Crown Evidence In Lea Case Concluded In Supreme Court

The Crown yesterday called ten witnesses to complete their evidence in the case of Harold Clement Lee, charged with the theft of money from Anglin-Norcross (Maritimes) Limited. The case arose out of an alleged holdup which took place on Friday, April 20 in which the accused asserted that he was struck on the head and robbed after an unknown assailant, reportedly hiding in the back seat of his car, had ordered Lee to drive out of the City. Continuing out the Trans Canada Highway towards Borden and in the vicinity of DeSable, Lee said he was attacked and left in the car unconscious.

Reginald Denny was recalled to the stand and asked to describe where he first saw the accused, after visiting the area with Mr. Nicholson and Mr. Campbell last evening. Cst. Eric Tedford and Cst. Calvin Bungay R.C.M.P. both gave details of their part in the investigations at Hampton and DeSable. Deputy Chief Sterns Webster, City Police, told of going to Hampton in the car of John MacKinnon. He was asked to identify two wallets one dark brown and the other light brown, which he said he had first seen at Queen's County Jail and they were the property of Lee.

Chief C.W. MacArthur, City Police, then followed and said that he had taken down a statement from the accused at noon, Saturday, April 21 at the Charlottetown Hospital, the accused first being given the customary warning by Sgt. Davis. Cross examining, Mr. Campbell said that knowing the money had been found "You wern't going to believe anything he said" and the witness replied "I was in no position to know what he was going to tell me."

OBJECTS TO CONVERSATION

The next witness Sgt. Donald S. Davies, R.C.M.P. said that he had seen the accused at Dunsford's store in Hampton and had converstation with Dr. MacDonald with regard to the condition of the accused. At this point Mr. Campbell objected twice to evidence of conversation. Witness also told of the organization of the search of the district which he directed.

Under cross examination witness said that he had drawn Dr. MacDonald's attention to the absence of external indications of a blow to the head. Mr. Campbell questioned the witness at some length regarding the area and buildings that were and were not searched and counsel said "From the start, you never gave this boy a break" and witness replied "I was doing my duty." Asked if he felt the accused was guilty, Sgt. Davis said he did on Saturday before the statement was taken but couldn't say he had than opinion when at Hampton. "In other words" said Mr. Campbell, "You didn't feel he was guilty until you found the money."

In closing defence counsel said there appeared to be a number of police officers and others connected with the case who have not given evidence and who have not been subpoenaed.

SEEMED UPSET

Dr. Clarence Coady, Charlottetown, said that he seen and examined Lee at the Hospital at about four p.m. April 20 and the patient seemed upset and apprehensive. He complained of pain in the right side of the head and numbness of the right arm and hand. Examination did not reveal any abnormality from being struck by a hard object, but that did not rule out that Lee may have been struck with a soft object. Dr. Coady said he left instructions for the usual type of observations to be carried out by the nursing staff as in all cases of possible head injury.

Dr. Wendell MacDonald, Radiologist, Charlottetown, said that he had X-rays taken of Lee's head from several angles and examination of the plates showed no abnormality. Arthur Henry, P. E. I. Motor Vehicle Division, produced registration certificates for a car which was registered as belonging to Lee both in 1955 and 56.

FINAL WITNESS... ... ...

The final witness for the Crown Cst. Gordon Humphrey, said that he had made a cast of a footprint in the vicinity where Denny had first seen the accused but did not compare it with that of the accused as he wore a different type of footwear. Witness then was asked to describe in detail his examination of Lee's car the next day, Saturday, he said that he had found a canvas bag containing $1.17 in coins on the floor of the back seat and a fifty cent peice lying on the floor loose. In the ashtray on the dash he also found another eleven cents.

Continuing the search he put his hand down behind the kick-board on the left side and felt some paper, prying the corner of the board loose he found some bills which totalled $110. He then went to the right side and loosened the board finding another wad of money amounting to $750. At various times during his testimony witness was asked to examine and explain photographs of the interior of the car. When asked by counsel for the Crown, Mr. J.P. Nicholson, if he had found a piece of rubber hose in the car, witness said he had and produced a section of hose about a foot in length.

Questioned by Mr. Campbell, witness said that he couldn't swear that any part of the money found was from that which came from the bank, April 20. This concluded the evidence for submission by the Crown, and defence counsel then commenced his outline of what the defence intends to produce.

