### IN MEMORIAM

**LOW** - In loving memory of our dear father, Benjamin Clow who died October 28, 1951, and our dear mother, Katie Clow who died December 9, 1948. Remembrance is a golden chain death tries to break but all in vain; Do have to love and then to part is the greatest sorrow of one's heart.

The years may wipe out many things, but this they wipe out never - the memory of those happy days when we were all together. Lovingly remembered by the family.

**GRAHAM** - In loving memory of our dear husband and father, Charles Graham, who passed away October 28th, 1947. God knows how much we miss him. Ever his memory fade loving thoughts will always wander to the spot where he is laid. Lovingly remembered by wife and family.

**WELK** - In loving memory of Mr. and Mrs. John Welk, Elmsdale, P.E.I., who departed this life September 21st, 1942 and October 25th, 1953. Dear God please take a message to our loved ones up above, tell them how we miss them and give them all our love. You took them and we had to part. You ceased their pain but broke our hearts. ### Russia Appoints Economic Expert Minister To Canada

**LONDON (Reuters)** - The Soviet government Saturday appointed one of its senior economic and labor experts as ambassador to Canada.

Tass, the official Russian news agency, carried an announcement that Dr. Amansp Avakimotich Arutunian will succeed Dmitri Chuvahin in Ottawa.

Arutunian, well-known spokesman for his country in the United Nations, is reputed to be one of the key figures who drew up Russia's five-year plan.

He was appointed a deputy member of the Russian delegation to the UN General Assembly in 1946 and also attended the 1949 and 1950 sessions.

He has been a member of the collegium of the ministry of foreign affairs and chief of the European department of the foreign ministry.

Arutunian has done his chief work as Russian delegate to the UN's economic commission for Europe, an organization which he vehemently attacked while taking part in the 1948 session.

His record shows attacks on the United States "for planning world war III," the International Labor Organization, the International Refugee Organization, the "colonial powers," British trade policies, the "Anglo-American majority in the UN" and "slave labor in colonies."

But in 1948 he urged that communism and capitalism should work together for the recovery of Europe and said Russia was not opposed in principle to U.S. aid for Europe.

An advocate of more East-West trade, he invited Western factory managers to come to Russia to study Soviet operations.

**LONDON (Reuters)** - Britain Saturday promised her biggest colony, the giant West African Federation of Nigeria, independence on Oct. 1, 1960.

The British decision to end colonial rule over 35,000,000 Africans from 250 different tribal groups was announced by Colonial Secretary Alan Lennox-Boyd at the final business session of a month-long Nigeria constitutional conference here.

Nigeria's leaders came to London last month with a heavy burden of problems to settle, some of them highly controversial. But they were united in de-

manding independence by April 2, 1960.

As the conference went on, however, it became clear that, because of the administrative and technical difficulties involved, the target date was not likely to be agreed by Britain.

Friday night the delegates were forecasting an autumn 1960 independence day with reluctant cheerfulness. Saturday after the colonial secretary's announcement their leaders welcomed the British announcement wholeheartedly.

Federal Prime Minister Alhaji Abudakar Tafawa Balewa declared: "It is a very satisfactory result. We are all very happy."

cold, drenching rain at Idelwild Airport.

He landed here shortly after 9 a.m. from Chicago on the last leg of the 22,000-mile flight.

Ba'ne's flight was reminiscent of the early days of aviation, when hardy pilots fought weather or the idiosyncracies of their machines along almost every mile of their journey.

**NEW YORK (AP)** - Capt. Charles F. Ba'ne Jr., Sunday completed a round-the-world solo flight in a single-engine plane. He had hoped to do the job in eight days, it took 50.

"Boy, am I glad to be back," said the 39-year-old flier from Palo Alto, Calif., as he climbed wearily from the plane into a
