

With Island Contingent At The World Scout Jamboree

SPECIAL TO THE GUARDIAN
NAGARA-ON-THE-LAKE, Ont., Aug. 19.—This was another day of ideal, sunny weather as the Jamboree Site, Niagara-on-the-lake our island scouts found the weather a bit warm. Having arrived too late last evening in order to completely lay out their campsite, etc., they all went to work and this evening showed the result of their efforts as they had one of the nearest campsites in sub camp Atlantic.

The entrance to their camp area is marked by a gateway made of island spruce trees. Four pillars on each side with a framed-in top on which is fastened the island coat-of-arms and a large-sized map of the island constructed from plywood and nicely varnished. Each corner of the island's campsite is marked by a stake on which is fastened a small plywood island map. Their tents, cooking boxes and other equipment are all nicely laid out and show the benefit of their advanced training and scouting fellowship during the day.

A very busy tired group of boys rolled into bed tonight, after a very busy day. Among the boys the writer saw today were: Vimy Gregory, John Fielding, Derek Bunt, Wally Prowse, Jerry Matthews, Wally Prowse, Roger Craig, Maurice Wood, Dewar Harper, Keir Johnston, Bernard Callaghan, Gordon Duncan, Leonard Stull, Bob Lord, all of Charlotte town, and Michael Arnold, and Wayne Dymont, Edward Monkey of Summerside.

Among entertainment provided for all at the Jamboree yesterday was an excellent band concert by the Niagara Falls Memorial Band and a showing of special slides by the Ontario Hydro.

During the morning the Islanders held their flag break and prayers in the afternoon they visited about and had their medical checkup. In the evening they shopped, visited and took in the band concert and slide showings.

A BIG DAY
Aug. 21, Today (Aug. 20th) was a big day for 10,000 Scouts from all over the world and a real thrill for all P. E. Islanders on hand at the Jamboree. The morning was spent in preparation for the official opening, and march past of the 8th World Jamboree. At 2.30 p.m. His Excellency the Governor General arrived accompanied by the official party which included Lady Baden-Powell, Mrs. G. C. Spry, Lord Rowallan, Sir Ian Bolton and Mr. Jackson Dods, Jamboree chief. Approximately 25,000 attended the opening which was a spectacle never to be forgotten.

TAKES COURSE IN DETROIT

Selected from more than 8,000 Pontiac dealerships in the United States and Canada, Earle G. MacLeod of Allison MacLeod, Charlottetown, Prince Edward Island, arrives in Detroit to attend an intensive six-week course at the General Motors Dealer School. Welcoming him is T.O. McLaughlin (right), director of the school. Established in 1938 as a pioneer institution in its field, the school has groomed more than 1,500 young men for key roles in the world's top dealership organization. The students are selected on a merit basis which has won the school the title of the "West Point of Industry." The 48 students attending the current forty-first session will study a wide variety of subjects fitting them for eventual dealership.

The sudden death of Douglas Platts, nine-year-old son of Mr. and Mrs. Everett Platts occurred at the home of his parents 17 Esher Street yesterday afternoon. Although the young boy suffered from a heart condition which rendered attendance at school not advisable, he pursued his studies through the correspondence courses which he followed with great success.

Temperance Federation

Twelve members of the executive of the Prince Edward Island Temperance Federation met in summer conference in the parlor of the Charlottetown Baptist Church last evening. The meeting was presided over by the president of the Federation, Mr. Colin Waugh, of Wilmot Valley. Reference was made by several of the group, to reports from their respective areas sent to the Government commending the action taken in closing the liquor stores on Saturday evening.

Dies Suddenly At Youthful Age

The sudden death of Douglas Platts, nine-year-old son of Mr. and Mrs. Everett Platts occurred at the home of his parents 17 Esher Street yesterday afternoon. Although the young boy suffered from a heart condition which rendered attendance at school not advisable, he pursued his studies through the correspondence courses which he followed with great success.

ROAD FOREMAN

Mr. Reginald Barwise of Charlottetown said that he was the road foreman for County Construction Co., who had the contract for the supplying of material for the shoulder of the Trans-Canada Highway from Bonshaw to Cornwall. He went on to describe the method of placing the material such as shale or stone in winged back and after the pavement is laid the slack spots on the road are brought up by dumping truckloads of this material.

Long Road

Industries also were disabled in Westfield and Southridge, Mass., in numerous north-eastern Connecticut towns, and around Stroudsburg, Pa., with weeks needed to get them back in repair.

FATALLY INJURED

MONTREAL, (CP)—William Kennedy, 54, of Detroit, died in hospital here Saturday night as a result of injuries suffered earlier in the day at nearby St. Julien when his car spun out of control and hit a concrete light standard.

OVER EDGE OF PAVEMENT

The coroner asked Mr. Barwise where the truckloads of construction material were usually placed, to which he replied that he had instructed the man in charge of dumping the loads to see that all material was kept back a foot or so from the pavement.

Inquest Concluded Last Night In Traffic Smash In Which 5 Were Killed

A coroner's Jury last night found that the five accident victims who met their death in an automobile-truck collision on the Trans-Canada Highway at Clyde River on the night of August 10, came to their death as a result of injuries received in the collision, due to the negligence of the driver of the automobile, Leo Emmett Murray of Augusta, Maine who was driving in a fatigued and possibly an intoxicated condition. They added that a contributory factor in the accident was the youthfulness and inexperience of the truck driver. A recommendation by the jury was to the effect that in future any construction material dumped on the side of the road be kept at least a foot away from the pavement.

The accident, which is believed to be the worst in the high way history of the Island, took the lives of five people, namely: Leo Emmett Murray, Augusta, Maine; Patrick Murray, Sr., Tyrone, P.E.I.; Betty Ann Bernard, Hunter River; nine year old Walter Murray and six year old Margaret Murray of Charlottetown.

NO SIGNS

Leo James Murray of Augusta, Maine, son of the deceased driver, related some of the facts of the trip from Maine to the Island. He said that the party, consisting of himself, his father, his brother Garry, his sister Nancy and Mr. David Carry had arrived on the Island about 2.00 o'clock on the afternoon of the accident. He was driving from Borden to Charlottetown. He noted the large piles of material on the side of the road and remarked to the others in the car about the absence of signs or mudge pots which he said, are usually present on road construction jobs in the States.
