The Doctor Passed Him.

GRAVENHURST, Sept. 18—About a year the newspapers contained of the curious case of Sam Murray, a railroad brakeman, of this place. He was paralyzed, as a consequence of an injury received while coupling cars, and for two years was unable to work. Several doctors, among them some Toronto specials, pronounced him incurable and his case hopeless. The Grand Trunk Railway Company paid him his full disability claim, and the Brotherhood of Railway Trainmen was about to pay a similar claim, when Murray astonished everybody by a return to health. It was proven at the time, beyond the possibility of a doubt, that Murray's recovery was due to Dodd's kidney pills. A few days ago Murray applied to a life insurance company to take out a policy on his life. Two physicians have just examined him, pronounced him a desirable risk, and recommended the company to issue a policy. That's the kind of work Dodd's kidney pills do.

Endurance in Pain.

Untold agonies are silently endured by thousands of sufferers from Piles. The use of Hawker's Pile Cure soothes the pain, relieves the inflammation and makes a perfect and permanent cure. Price 50 cents. Sold everywhere. It afflicted try it.

A Big Mistake.

The moulting season, or the season when the hens shed their feathers will soon be at an end. The process is one that in certain respects debilitates and prevents hens from laying. The reason of this is that the growing of new feathers requires all the nitrogen and phosphates contained in the food and there is none left to form the egg. A curious fact about the hen, and one that illustrates the foregoing statement, is this, if a hen's leg be broken during the laying season, she will lay her eggs without shells until the break is mended. The reason for this must be that all the lime contained in the food is required to unite the broken bone, there is therefore none for the formation of egg shells. The formation of new feathers does not require any carbonaceous or fat producing food, consequently well fed hens get very fat during the moulting. Many farmers and poultry raisers not understanding all about these things kill off their old hens because they think they have stopped laying and are fat. This is a great mistake, because if the proper material be furnished them with their food to supply the increased demand for nitrogen and phosphates before mentioned the old hens will be through shedding feathers much sooner and will begin laying on the approach of cold weather and will continue to lay vigorously all winter, while the young pullets, reserved to take the place of the old hens, may not begin to lay until much later in the season. Very many people have learned from experience that Sheridan's Condition Powder mixed once daily with their food will supply the extra material needed to strengthen and invigorate their hens, enabling them to grow new plumage quickly and commence laying early. Those who commence now to use Sheridan's Powder, will find that their young pullets will commence to lay at from four to six months old, and will lay continuously through the winter. The Farmers' Poultry Raising Guide, published by I. S. Johnson & Co., at 22 Custom House Street, Boston, at 25 cents, contains a vast amount of information on this subject. Johnson & Co. will send, post paid, two 25 cent packs of powder and one Guide for 60 cents, or a 2¼ lb. can of the powder, postage or express prepaid, for $1.20 and a guide free.

After Twenty Years.

Twenty years ago Thomas Simpson, of St. John, was restored to health from a condition of severe pains and great nervous prostration by Hawker's Nerve and Stomach Tonic. Doctors' medicine had failed. Mr. Simpson still treasures the first empty tonic bottle, and now whenever he is unwell his remedies are found in Hawker's Tonic and Hawker's Liver Pills, the latter is the best pill, he says, that he ever used.

For Over Fifty Years

Mrs. Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It sooths the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs Winsloe's Soothing Syrup," and take no other kind.

Mr. James Shand, the well-known auctioneer, says: "Had considerable expectoration and disagreeable cough. Physician recommended Puttner's Emulsion. Took six bottles—cough vanished. Am convinced your preparation brought about my speedy convalescence."

W. H. ROGERS.

AMHERST, N. S., May 27, 1893.

THE GRODER DYSPEPSIA CURE CO.

GENTLEMEN:—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furred up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvment.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.

Late inspector of Fisheries for Nova Scotia.

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

HEART FAILURE, FAINTNESS, ACUTE DYSPEPSIA, with Complete Nervous Prostration, Cured by Using HAWKER'S NERVE & STOMACH TONIC.

A LADY'S EXPERIENCE.

Mr. Wm. Thompson of Musquash, N. B., says: "For 2 years past my wife has suffered with *Acute Dyspepsia* accompanied with complete *nervous prostration* and a *smothering sensation about the heart* which frequently produced an attack of faintness. She became weak and nervous, lost all energy, and had a constant *feeling of dread*. She suffered with *intense pain in the stomach* after eating, which was usually followed by the smothering sensation about the heart and *fainting spells*. She tried a great many remedies and was treated by the doctors for some time, but obtained no relief. She became so *discouraged* that she gave up all hope of ever getting better, when *our pastor suggested* that she try HAWKER'S NERVE AND STOMACH TONIC and LIVER PILLS, *which had produced remarkable cures in several cases he knew of.* We did so and she obtained immediate relief from the distress after taking the second dose, and has continued to improve ever since until today she is as well as ever, and can enjoy her food without fear of suffering. I cannot speak too highly of these valuable medicines which have restored my wife to health and strength and saved much suffering and expense."

Rev. Henry M. Spike, Rector of Musquash, N. B., says: "I am personally acquainted with Mrs. Tompson's case, and am greatly pleased that the medicine which I recommended to her produced such remarkable results."
