## PRINCESS BIDS CANADA AFFECTIONATE AU REVOIR

### Remembrance Day Observed At War Memorial Yesterday

Through streets still flag-draped for the Royal visit last Friday, hundreds of veterans of two world wars paraded in Charlottetown yesterday afternoon, and thousands of citizens participated with them in the solemn observance of Remembrance Day. In Summerside and other centres throughout the Province similar ceremonies were held. All were very largely attended despite the inclement weather.

At the Charlottetown memorial, brief but eloquent addresses were given by Rev. Francis Bolger, Roman Catholic padre, and Rev. J. T. Ibbett, each of whom emphasized the spiritual meaning of the ceremonies. The Charlottetown service was held in the afternoon but the traditional 11 a. m. period was observed in the privacy of the many homes. It began with the forming of the Legion parade which moved off from the Legion Home shortly after 2:30 p. m. and formed up along Great George street. Just as it started a single gun salute was fired from the 28th L.A.A. Regiment at Victoria Park.

A legionnaire, Mr. C. M. Sinclair, recited the opening lines of Lawrence Binyon's salute to all heroes "They shall not grow old". It was followed by Reveille with another one-gun salute. His Honor, Lieutenant Governor, R. W. L. Prowse laid the first of the many wreaths with B. Earle MacDonald, representing the Premier, following and Acting Mayor J. David Stewart coming next. With Mayor Stewart were City Councillors A. Gormley, Lester O'Donnell, C. M. Cox, E. C. Johnstone and Wendall Beaton. Also present were City Clerk James E. Fullerton and Chief of Police Charles MacArthur. A little boy, John Rogers, was one of the many ordinary citizens placing a wreath. In company with his elder brother, David, he walked to the monument with his mother and there laid a wreath in memory of his grandfather, Ralph Rogers, who died in the First World War, and of other relatives who have fallen while serving in the last conflict.

At the conclusion of the services (Continued on page 5 col. 4)

### Coming Events

\*Paying 10 cents for clean Timothy Seed. McGulgan and Boyle.

\*Cards and dance Millview Hall, Wednesday, Nov. 14. Millview Women's Institute.

\*Dance, Mermald School, Wednesday, November 14th. If not fine, Thursday. Lunches served.

### Stellarton Woman Charged With Death Of Husband

STELLARTON, N.S., Nov. 11 — (CP) — Mrs. Vernon Ince, 19, was charged with murder Saturday a few hours after her 21-year-old husband was buried.

Mrs. Ince, mother of two, earlier was held on a lesser charge of inflicting grievous bodily harm. Ince died after suffering a bullet wound Wednesday. Police said the shooting took place during a family quarrel at the Ince home.

An inquest will be held Nov. 14.

### Big 3, Turkey Plan Middle East Defence

By Carter L. Davidson  
PARIS, Nov. 11 — (AP) — The Western Big Three and Turkey laid down the blueprint for a middle east defense command Saturday and told the countries of that area they will have to join to get help in defending themselves against an aggressor.

So far, Egypt and most of the other nations have, for various reasons, turned up their noses at the whole scheme to insulate that strategic region of 70,000,000 persons and more than 1,000,000 square miles against the threat of Communist aggression.

Only Turkey, who joined the United States, Britain and France Saturday in a statement that they would set up a Middle East command, is actively engaged among the Middle East countries in linking her security problems with those of the Western world.

The issue of whether the Arab states will join is bitter. Egypt, for one, has said flatly she will not. Egypt insists the Arab world's own regional alliance, the Arab League, is adequate to prevent a Communist aggressor from over-running the Middle East.

Some other Arab nations, notably Iraq, Jordan and Lebanon, seem more receptive to the idea that the Middle East defenses should be under the wing of the bigger, stronger Atlantic community.

### Young Liberals Want Flag

VANCOUVER, Nov. 11 — (CP) — The National convention of the Young Liberal Federation of Canada Saturday resolved Canada should have a "distinctive flag" and then accepted a proposed design for one.

The proposed national flag put forward by the convention is blue with a horizontal white stripe, 10 blue lines representing the 10 provinces and a green maple leaf superimposed on the blue stripes.

The resolution urged the Federal Government to "proceed without delay to design or obtain a design and adopt a distinctive Canadian flag."

Guy Rouleau, 28-year-old Montreal lawyer, was elected president of the Federation.

Elected to the new post of vice-president was George Urquhart of Saint John, N.B.

### Outstanding Industrialist Passes Away At Toronto

TORONTO, Nov. 10 — (CP) — James Henry Gundy, 71, one of Canada's outstanding financiers and chairman of the board of Wood, Gundy and Company Ltd., died Saturday.

