MY PSALM.

I mourn no more my vanished years:
  Beneath a tender rain,
An April rain of smiles and tears,
  My heart is young again.

The west winds blow, and singing low,
  I hear the glad stream run;
The windows of my soul I throw
  Wide open to the sun.

No longer forward nor behind
  I look in hope or fear;
But grateful, take the good I find,
  The best of now and here.

I plough no more a desert land,
  To harvest, weed, and tare;
The manna dropping from God's hand
  Rebukes my painful care.

I break my pilgrim staff, I lay
  Aside the toiling oar;
The angel sought so far away
  I welcome at my door.

The airs of Spring may never play
  Among the ripening corn,
Nor freshness of the flowers of May,
  Blow through the Autumn morn;

Yet shall the blue eyed gentian look
  Through fringed lids to heaven,
And the pale astor in the brook
  Shall see its image given.

The woods shall wear their robe of praise,
  The south wind softly sigh;
And sweet, calm days in golden haze,
  Melt down the amber sky.

Not less shall manly deed and word
  Rebuke an age of wrong;
The graven flowers that wreathe the sword
  Make not the blade less strong.

But smiling hands shall learn to heal,
  To build as to destroy;
Nor less my heart for others feel,
  That I the more enjoy.

All as God wills, who wisely heeds
  To give or to withhold,
And knoweth more of all my needs
  Than all my prayers have told.

Enough that blessings undeserved
  Have marked my erring track;
That, wheresoe'er my feet have swerved,
  His chastening turned me back:

That more and more a Providence
  Of love is understood,
Making the springs of time and sense,
  Sweet with eternal good.

That death seems but a covered way,
  Which opens into light,
Wherein no blinded child can stray
  Beyond the Father's sight:

That care and trial seem at last,
  Through memory's sunset air,
Like mountain ranges ever past,
  In purple distance fair:

That all the jarring notes of life
  Seem blending in a psalm,
And all the angels of its strife
  Slow rounding into calm.

And so the shadows fall apart,
  And so the west winds play;
And all the windows of my heart
  I open to the day.

A TREATY EXACTED BY FORCE.

The recent intelligence from India records particulars of a strange, and indeed unprecedented outrage on the Indian Government and the British nation. The Hon. Ashley Eden as secretary to the Government of Bengal, and that Government, wishing to effect better relations of trade with a tribe of semi-savages in Bhootan, a province adjacent to our own of Assam, sent this honorable gentleman to work the enchantment. No pains appear to have been previously taken to ascertain, in the slightest degree, how such an offer would be received. Some tact and judgment were clearly indispensable for such a mission, and how far the Hon. Mr. Eden possessed these requisites, the sequel will show. He set out with his treaty in his pocket, and found when he placed his feet on the Bhootan territory that the people were opposed to his progress. The populations of the villages which lay in his course turned out, and showed the most unmistakeable hostility. But instead of turning back, as a wise man under the circumstances would have done, he declared that difficulties only nerved his determination. When he reached the Court of Bhootan, new indignities awaited him. 'The people,' says the narrator, 'seized him by the beard and hair, took *betel* from their mouths and made him eat it, and insulted the party in many other grievious ways. The Brooteas would no', of course, look at the treaty which Mr Eden was authorised to enter into with them. They rejected that with scorn. But they drew up one of a different character and placed it before Mr. Eden, and required him to sign it. Whether he resisted or not, I cannot tell; but the fact is unquestionable that the Envoy of Her Majesty's Government did sign that treaty! Now, what this treaty did was to cede the whole of our neighbouring State of Assam, without limit or conditions, absolutely and unconditionally, to the half-naked savages who stood yelling their demands in his ear.' We have quoted enough. If this incident had been met with in a work of fiction, it would have been deemed too improbable for belief. The beauty of the whole affair is that the Bhooteas intend to hold us to the terms of a treaty thus obtained.—*European Times, August* 26.

