vanity and egotism cut a considerable figure in the wheel's popularity. To say "I rode on an electric motor bicycle to Albany to-day" would mean the same as to say "I rode on a railroad train to Albany to-day." But to say "I rode my wheel to Albany to-day" means something entirely different. The rider who did this in fact time would be hailed with great applause, and the telegraph would announce the fact to the world.

In improving the bicycle the main idea is to get the most results out of the least power applied by man to the pedals. Auxiliary power has nothing to do with bicycle improvement. It belongs to a class of inventions designed to carry or convey, not to those by which man carries himself.

And Now They Don't Speak. The second trial of Napoleon Demers for wife murder will be held in Montreal at the November term of the Queen's Bench Court.

That Pale Face. For Nervous Prostration and Anemia there is no medicine that will so promptly and infallibly restore vigor and strength as Scott's Emulsion.

There is a great activity in all the Spanish government dockyards, and the refitting of night and day. It is believed these preparations are due to the possibility that the United States may recognize the Cuban insurgents as belligerents.

Hands and Ankles Raw. For years I have been a great sufferer from itchy skin trouble and salt rheum. My hands and ankles were literally raw. The first application of Dr. Chase's Ointment allayed the burning, itching sensation. One box and a half entirely cured me. It is also instant relief for chilblains. Henry A. Parmenter, St. Catharines, Ont.

A Remarkable Cure.—J. W. Jenison, Gifford—Spent between \$200 and \$300 in consulting doctors; tried Dixon's and all other treatments, but got no benefit. One box of Chase's Catarrh Cure did more good than all other remedies, in fact cured myself entirely, and with a 25-cent box at that.

The Berlin Kreuz Zeitung has a despatch from Constantinople, which says that the Armenian controversy bids fair to become the starting point of a struggle between Great Britain and Russia for paramount influence in the Bosphorus.

Orilla's Prominent Furniture Dealer Gives Facts. ORILLA, Feb. 10th, 1894. EDMANSON, BATES & CO. Gentlemen,—About three or four weeks ago I had an attack of itching piles. I tried two or three different remedies recommended by myself and others, but no relief. About the time I was beginning to despair of finding any relief, with some slight misgivings I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Dr. Chase's Ointment a God-send. ALF. J. DEAN.

Advices received in Auckland, N. Z., from Honolulu, show that there have been sixty-five deaths from cholera in Hawaii up to Sept. 26th.

THAT ACHING HEAD. How Causes It and How Overcome. What often the remark, "Oh, my head aches," and there are so many varieties of aches and pains the head is subject to all along the line from the dull and heavy and oppressed feeling over the eyes to the piercing, racking and torturing misery of Sick Headache. The cause is in most cases the same, the overflow of poisonous uric acid is not extracted from the blood by the Kidneys, and accumulating in the blood, causes high and irregular pulse, headaches, mental depression and nausea. Chase's K. & L. Pills tone and restore the Kidneys, create poisonous matter from the blood, sending it on its way pure and health-giving, curing Headache, and removing all the attending symptoms from its wake. Mrs. C. Bird, Harrison, Ont., while attending the 1894 All Exhibition at Toronto, was taken very ill with Sick Headache and dizziness. She was subject to these attacks for years, compelling her to take to her bed. In this case by using Chase's Pills relief was immediately obtained, and the usual days of misery and prostration avoided. Thousands of such cases can be referred to where Chase's Pills have cured Sick Headache and its attendant symptoms. 25 cents a box, of all dealers, or by addressing Edmanston, Bates & Co., 45 Lombard St., Toronto. Sold wholesale and retail by Geo. E. Hughes, Charlottetown.

NOTICE. LAND SURVEYING, &c. The subscriber is now prepared to make Surveys of Land, run Boundary and Division Lines, furnish Plans, etc., also, to estimate and Architectural Drawings, Plans, Specifications and Estimates. J. P. NICHOLSON, Land Surveyor, P.O. Box 102, Charlottetown, P. E. I., Sept 12-41 & wy

White Rose Kerosene. 530 Barrels landing ex schooner Nutwood to-day from New York. oct 17-21 CARVELL BROS.