Mr. Gundy, born in Harrison, Ont., was the son of a Methodist minister. At 18 he took a job with Central Canada Loan and Savings Company and at 25 organized his own bond house: Wood, Gundy and Company.

### Ships Arrive To Load Potatoes At Summerside

On Sunday morning the freighter "Mary Sweeney," (500 tons) commanded by Captain Cooper docked at the Marine Wharf in Summerside to load 10,000 bags of potatoes for Canada Packers. Destination is Charleston, South Carolina.

The freighter Bramante of Greek registration docked at the wharf on Saturday and will load 60,000 bags of potatoes and turnips. H. B. Willis of Charlottetown is the shipper. The cargo is destined for southern ports.

The Monte Alamo of Greek registration and the Sparta of Italian registration who will load potatoes for Florida are expected to dock about the end of this week. Shippers are Hubert Agnew and J. L. Rayner.—S.

### Predicts Drop In Cortisone Prices

MINNEAPOLIS, Nov. 11 — (AP) — Arthritis sufferers will be able to purchase cortisone for about the current price of pentillin within two or three years, Dr. Philip S. Hensch of the Mayo Clinic, says. A drop in cortisone prices to around the pentillin level would mean, druggists indicate, that "maintenance doses" would cost as little as 50 cents a day.

LONDON — (CP) — A centre in Queen Mary's hospital at Roehampton, which fits artificial limbs to patients, reports it treated more than 30,000 patients in the past year.

Their influence extended from banking to pulp and paper, insurance, textiles, trust companies and utilities.

The first big move of Gundy and Holt was the \$51,000,000 purchase of Canada Cement Company which they immediately recapitalized at a neat profit. Later, they gained control of British Empire Steel Corporation, then worth \$130,000,000, and applied the same reorganizing technique.

Mr. Gundy built his financial company into one of the three leading bond houses of the country, and established a chain of business directorates and connections that ranged from power and paper companies to life insurance, farm implements, oil and flour.

Beginning Tour Of Barns  
Leaving by a side door, the Royal Party first drove to the new round type of poultry house, where their Highnesses showed particular interest in the automatic feeders which, by means of an endless chain, carry feed con-

Pictured above is Her Royal Highness Princess Elizabeth on her visit to this City as she inspects the Royal Guard of Honor drawn up on Richmond Street opposite the Provincial Building. The Guard was formed for the Royal visit from members of units in the local garrison. The Princess is shown chatting with Major Ivan Harper, M.C., commander of the Guard, as she passes the Color Party. Holding the Colors is Lieut. H. W. F. Hughes while immediately on his right is S.Q.M.S. Charles E. Ryan.

### Royal Couple Showed Keen Interest In Livestock At Ch'town Experimental Farm

Her love for animals and concern for their welfare expressed by Princess Elizabeth, and the keen interest in agriculture displayed by both the Royal visitors at the Charlottetown Experimental Farm on Friday afternoon, made a deep impression on officials and staff of the station.

Their Highnesses made an unscheduled visit to the poultry house, cattle barn and pig testing station, and were at pains to learn all the details of the projects being carried out there.

This they did, not only by asking questions of top officials, but by actually seeing for themselves and by talking to the men who feed and care for the animals and carry out the practical side of the experiments and testing.

It was while tea was being served in the residence at the farm that the unscheduled tour of the barns was initiated. Prince Philip had remarked to Mr. R. C. Parent, supervisor of the Station, that he had seen no livestock in evidence at the farm. He was assured that there was livestock and that they formed a very important part of the programme being conducted there.

Princess Elizabeth, who had overheard the conversation, immediately expressed a desire to see them.

"If that is your wish, you most certainly shall see them", was the reply of the Prince.

Acting on his words, Prince Philip promptly gathered officials of the farm, and after a brief conference as to the strict timing of the schedule, the visit to the barns was arranged.

### News In Brief

ROME, Nov. 11 — (AP) — A worldwide war against want to conquer starvation and malnutrition will be planned at the sixth world conference of the Food and Agriculture Organization of the United Nations opening here tomorrow.

PARIS, Nov. 11 — (AP) — A 14-member steering committee Saturday snubbed Russia's renewed bid to seat Communist China in the United Nations. Over heated Russian objections, the committee approved an American-backed plan to bar debate on the subject in the current General Assembly.

ROME, Nov. 11 — (AP) — Unconfirmed dispatches from Stockholm in two Rome newspapers Saturday night said missing British atom scientist, Bruno Pontecorvo has been arrested in Soviet Russia as a Western spy.