"Notwithstanding all reports to the contrary, an expeditionary force will proceed to Bhootan in the coming cold season. Preparations are quietly but steadily going on in Fort William with this view. Government has instituted inquiries as to how light the two regiments at the presidency—the 25th and 40th N. I.—can march, what number of mules they will require for baggage purposes, and what arrangements are necessary regarding shoes, warm clothing, &c. The Eurasian Mountain Train Battery is to accompany these regiments, and probably some European troops will be sent also. H.M.'s 27th Regiment, now at Dinapore, is named as the corps likely to supply the European portion of the expedition."—*Bengal Hurkaru, June* 22.

ADVICE TO YOUNG WIVES.—If anything occurs in your domestic concerns to vex or ruffle your temper, do not annoy your guests by relating your grievances; it is unkind to them, and tends to mar their pleasure, without being of advantage to yourself. Some people possess the enviable talent of rendering every one happy with whom they come in contact; they are endowed, also, with considerable discernment of character, and know how to call forth the peculiar talents and perfections of others, while they encourage the timid, and gently repress the encroaching. Such, however, may not be your privilege; but an earnest wish to promote the happiness of your guests is within your power, and cannot fail to shed a halo of cheerfulness around you.

In a report made to the British Government by Sir Roderick Murchison, the geologist, it appears that Great Britain yields yearly nearly eight million tons of iron ore; and the coal produced amounts annually to about eighty-three and a half million tons, the estimated value ranging

An enlarged and improved Edition of
A WORK ENTITLED
"Sar obair nam Bard Gaelach,"
—OR—
The Beauties of Gaelic Poetry,
—AND—
LIVES OF THE HIGHLAND BARDS;
—WITH—
Historical and Critical Notes,
—AND—
A Glossary of Provincial Words,
By Norman McDonald, Esquire.

A MR. CHISHOLM is now travelling in the Island soliciting subscriptions for the above work, which comprises, in English, Biographical sketches of thirty-five different poets,—and, in Gaelic, selections from the works of each author, with English transalations of a few of the best lyrics; the whole interspersed with explanatory and critical notes in both languages, thus rendering the publication a work of surpassing interest to the lover of song and the admirer of true poetic genius, and indeed to every Highlander, or person of Highland descent, who, amid the degeneracy of our times, still retains some partiality for the land designated in song, "Tir nam beann, nan gleann, Sriam breacan."

The work consists of about 350 pages, printed on good paper, with small clean type and close matter, and is bound in different styles to suit fancy.

Orders for the above work will be received at the "Vindicator" Office. The price varies in accordance with the style of binding, from 9s to 12s. 6d. and upwards, Halifax currency.

A FINE CHANCE FOR SPECULATORS
AND
ENTERPRISING MEN.

THE UNDERSIGNED has been instructed by the owners to offer FOR SALE, or RENT, several VALUABLE FREEHOLD and LEASEHOLD PROPERTIES and FARMS in BELFAST and other parts of the Island, in good cultivation, well wooded, and possessing other advantages; and for which good and valid titles and immediate possession can be given.

ALSO—FOUR LOTS, being the residue of thirteen Building Lots (the other nine having been sold the present season) in that most advantageous mercantile situation known as SUMMER HILL, adjoining MONTAGUE BRIDGE, ten miles from Georgetown, where close on to 150,000 bushels of produce are annually shipped, and nearly all paid for in cash. Americans and other speculators purchase here, and ship for Great Britain, the United States, &c. A number of Stores, Wharfs, a Meeting House, Post Office, and Temperance Society have been established for some time, with many Grist, Saw and Cloth Mills in the vicinity; where also any quantity of all kinds of Lumber can be had in trade at low rates. SUMMER HILL property is the only *Freehold Property* for sale in the place, which renders it most desirable for all classes of artizans, now so much wanted in this rising town. A STORE, and Dwelling in it, capable of holding 15,000 bushels of produce, with a double Wharf and site for Lime Kiln, will be sold cheap or leased on reasonable terms.

Plans, particulars, or any other information can be obtained by calling at the office of Messrs. Ball & Son, Land Surveyors, Charlottetown. Reference can also be had from W. Sanderson, F. P. Norton, Thomas Annear, Georgetown; Jas Broydrick, Campbeltown, Lot 4; F. W. Hughes, *Examiner Office*, Charlottetown; and to the subscriber at Orwell, who is also Agent for the sale of **Manny's Mowing Machine,** the celebrated Yarmouth COOKING STOVE, and also for the Fulling Mills of Messrs. [EXTRACTS FROM NEWSPAPERS.]