ODDS AND ENDS.

Kidney Pains. In Jan. 1892 my son was taken with kidney disease. Though attended by three physicians, and change of climate he grew worse and by 1893 had fallen from 185 lbs. to 85 lbs. In 1894 I began to use Dr. Chase's Kidney-Liver Pills we were able to move him home. In 4 months he gained 50 lbs., and was fully restored to health by the use of this medicine. Jas. Hastings, 23 St. Paul St., Montreal.

The railway contractors on the American side of the Niagara Falls have completed their blasting operations. They are prepared to compensate those on the Canadian side whose houses were injured by flying rocks.

This is Concentration. One pill a dose, one box 25 cents. One pill relieves constipation. One box cures an ordinary case. One pill taken weekly neutralizes formation of uric acid in the blood and prevents Bright's Kidney Disease and Diabetes. True only of Dr. Chase's Kidney Liver Pills.

The Armenian refugees who sought protection in their churches in Constantinople have been induced by the foreign powers to return to their homes.

It Does The Business. If you want to know what Miller's Emulsion of Norwegian Cod Liver Oil will do, for a consumptive patient ask one who has tried it. Ask anyone who has used it in lung troubles of any kind. What they say about Miller's Emulsion shall be its recommendation. It is the finest preparation of its kind in the world and is worth its weight in gold to a consumptive sufferer, whom it will raise from a bed of sickness to health and strength of body and mind, giving a new lease of life. Thousands testify to the value of Miller's Emulsion. Miller's Emulsion is the great nerve strengthener, blood maker, and cures Coughs, Bronchitis, Scrofula, and all Lung Affections. In Big Bottles, 50c, and \$1, at all Drug Stores.

The highest and lowest barometric pressure ever registered is believed to have been noted at Irkutsk, Siberia, on January 14, 1882, the reading being 21.8. This phenomenon was the result of very low temperature, the mercury dropping from 26 to 53 degrees below zero in two and one-half hours. On the same day there were several observations made in North Sweden, which showed a reading of more than 70 degrees below zero.

The lowest pressure ever recorded by 2731 feet meteorologists was 27.3 inches. This reading was taken on board a British ship during the prevalence of a severe storm on the Bay of Biscaya, on the 11th of January, 1882. This low pressure was accompanied by a reading of more than 70 degrees below zero.

Blistering a Corps. One of the so-called "unfailing tests of death," which has been introduced into France, Germany and Holland since the war, is known as the "blistering precaution," and consists of producing a blister on the hands, feet and some other exposed portion of the body, the supposed purpose of which is said to be infallible for this reason: If the blister produced by the application of a lighted candle, or red-hot iron, or fire in any form, is shown to contain water or a watery fluid upon being opened, there is still life in the body, and a burial under such circumstances would not be advisable. On the other hand, should the blister be empty or contain steam only, the sorrowing friends may rest assured that there is no chance that the corpse is being "buried alive."

A Bird-Eating Insect. The "Great Mantis" is an insect of Southern Brazil and Venezuela, which eats birds. It is four or five inches in length, not including his strong jaws and immense, nipper-like forelegs. This pair of enormous "pinchers" are equal in strength to those of a crawfish or a crab, and are used by the giant Mantis in capturing its prey. The food of this cannibalistic insect consists of spiders, grasshoppers and snakes and lizards, and according to Brumister, the most robust specimens "didn't you tell me that Lord Dunraven was racing on the square?" "Certainly, dear." "Well, he's not." "What do you mean?" "I mean that with all your pretence of superior knowledge you can be mistaken as easily as anybody. I have looked at the diagram of the course in the newspapers. They are not racing on the square at all. They are racing on the triangle."—Washington Star.

No Possible Danger. Straggle—Missus, won't yer give a straggle man ten cents? Kind Lady—No, yer won't take this ten cents and get drunk on it if I give it to you? Straggle—Lord bless you, mum, I couldn't go drunk on less'n a dollar's self.—Chicago Record.
