NEW YORK (AP)—The stock market went through its second straight session of decline Thursday but recovery started toward the close. Volume was 1,200,000 shares lighter than Wednesday.

The caution was underlined by the fall in volume to 4,750,000 shares from 5,950,000 Wednesday.

ASHAMED OF YOUR NEIGHBOUR'S LAWN?

Then lean over the fence and give him a few GREEN CROSS tips!
It's best to start in early spring with LAWN GREEN, the gradual-release, lightweight fertilizer. Slow-release nitrogen nourishes the grass for 1 to 2 months or longer.
Then apply WEED 'N FEED to kill dandelions, plantain and other broad leaf weeds. At the same time, this product continues to feed the grass!
Don't wait till weeds go to seed and fly all over the neighbourhood . . . to reappear in everyone's lawn the next spring.
For a lush green lawn, all you need is a lawn and GREEN CROSS!

WHATEVER THE WEED, WHATEVER THE PEST, WHAT YOU REALLY NEED IS GREEN CROSS!

Green Cross* PRODUCTS

GREEN CROSS has what you need for everything that flies, crawls or bites—grows where it shouldn't—or doesn't where it should.

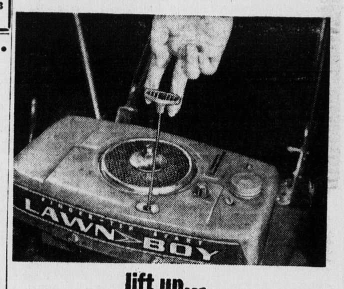
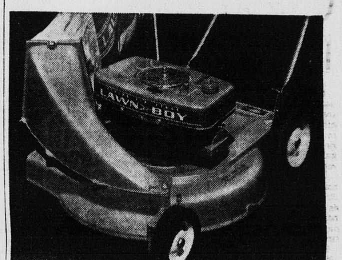
push down...



lift up...



if you can lift a finger you can start the 1964 Lawn-Boy

The 1964 Lawn-Boy has the easiest starting power mower engine ever built. Simply (1) switch starter button to "on" and push once to prime engine; (2) lift up starter handle with two fingers and you're ready to start cutting.

And there's an ingenious new grasscatcher that can't clog because it fills from the back first. A throttle control provides low speed for light cutting and high speed for tough cutting. Quick adjustable wheels let you adapt to desired cutting height without tools.

Lawn-Boy's 3 horsepower engine gives you enough spunk to cut through even the thickest grass. And back of it all, you get Lawn-Boy's two-year warranty; twice the warranty anyone else offers. Get your fingers on a new Lawn-Boy soon . . . at your Lawn-Boy Dealer's. He's listed in the yellow pages.