On reference to a return made to Parliament, and ordered by the House of Commons to be printed, 7th June, 1861, it will be seen that the increase of Duty for the year, paid by the "QUEEN," was £2567, being upwards of £1000 more than paid by any other office ever yet established in this City.

[From Gore's General Advertiser, Oct. 24, 1861.]

"Indeed, we believe that we are perfectly justified in saying that no other Company, within the same period, ever attained so large an income in either the Fire or Life Departments as the Queen Insurance Company. In making this statement, we make no exception even in favor of our older local companies, namely, the Liverpool and London, the Royal, and the Lancashire Insurance Companies."

[From the Civil Service Gazette, Nov. 2, 1861.]

"Among these important institutions stands eminent for its solidity, as well as for its success, "the Queen Insurance Company," which last week held its annual meeting of proprietors in Liverpool. A reference to the ample report in another page will fully satisfy every reader of the signal progress made by this association since its foundation. Such success is, indeed, rarely attained; and it attests at once *the excellence of its management, and the public confidence in its constitution.*"

[From the Liverpool Mercury, Nov. 2, 1861.]

"It must be gratifying to the public generally, and especially to the proprietors, to find that its income during the past three years has increased at the rate of £20,000 per annum. We believe that no other Company, within the same short period, ever attained so large an increase either in the Fire or Life Department. This speaks highly for the activity and zeal of the management, while the promptness with which all the claims, arising out of the late disastrous fire in London were met, testifies to their financial ability and the care and prudence which marked the investment of these funds."

The Liverpool and London
FIRE AND LIFE
INSURANCE COMPANY.

THE Agent for the above first class English Fire Insurance Company begs to call the attention of the public to the advantages offered by this Company, in respect to the security to the assured, and promptness to pay losses, which, without disparaging other Companies, may be safely asserted to be superior to those afforded by any other Company in the Island. The Liverpool and London F. & L. Insurance Company has been in successful operation since 1836, with agencies all over the world, and has paid in losses about two millions and a quarter sterling. Its subscribed capital is £2,000,000 sterling, and its invested funds alone amount to £1,312,000 stg; and the fire premiums for 1861 amount to £360,130 19s 9d; and in addition to this very large capital, the Company, having been established before the recent Limited Liability Act, the individual fortunes of each of the shareholders, comprising some of the wealthiest merchants in Liverpool and London, are liable for the losses, should the whole of the capital be swept away. In this respect it differs, it is believed, from any other Company established here.

And lastly, the Agent being appointed by Power of Attorney directly from England, is authorized to draw Bills the moment a loss occurs, and without referring to the Home Company, to the extent of one thousand pounds sterling.

With these superior advantages, the Company is not disposed (though it might be well justified) to ask a higher rate of premium than other English Companies, which do not present the same advantageous features, and the Agent has been advised that an uniform rate has been agreed upon by the Directors of this Company and the "Queen," and that the Agents here should, in this respect, "act in consort."

Carlton's
Condition Powders!

Ayer's Pills.

ARE you sick, feeble and complaining? Are you out of order with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and deranges its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering and derangement. While in this condition take AYER'S PILLS, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtue of these Pills will neglect to employ them when suffering from the disorders they cure, such as Headache, Foul Stomach, Dysentery, Billious Complaints, Indigestion, Derangement of the Liver, Costiveness, Constipation, Heartburn, Rheumatism, Dropsy, Worms and Suppression, when taken in large doses. They are Sugar Coated, so that the most sensitive can take them easily, and they are surely the best purgative medicine yet discovered.

Ayer's Ague Cure,

For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers; indeed, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. Shaking brothers of the army and the West, try it and you will endorse these assertions.

HOLLOWAY'S PILLS!

Loss of Appetite—Loss of Strength—Loss of Health.

The marvellous effect of this fine medicine upon the system is such as to immediately rally all the vital functions, the appetite is soon restored, a full flow of spirits quickly follows, the body becomes immensely invigorated, with a certainty of restored health: fresh air and a little exercise are necessary to bring about a permanent state of things. Holloway's Pills imparts tone and energy to the most delicate constitutions, and in a manner as to astonish all who take them. By their extraordinary virtues they have obtained the largest sale of any medicine in the world.