Mr. Campbell said that the defence intended to rely upon and tell nothing that was not the truth, which meant the truth which was told by Lee out at Hampton and the truth given by him in his statement to the police. Selecting various portions of the evidence submitted by the Crown he maintained that there were a number of discrepancies.

At the conclusion of his summary, Justice G.J. Tweedy adjourned the sitting until ten oclock this morning.

P.E.I. Protestant Orphanage Reports Encouraging Year

The annual meeting of the P.E.I. Protestant Orphanage was held in the office, 158 Prince St., Thursday evening, June 21st.

Mr. W. A. Stewart, chairman Mrs. H.S. Henderson, Vice,chairman, and Mrs. W.A. Henry, Sec'y treasurer, were re-elected.

Mrs. H.S. Henderson, chairman of the Finance Committee, presented her 29th consecutive annual report. Receipts for the year reached the encouraging total of $26,240.23. Operating and maintenance expenditures were quite high, but careful budgeting resulted in a modest surplus.

Mr. Stewart, expressed appreciation in behalf of those present at the meeting for the excellent manner in which Mrs. Henderson has carried out her duties for so many years.

Mr. Stewart in his reveiw of 1955 said that the Finance Committee, without whose able support our activities would grind to a halt, has again demonstrated what can be accomplished by patient untiring effort. Mrs. H.S. Henderson has been chairman of this committee for almost three complete decades. It is not often that one willing to shoulder responsibility is gifted with the ability to carry it so well. To Mrs. Henderson, the Ladies Auxiliary and to all loyal helpers, who assist in this vital phase of our work, I express my sincere thanks.

The Adoption Committee upder the experienced leadership of Mrs. .WG. Bruce, continues to function in a most satisfactory manner. The duties of this committee are many and varied. We are fortunate in having a person with Mrs. Bruce's grasp of welfare problems at its head.

The Buying Committee with Mrs. I.A. Horne as Chairman, has performed its duties efficiently and with an eye to economy. I am quite satisfied that funds received from the public have been carefully spent to good advantage. There has been no waste, but at the same time these entrusted to our care have been provided for adequately.

The Home Committee whose activities are the particular concern of Mrs. Arthur Henry, has acted during the year in close harmony with Mrs. Wright, the Orphanage Matron and her capable staff. I thank them for the effort in creating an atmosphere about the building much more like one would associate with a home rather than an institution.

The Property Committee had another busy year. Extensive repairs and improvements were carried out with the minimum outlay of funds and consistent with sound business practice. I must congratulate Major T.E. MacNutt, Chairman of this committee, for the way he has handled the problems which confronted him. Our buildings are not new. They require considerable in the way of maintenance each year. On the other hand, we must operate as economically as possible. Major MacNutt manages to strike a good balance in controlling the use of funds for this purpose.

I am happy to observe that our school continues to provide instructions well up to standard. In particular, I would mention the splendid assistance given by Mrs. Lea Morgan and Mr. William Murchison in teaching music. The Royal Arch Masons, as in previous years, accepted the financial burden of equipping the classroom, and our students have wanted for nothing that was not made available.

I wish to express grateful appreciation to Drs. F.W. Tidmarsh, D.T. Waye, L.S. Cox, J.P Lantz, G.G. Houston, J.W. Moreside and J. O'Meara for professional services voluntarily rendered during the year and to the P.E.I. Hospital for free care when the occasion warranted it.

To the many groups and organizations who support our work, such as the Masons, Queen Mary Needlework, R. C. A. F. Summerside, Kinette Club, Grand Lodge L.O.B.A., the Kinsmen, Order of the Eastern Star, I.O.O.F., Rangers and Guides, the Women's Institutes, the Orange Association, the B.I.S., Y.M.C.A., the Churches and Clergy, to the Summerside and Charlottetown press, I express heartfelt thanks.

Finally my thoughts turn to those closely associated with me during the year. My fellow workers on the Trustee Board, Mrs. Avelda Wright and her capable staff, and Mrs. Evelyn Henry, our Sec'y treasurer. To all of them my thanks for the excellent manner in which they carried out their duties.

Seed Growers Hold Meeting; Islander Honored

AMHERST (CP)— W.T.G. Wiener, Secretary of the Canadain Seed Grower's Association, said Wednesday that all crops with the exception of vegetables and tobacco showed an increase in 1955.

