

Sultan Zebehr.

THE ABLEST MAN OF THE ARABIAN RACE DWELLING IN EGYPT.

In a rambling, dusty, dilapidated house in the dustiest and most erratic suburbs of Cairo, dwells the ex-"slave King," who is justly regarded as being, next to the shifty Nubar, the cleverest man in Egypt.

said a superintendent at one of the departments at Field's. "Not long ago, a fashionably dressed lady came in early, and in the course of bargaining, put her parasol on the counter near a large feather duster, which one of the clerks had been using.

Household Hints.

FOR DESTROYING INSECTS.

Hot alum water is a recent suggestion. It will destroy red and black ants, cockroaches, spiders, chintz bugs, and all the crawling pests which infest our houses.

Take two pounds of alum, and dissolve it in three or four quarts of boiling water. Let it stand on the fire till the alum disappears, then apply it with a brush, while nearly boiling hot, to every joint and crevice in your closets, bedsteads, pantry shelves, and the like.

Crevice in floors, skirting, washboards, bases, &c., washed or mopped in, will destroy everything in the shape of insects.

In white-washing ceilings, alum added to the lime, will keep insects at a distance. Cockroaches will flee the paint that has been washed in cool alum water.

Powdered alum and borax, will keep the chintz bugs at a respectable distance, and travellers should always carry a package in their hand-bags, to scatter over and under their pillows, in places where they have reason to suspect the presence of such bed-fellows.

Sugar barrels and boxes can be freed from ants by drawing a chalk mark just around the edge of the top of them. The mark must be unbroken.

DIRECTIONS TO VOTERS.

The following is the form of ballot to be used in the election for Queen's County

Election for the Electoral District of Queen's County District, August 19th, 1884.

JENKINS, I. John Theophilus, Charlottetown, X County of Queen's, Physician and Surgeon.

WELSH, H. William, Charlottetown, County of Queen's, Merchant.

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidate

The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot-paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot-paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot-paper in the ballot-box.—Ballot Act, Sec 35.

No voters should make any mark on the ballot-paper save one cross on any part of the ballot paper within the division containing the candidate's name for whom he intends to vote. If the voter writes his name or initials, or any remarks, he makes his ballot useless.

A simple cross upon the ballot for your candidate will assist in electing him. Any other mark or writing will contribute to their defeat.

1. Poll opens at nine o'clock a. m., and closes at five o'clock p. m.

2. Vote early.

3. See that your Liberal Conservative neighbor votes early also.

4. If you have a vehicle, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.

5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.

6. Poll every possible vote; the loss or gain of a single vote in each sub-division may make all the difference between victory and defeat.

7. If your returning officers and deputy returning officers are Grits watch them.

8. Each Liberal Conservative should vote as though the result of the election depended upon his individual exertions.

9. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.

10. Electors can only vote at one polling sub-division in the same electoral division, no matter in how many sub-divisions they may have votes.

11. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.

12. An elector having more votes than one in the same electoral district should vote in that electoral sub-division in which he resides. Attention to this rule will facilitate the polling, and possibly contribute to the individual elector's comfort.