Head, Heart, Lungs and Stomach.

Look to the regularity of the functions of these foundations of vitality. Holloway's Pills restore to order the slightest departure from the proper action, and, therefore, may be considered as the regulators of the mainspring of human life. Apoplexy can always be prevented if the proper action of the bowels be attended to, which this famous medicine never fails to accomplish. Disorders of the head and heart often terminate suddenly and fatally from obstructions in the system, which might generally be prevented by taking small and regular doses of this fine corrective.

Female Disorders.

No medicine can be so infallibly relied upon for overcoming all obstructions as these Pills; they never fail to restore a healthy action throughout the system. The printed instructions will enable all to correct the first symptoms of disease, and avert many serious maladies. Holloway's Pills soon change the sickly and sallow complexion, thus renewing the bloom of health. To females entering into womanhood, or at the turn of life, these Pills will be found invaluable. They should be taken two or three times a week, as a safeguard against dropsy, headaches, palpitations of the heart, and all nervous affections, so distressing at certain periods.

Sick Headache, Indigestion or Foul Stomach, and Disordered Liver.

In such a deranged state of health, the food is decomposed instead of being digested, and proves poisonous rather than nutritious. This derangement can be at once set right by a course of these purifying and digestive Pills, which have acquired for themselves an imperishable fame for the mastery they have constantly exercised over the digestive organs. Holloway's Pills increase the appetite, regulate the liver, repress biliousness, healthily stimulate the kidneys, and move the bowels in a more wholesome and natural manner than any other medicine.

Disorders incidental to Children.

The liver and stomach of children are, from many causes, often out of order, as they are allowed to eat many things that would disagree with their parents, hence their blood becomes impure, and liable to take any disease that is prevalent, and that in the worst form. One Pill, reduced to a powder, and put in a little water, given occasionally to children of twelve months old, and to those of three or four years, three Pills, and to others of seven years of age, four Pills—will always make children look blooming and healthy. Seventy-five out of every hundred do not reach the age of maturity. Holloway's Pills would not only preserve their health, but save the lives of thousands. Many people foolishly think that children only require a little medicine twice a year.

Holloway's Pills are the best remedy known in the world for the following diseases:—

DR. LA'MERT
ON
SELF-PRESERVATION.
PRICE WITH ENGRAVINGS AND CASES, 1s 6D.,
BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr. LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

THE NEW FRENCH REMEDY.

By Royal Letters Patent, under the special sanction of Her Majesty's Government, and the Chiefs of the Faculte de France.

THERAPION:—or CURE OF CURES. This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of *taste, odour,* and *appearance* of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion Each package contains full instructions for every case.

THERAPION, No 1, in three days only removes gonorrhœa, gleet and all discharges, effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the lower bowel, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

THERAPION, No. 2, for syphilis, disease of the bones, sore throat, threatened destruction of the nose and palate; impurity of blood, scurvy, pimples, spots, blotches, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of the sufferer's teeth; and ruin of health. Under this medicine every vestige of disease rapidly disappears: and the skin assumes the pleasing softness of infancy.

THERAPION, No. 3, for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications; and restoring the lost tone to the system. Therapion may be procured at 11s, and 33s per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s. are saved: and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires.

The Cause and Cure of Premature Decline.

Sold by all the Agents for Dr. De Roos' Medicines, or sent post free, secure from observations direct from the Author, for 2s 6d.

THE MEDICAL ADVISER on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr. W. DE ROOS, M. D., M. R. C. S., L. S. A., &c., *of the Ecole de Medicine, Paris, Graduate in Medicine, Surgery and Midwifery; Licentiate of the Royal Society of Apothecaries, &c.*

REVIEWS AND NOTICES.

