

From the Desk of the Security Director

The Security police would like to thank the students for the co-operation they have shown concerning parking on campus. A parking committee was named by the senate which was organized to deal with complaints regarding appeals and penalties. There are five members on this committee, faculty, staff, administration all have one member and the student body is represented by two members.

It has been requested that any member of the university or anyone concerned with the parking facilities would co-operate by marking items of value in the car with identification or lock the car. Both measures should be taken. Over the past a number of items taken from parked vehicles located in different areas consisted of stereos, stereo tapes and speakers.

The Department on one or more occasions have impounded vehicles and have detained unauthorized university personal due to lack of identification of stolen articles. These people were released and goods could not be given back to rightful owners due to lack of proof.

The Department are also asking students who find articles around the university area to please turn them over to a Security force member or to the office. So far the honesty of the students is

complimented, since many items are turned in unharmed. Another reasonable request to the students is to report to Security if any suspicious looking strangers are seen on campus so that it may be checked to see if any assistance could be given.

Skiing takes a new turn

Cross-country skiing's the new craze. Everything about it is different. From the clothes you wear right down to your skis. Just the sport for a girl like you. One who's eager to try something new.

Tampax tampons give you the freedom to be that kind of girl. They're worn internally to give you dependable protection. There are no bulky pads to chafe or irritate. And nothing can show. Not even under your slim cross-country knickers.

With Tampax tampons, there's never a reason not to ski — downhill or cross-country.

Can any further assistance be given to the owner of this fine looking specimen of an automobile to protect it further from the hazzards of suspicious looking strangers?