Mr. Wiener told the Association's annual meeting that vegetable and tobacco seeds registered a decrease of 58 percent. The total production for 1955 was more than 19,000 pounds, compared with 45,673 in 1954.

The total production of the other seed crops last year was 412,735 acres compared with 349,911 in 1954. Of the total 345,328 acres were accepted for registration.

President J. Farquharson of Aealandia, Sask., addressed the opening session of the two-day meeting.

Following the presidential address a number of members were elected to Robertson associate membership in the organization. They included Fred Hyatt of Cambridge, N.B.; and honoarary life member-ship was awarded to Gordon MacMillan, Cornwall, P.E.I.

Tribute was paid by the president to T.J. Pratt of Hartland, N. B., and I.L. Tuplin of Charlottetown, members of the organization who died recently.

FLEES TO ESCAPE WORK

Wins Commons Five-Pin Bowling League

T.J. Kickham, Liberal M.P. for Kings was a member of the House of Commons bowling league team which won first prize in the contests last spring and winter. The league incudes both M.P.'S and members of the House of Commons staff. Captain of the team on which Mr. Kickham played is George Heatherington, secretary to opposition Leader Drew. Mr. Kickham modestly told the Guardian that he is not a very good five-pin bowler but was pleased to be on the top team of the Centre Block of Parliament.

Dunn's Heir May Settle In Canada

KNOCKHOLT, England (CP)— Mrs. Monica Graham, who inherited £1,000,000 earlier this year from her grandfather, Canadian industrialist Sir James Dunn, may settle in Canada.

Mrs. Graham and her husband even are scheduled to arrive in Montreal during the last week of June aboard the Cunard liner Ivernia.

"It is our first visit to Canada and we are going to have a general look around," said Graham, a London car salesman at the time of Sir James' death early in January.

The Grahams said they will probably buy a car in Montreal or Toronto and drive to British Columbia.

for the Children and to teach and train them in Christian surroundings.

"The sympathy for under-priv ileged children has not diminished and we are blessed with the service and devotion of a great number of people. This has enabled us for the 29th consecutive year to close our books with a surplus.

"The total maintenance Receipts reached an all-time high $26,240.23, truly an outstanding amount. The Endowment Fund is increasing rapidly and the Grand Total-Bonds and Estates, is now $190,120.00. This rapid increase, especially during the past ten years, indicates our people are fully aware of the value of, and have confidence in, the work of the Orphanage. May I emphasize that without the Interest received annually from the Endowment Fund the Orphanage could not carry on successfully at the present time and certainly this large fund is a safe-guard for the future.

"During the year extensive repair work on the exterior of the Orphanage was carried out. We were fortunate to have sufficient cash in the Capital Reserve to pay all expense in connection with this

"Today we mourn the passing of a true friend of the children, Mrs. Nelson, O'Leary. The recollection of her fine work will remain fresh in our memories and to the bereaved we extend sincere sympathy

"Before closing may I humbly and sincerely say that I am deeply thankful for the way our work has been blessed in the past, thankful also to the ever-generous people of our Province.

"To you I wish to again extend heart-felt thanks for your co-operation, your lovely letters, your out-standing work and your never-failing kindness.

"May we go forward with faith and courage."

Further Progress Is Reported In P.E.I. Hospital Campaign

The announcement was made by J. David Stewart, general chairman of the Prince Edward Island Hospital Campaign to raise $250,000. that solication is now almost in full progress in the immediate service area of the Hospital. Advance Gifts and Special solicitation are nearing completion with about 30 large firms and business interests yet to be decided. The Charlottetown Business and Professional Committee, under the excellent leadership of Brigadier W. W. Reid, opened their phase of solicitation last Tuesday morning. This committee is made up of over 100 active business men and a group of enthusiastic women from the Senior and Junior Ladies' Aids. They are meeting with a hearty response and every day the results of the Campaign become more encouraging.

There are now over fifteen main committees in the area, with over 80 sub-committees actually soliciting, and since the seeding and planting is almost completed, full returns of their efforts are expected next week. The results of each area will be announced soon. Three rural school districts have verbally reported over $3,000.00, with a high ratio of pledges ranging from $30.00 to $300.00.

Mr. Stewart concluded by saying: "I respectfully urge everyone, carrying on this fine voluntary service for the common good of all, to make a special, concerted effort in the next few days to finish their job. If everyone can do their utmost now, we can look forward to completion of the Campaign by June 30th, as planned, with most successful and gratifying results."
