

Youth.

Youth is nothing more than health. A prominent Montreal physician says: "I have found Abbey's Effervescent Salt particularly beneficial in the treatment of derangements of the liver and digestive organs, and consider that the regular use of a preparation of this nature has a decided tendency to prolong life"

HE DISLIKED FOOLISHNESS.

And Wouldn't For the World Act Like an Idiot. "My dear," said the young father, "there is one request I want to make of you." "What is it, dear?" "I wish, dear, that you wouldn't talk this baby talk to our child. It's absurd. The idea of saying 'kitchy-kitchy-kee' and 'whose wizzicuns is 'oo?' to a human being is little less than barbarous. Don't you let the neighbors do it, either."

Lord Lansdowne Visits Turner.

No one was admitted to Turner's house in Queen Anne street unless specially invited. There was a sort of little iron grille in the center of the front door, through which the old house-keeper used to look and see who was there.

The Aged Minister.

If his work be in a city church, it is a grave question whether any minister can now discharge it with efficiency who is much above 60 years of age. The multitude of details in a city parish, the excitement of the life, the severe demand upon the mind and the heavy burden of responsibility call for a man in the prime of life, with an alert intellect and an unflagging body.

Took Their Places.

Here is a story which Baron Dowse, the celebrated Irish judge, once told in that exaggerated "brogue" which he loved to employ: "I was down in Cork holding assizes. On the first day, when the jury came in, the officer of the court said, 'Gentlemen av the jury, ye'll take yer accusations places, if ye please.' And may I never laugh," said the baron, "if they didn't all walk into the dock."

An Unknown Hero.

La Gaceta, published in Guadalajara, part in English and part in Spanish, prints in a prominent place the following:

Will the gentleman who embraced my wife at the entrance to the postoffice about 9 o'clock Thursday evening please send me his photograph for my "Album of Heroes" He will greatly oblige. J. L. -Mexico Two Republics.

Startling Confessions

Show that 25 per cent. of men and women suffer the tortures of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of these men and women could end the sufferings at once by using it. Scores of thousands have been cured by this treatment. Every body can be cured in the same way.

Fast Driving in Russia.

In the larger cities of Russia there is no limit to the speed at which a horse may be driven through the public streets. The typical harness horse is the Orloff, a breed founded by Count Orloff-Chemenski, being a cross between the Arabian stallion Smetanka and imported mares, principally English.

An average roadster is 16 hands high and weighs 1,100 pounds, with heavy mane, a bushy tail that reaches nearly to the ground and "iron" limbs that show great muscular development. The favorite color is gray. Such an animal is driven through the principal streets of St. Petersburg at a furious pace, that portion near the center and beside the surface car tracks being reserved for fast driving.

During the winter months teams of two and three abreast are driven to sleighs at a three minute gait. There is racing all winter, the courses being flooded at night to provide three inches of solid ice. American pneumatic sulkeys, harness, boots, gaiting appliances, etc., are in general use.

BRAIN FAG

Is the result of Overwork and an Exhausted Nervous System. Dr. A. W. Chase's Nerve Food creates New Brain and Nerve Tissue.

Business and professional men, accountants, stenographers, teachers, students and all brain workers know only too well what it means to have the brain so tired out that concentration of thought is almost impossible.

One-fifth of all the blood in the human body is found in the brain, and unless the blood is pure and rich the brain becomes exhausted for want of proper nourishment.

Dr. A. W. Chase's Blood Food creates new brain and nerve tissue, and produces rich red blood, "the vital fluid" of the body.

All brain workers quickly recognize the merits of this great food cure, and after a few doses enter on their work with new energy and ambition.

Brain fag is unknown to persons whose brain and nerve have been invigorated by the use of Dr. A. W. Chase's Nerve Food, which is for sale by all dealers at 50c. a box.

Only One More Month

Our celery will only hold out about one month. Some of the wise ones are ordering a quantity to be kept in reserve for them. We have held on to the best for the last (the famous English Red Celery.) In this respect we resemble children who keep the most dainty part of their lunch to the last and at the rate it is going the time will soon come when there will not even be a last. The moral to the above is quite plain: no need to read between the lines it is enjoy it while it lasts.

We also have Hubbard Squash, Cape Cod and Island Cranberries, Spanish & Canadian onions, Brussels sprouts, red & white cabbage, carrots, beets, parsnips, turnips, beans, peas, parsley, etc. Lettuce and mushroom in a few days at Gays Stalls Market.
