**Georgetown Home & School Holds Meeting**

The regular monthly meeting of the Georgetown Home and School Association was held in the Council Chambers on Thursday, May 11th at 8:15 p.m. The president, Mrs. Myrtle Babineau, called the meeting to order. After the singing of "O Canada", the minutes of the last meeting were read and adopted.

The reports of committees followed. Miss Rita Wright submitted the list of sewing machine owners, as requested at the previous meeting. Mrs. Myrtle Babineau reported that she had interviewed one of the staff of the Singer Sewing Machine Company regarding their previous offer, as mentioned in the minutes of March 30th. It was indicated that something might be done in this regard around the first of July.

Mr. J. B. Scully reported the result of his interview with Mr. Sharpe, Provincial Sanitary Engineer. Mr. Sharpe expressed his willingness to assist in any way possible in providing a suitable water supply for the school.

The president then introduced the guest speaker for the evening, Miss Lois Brady, Public Health Nurse for King's County. Miss Brady outlined the various duties of the Public Health Nurse and emphasized the importance of proper instruction in health. She commended the town on the good work accomplished by the Dental Clinic, and on being questioned about the possibilities of extending the age limit for this treatment, she replied that she would investigate the matter.

During her remarks she demonstrated the use of a chlorinating and water testing kit, which will eventually be supplied to the school. Following her address Miss Brady replied to various questions directed to her. The president then requested the meeting to present any new business.

Mrs. Michael Burke, Sr., spoke on the great value of the Women's Institute, and asked whether it would be advisable to attempt to re-organize this body. Several speakers gave their views on this question but no definite plan was adopted. A nominating committee was then appointed to bring in a suggested slate of officers at the next meeting, which will be the annual meeting of the organization. The following were named to this committee: Mrs. William Murphy, Mrs. Agnes Murphy and Mrs. Mary Yorsdon.

The secretary-treasurer was authorized to pay any outstanding

**Home & School Group Meets At Montague**

The second meeting of the Home and School Association was held in the Montague School this week with Mr. Joseph Noonan presiding as chairman. Mr. Carl Bochner, chairman of the nominating committee brought in the following slate of officers:

President, Dr. G. S. Inman. Vice-president, Mrs. J. D. MacLeod. Secretary-treasurer, Mrs. Elsie Watterworth.

Executive: Mrs. Ethan Stewart, Mrs. Arthur MacNeil, Mr. Malcolm MacKenzie, Mrs. Lester MacLeod, Mrs. Malcolm Clair, Mr. Ralph Beck, Mr. Carl Bochner, Mr. Art Sullivan.

Dr. Inman then addressed the group urging that co-operation should be the main principle of such an organization. He felt that small problems should be undertaken first, after which, with more experience, the larger problems might be tackled. He cited several instances where, from a small beginning, such associations had improved and developed educational facilities in the community. The problems of education, he said, were of first importance in any community, and through the united action of all, these problems would find an easy solution.

Mr. Stan MacInnis of the National Film Board then showed a film on The Home and School, depicting methods of teaching and handling different problems, as exemplified in English teaching, another on the Leslie Bell singers, and one on the P. E. I. National Park. An open discussion on several problems followed led by the president in which all took part, showing that through such co-operation any problem may be solved. Thanks was tendered Mr. MacInnis for his kindness in presenting the films to the interested group.

The large crowd which attended this second meeting augurs well for the future success of the association, and if every citizen in the community will join this association, and take an active interest in their child's school, without doubt there will be great progress and development in this the most important institution in the community.

debts of the association, on motion by Mr. J. A. B. MacConnell, seconded by Miss Rita Wright. It was then moved by Mrs. Marion George, that the executive take care of arrangements for the annual meeting. An interesting discussion then took place on the practical value of students writing the entrance examinations, from the standpoint of examination experience only. Since several of the students from the entrance class were present they were asked to comment on this question. From their remarks it was concluded that there is some value in this procedure.

A vote of thanks was then extended to Miss Brady for her very instructive address. Moved by Mr. J. A. B. MacConnell, seconded by Mrs. William Murphy, the meeting then closed with the singing of the National Anthem.
