Announce New Healing Substance...

Shrinks Piles, Checks Itch

Exclusive healing substance proven to shrink hemorrhoids... and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissues.

One hemorrhoidal case history after another reported "very striking improvement." Pain was promptly and gently relieved. No actual reduction or retraction (shrinking) took place.

Among these case histories were a variety of hemorrhoidal conditions. Relief even occurred in cases of long standing, and most important of all, results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal hemorrhoids and stimulates growth of new tissue. Bio-Dyne is offered in ointment and suppository form called Preparation H.

In addition to actually shrinking hemorrhoids, Preparation H lubricates and makes elimination less painful. It helps prevent infection which is a principal cause of hemorrhoids.

Just ask your druggist for Preparation H Suppositories or Preparation H Ointment (with a special applicator).

Farmers Must Remove Snow To Find Old Paths

In the wake of yesterday's sleigh tending and fetching being the yards and lane's end, "dig out" today: find, beneath the snow cover, the old paths in the yards as about, though because of new drifts, 13 or 4 must be detours.

Paddy, the gentleman of our team, was harnessed and hitched to a new farm-sleigh, and replacing the tractor and trailer took over the haulings of the day. He apparently enjoyed this, responding with a fine spirit to his work.

"There are too many oats in his fare!" we chuckled to James, watching him fuss a bit in the yard, anxious to be away.

"It's not that Ellen!" James said. "It's idleness, not an enough work! Only a little now and then. Keep more or less for their company, that's what our horses are now!" No farm at all!

"No what sound is that?" we inquired of Mack, clearing the snow from the back wheel. "These are among the heart-warming tokens of this place, the little and larger, in hours, undertaken by the children, without request; the favorable signs of the bent of the twig toward industry and kindness in the child that it is the father of the man."

He stopped his work a moment, listened to determine the sound, and smiled.

"It's the snowplow coming. Yes, there it is — good, good & bad. Now with the horse and

MARY HAWORTH

Give Husband A Margin Of Peace And Privacy

Dear Mary Haworth: After 20 years of the casual crop-crop marriage, I learned a year ago that my husband was having an affair with a much younger married woman.

He readily admitted his love for her and he said he would divorce her and he decided to stay with her husband. This husband, however, she wasn't really serious about him, that she was only having fun.

It is all this he still loves her and I feel sure would go back to her if she changed her mind.

I have tried to weather the storm, have tried to make him happier, but regardless of what I say or try to do, it seems to be the wrong thing.

It is all this he still loves her and I feel sure would go back to her if she changed her mind.

I have tried to weather the storm, have tried to make him happier, but regardless of what I say or try to do, it seems to be the wrong thing.
