We find, that in doing a General Store Business, certain items are bought that prove to be "slow sellers".
 When taking stock in January we set aside all this class of merchandise and also discontinued lines.
 These goods will be displayed on the second floor for this sale and everything has been marked at clearing prices.
 However, should it be found necessary to re-price some items at lower levels this will be done as all these goods must be moved regardless of price.
 It is impossible to list all this class of goods but we give below a few of the outstanding values.

- KETTLES, reg. \$3.75—SALE 98c