PANMUNJOM, Korea, Nov. 11 — (AP) — United Nations and Communist negotiators conferred for four hours and 40 minutes today but made no progress toward agreement on a cease-fire line in Korea.

TOKYO, Nov. 11 — (CP) — A lieutenant credited with brilliant feats of surgery aboard the Canadian destroyer Cayuga in Korean waters is being returned to Canada for an investigation of whether he really is a doctor.

The Canadian Navy, which he joined in Ottawa last March, lists him as Surgeon-Lieut. Joseph Cyril Edmondson, N. B.

But New Brunswick authorities said there is record of only one Dr. Joseph Cyril and he's practising in Grand Falls, N. B.

New Brunswick authorities asked for an investigation of the surgeon lieutenant's identity and qualifications when newspapers printed accounts of his operations on wounded South Korean soldiers.

Using an operating table in the captain's cabin aboard the Canadian warship, the tall, heavily-built man successfully collapsed the lung of one patient, amputated limbs and removed a bullet one-fourth of an inch away from the heart of another patient.

He was suspended when his identity was challenged.

Arrives In Tokyo  
Looking tired after a 30-hour train ride from the southern Japanese port of Sasebo, the surgeon

### Royal Couple Welcomed In Cape Breton & Newfoundland

By Jack Brayley  
Canadian Press Staff Writer  
ST. JOHN'S, Nfld., Nov. 11 — (CP) — On the eve of her departure for England, Princess Elizabeth said Canada had become a second home "in every sense" and last night in a junior officers' gun room on the Royal cruiser Ontario she had a homey time.

Today she and her sailor Prince received the last and one of the heartiest welcomes of her 15,000-mile North American tour from this old city.

They arrived early in the morning after a smooth, moonlit overnight run from Sydney, N. S., where she made a three-hour stop Saturday to drive through crowds interspersed with Cape Breton highland pipers and to see a spectacular display of industrial might in the molten steel flowing out of the big Dosco open hearts.

In her farewell broadcast the Princess spoke of her five weeks' tour through "this vast and splendid land."

It was not easy to say goodbye because she was "leaving a country which has become a second home in every sense."

Wherever she and the Duke had been throughout the 10 Provinces "we have been welcomed with a warmth of heart that has made us feel how truly we belong to Canada."

They were taking with them "memories that will always draw us back to this country" and she recounted some of her impressions including the autumnal colors and said she had learned to say "Fall" for this season of the year. She was grateful for the "glimpse" Canada had given her of the greatness of the nation and the even greater future within its grasp.

Children's Eyes & Voices  
"I have seen this future in the eyes of hundreds of thousands of your children and have heard it in their voices. For as long as I live I shall remember and cherish fondly the greetings which came to us each day from those young people. I pray that their lot in this land will always continue to be a happy one."

Continuing she said: "I am well aware that the acclaim you have given us, which has often seemed (Continued on page 5 col. 5)

### Churchill-Truman Conference Likely

KEY WEST, Fla., Nov. 11 — (AP) — President Truman and Prime Minister Churchill will meet in Washington early in the new year.

Presidential Secretary Joseph Short disclosed today that the meeting probably will take place in January.

Short said there had been an exchange of cable messages between the President and Churchill, who recently was returned to power in the British elections.

Short was asked if French Premier Rene Plevin of France also would attend. He said he "hadn't heard of that."

There was no indication that the Washington conference would involve any others than the President and the Prime Minister beyond top members of both governments.

He was asked if there had been any suggestion that Stalin might join the deliberations. "I've heard nothing along that line," Short declared.

Short's assertion followed up a (Continued on page 11 col. 3)

### Man Held In N.B. Murder Case

FREDERICTON, Nov. 11 — (CP) — Police said Saturday they were holding a Fredericton resident, Louis MacMillan, 68, as investigation, continued into the death of a young man whose body was found in the St. John river here Oct. 31.

The body has been tentatively identified as that of Jack Charrier, 19, of nearby Lower Lincolnton. MacMillan had been serving a two-month term for having liquor in an unauthorized place. He was sentenced Oct. 28.

Police said they believed the motive for the fatality was a fracas over money. The body, weighted by a heavy piece of slag, apparently had been in the water more than a week. It showed numerous injuries, and head wounds were given as the cause of death.

MacMillan had been employed at a fish and chips establishment on the riverfront. He slept in a warehouse.

Definite identification of the body is expected to be made from fingerprint evidence. Charriers, a woods worker, was last reported seen alive on Oct. 5.

### A PESSIMIST IS A GUY WHO WOULD RATHER BE WRONG THAN HAPPY!

HALIFAX, Nov. 11 — (CP) — Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Monday.