"To be your own counsel or your own doctor, entails risks that have become proverbial to a degree that prevents much good resolution from taking any benefit or advantage when reasonably offered. Suspicion begets irresolution, and where there is no confidence good results seldom follow. Medical books are a fied for the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or taste not the Pierian spring,' is good advice where the uninformed mind, listening to its own apprehensions is oftener ready to imagine than use its cool judgment. There is one class of medical lore, however, that stands in a position somewhat exceptional to our remark, and which treats on disorders and irregularities in which morality is offended. For this reason the patient too often suffers in secret, or pursues in ignorance practices that daily bring him into a more hopeless condition for want of friendly advice. To such we recommend a perusal of the 'Medical Adviser' of Walter De Roos, M. D., of London, an established Physician, graduate and licentiate of all the regular institutions of London and Paris; and who has made nervous disorders and their baneful origin his particular study, and obtained such a practice in this branch of therapeutics, as qualifies him to be a safe and competent adviser.—*County Chronicle, May 7th,* 1861.

"The MEDICAL ADVISER, by WALTER DE ROOS, M. D., for the class of diseases upon which it treats is undoubtedly the best and most soundly practical book which has come under our notice. The author is a man of most enlarged experience."—*Derby Telegraph, June 29th,* 1861.

To those who contemplate marriage its perusal is especially recommended.—The knowledge it imparts must come *some* time, and happy they who do not possess it too late.—Cure is certain in every curable case, and few indeed are they which are not so.—It is calculated to effect a complete revolution in the treatment of these complaints.—Simple and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost.

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, whilst to all who need such aid he offers every assurance of speedy restoration.

FOREIGN RESIDENTS can be successfully treated by correspondence, on sending the detail of their cases, with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted suffering and unnecessary loss of valuable time, which must otherwise occur.

DR. DE ROOS' GUTTÆ VITÆ OR LIFE DROPS; *Protected by Royal Letters Patent of England; Seals of the Faculte de France; Royal College of Prussia, &c.,* have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa, languor, lassitude, depression of spirits, irritability, anger, excitement, needless fear, distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart, giddiness, noises in the head, impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, its surprising efficacy has only to be tested to be appreciated.

As these complaints if neglected become chronic or incurable, sufferers will do well before they waste valuable time in seeking aid from instruments and other absurdities professing to supersede medicines, to make fair trial of a remedy, which concocted on unerring scientific principles, cannot fail, and may be carried about the person, or left upon the toilet table, without exciting a suspicion of its nature. Price, 11s, and four times the quantity at 33s per bottle. The £5 packages containing twelve 11s quantities, by which a saving of £1 12s is effected, wi l be sent from 25, Bedford Place, only on receipt of the amount per draft on a London house or otherwise.

Extracts from letters which can be seen by any one. "I am happy to say that I am now quite well, thanks to you and your medicine of medicines."—*D. P St. Asaph.* "I am happy to say that I shall not require more, thank God, and I hope He will reward you for what you have done for me."—*A C., Hartlepool* "If my tongue could speak, or my pen could write to express my gratitude to you I should feel happy, but neither tongue nor pen of mine can do so."—*H. A Birmingham.* "Without you I should have been in my grave, but now I am a happy man again."—*D F F., Inverness.* "I can never thank you sufficiently; had I never read of the Guttæ Vitæ, where or what I might have been now, I cannot tell."—*W. G., West Pelton.*

PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE OF THE KIDNEYS, BLADDER, &c. DR DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy Remedy for the above dangerous complaints. Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs, &c., have utterly failed. 2s 9d., 4s 6d., 11s, and 33s. per box. The superiority of these celebrated medicines over everything of the kind, is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense

HER MAJESTY'S HON. COMMISSIONERS have graciously permitted the Government stamp, bearing the word "Therapion" in white letters, to be attached to each package; thus insuring the public against fraudulent imitations, and securing to the proprietor the sole right of supply throughout her dominions; and any infringement of which they will prosecute with the utmost severity.

AGENTS FOR ENGLAND, Thomas & Co., 7, Upper St. Martin's-lane, London; Raimes & Co, Liverpool; Apothecaries Comp., Glasgow; Ferris & Co., Bristol; Cornish & Co., Plymouth; Rowe, Devenport; Randall & Co., Southampton; and obtainable through all medicine vendors in the known world, or in case of difficulty, by enclosing a draft or order for £5 or £10, according to the nature of the case, payable in London to Messrs. Thomas & Co., as above, a large package will be sent by return mail, carefully secured from observation or accident.
