A New Departure in Melissa.

According to the persistent demands of our many patrons, and recognizing the soundness of their arguments, viz:—that in all but the large cities, it is almost impossible to get wraps properly made, we have made arrangements during the past few weeks to supply to the trade of Canada MELISSA RAINPROOF GARMENTS for Ladies, Misses and Children, in all the novelties of the New York market.

Our entire output will be manufactured on the premises, under the personal supervision of our foreman. All our operators are men and are practical cloak makers.

In connection with our Ladies' Melissa Wrap Department, we are also inaugurating a Mantle Department, but owing to the late date at which we entertained this latter idea, we will for this season show only a comparatively small range, but sufficient to enable the discerning public to form an idea of what they may expect for next season.

One of the many advantages which merchants will secure by patronizing us will be that they can assort their sizes from time to time, thus doing away with the necessity of having broken lines before the season is half over.

Our travellers will shortly be upon the road with a large range of patterns of Melissa, in many new and common sense styles of Wraps, both for Spring and ring and for Fall delivery, and at the same time will offer for the inspection of the trade a representative exhibit from our Mantle Department.

LETTERS TO THE EDITOR

Christian Unity.

SIR.—As the subject of Christian Unity is being so much talked of at present, I should be thankful if you would kindly permit me to make a few remarks thereon. I am one of those old-fashioned Churchmen—one who believes that the principles of the Church of England are right and worth maintaining and handing on to future generations.

"I had been personally acquainted in my whole life, with but two or three of the Episcopal clergy, and of these the only one I ever intimately knew, I had seen in the day of 'seceders' spitting out, and to all appearance coveting the liberty of his dissenting brethren, and mingling to great disadvantage with all sorts of sects, who amused themselves much at his awkward balancings among them, and assuming as his best reason for not admitting these brethren into his pulpit, that 'one of the canons of his church forbade it'."

Every right thinking person must be of the same opinion. If the principles of the Church of England must be apologized for, or some miserable hair-splitting explanation given in their defence, it would be a thousand times better to fire them all off and join some other communion.

A LOYAL CHURCHMAN.

Letter from Mr. John Moore.

SIR,—The lavishness with which Mr. Fitzgerald has dispensed the agony (see his judgment of the 14th inst., Rogerson vs. Moore) tends to strain the good relations existing between the plaintiff and myself, and on the strength of which, at his solicitation I carried one of his witnesses home from the trial when hurrying after my own witnesses.

Farewell Dinner to R. W. Sprague.

Court Sylvan, I. O. F., entertained R. W. Sprague at a farewell dinner on Tuesday evening last, at the Village Hotel, Montague. Some sixty members of the Order, with several specially invited guests sat down and did full justice to menu so abundantly provided.

DIED

BUSINESS CHANGE.

A Halifax despatch says it is reported that the wholesale shipping and dry goods firm of T. & E. Kenny will retire from business after the first of July next, and that their spacious warehouse will be sold to the Dominion Government for a custom house.

A STIFF SENTENCE.

At New York on Wednesday last Charles W. Gardner, the chief detective in Dr. Parkhurst's society for the suppression of vice, convicted of attempting to extort money from the keeper of a disorderly house, was sentenced to two years' imprisonment with hard labor.

SWEEP THEM AWAY!

The True Course for our People to Pursue.

When our rulers and public men become reckless, extravagant and recreant, we naturally become solicitous for the safety of our country and people, and we sweep them out of office and power.

NO TIME SHOULD BE LOST.

The Work Demands Attention.

Our people are now burdened with a load of vile remedies and nostrums, all of them tending to aggravate suffering and disease. Our true course, if we value life, is to sweep them off with a mighty hand. No time should be lost in accomplishing this work as these canker-worms are fast destroying life.

Fortunately for our Canadian people, they have had an agent working among them for good. This life-giving power, Paine's Celery Compound, owing to its mighty and grand curative properties, is fast sweeping from our midst all false and sham cures.

Paine's Celery Compound saves and cures when all other means fail. It promises new life, and never fails to give it. What say you, reader? Are you willing to trust its powers? Oh! do not delay another moment; your case is critical and serious, and demands immediate attention.

THE WORK OF A DOG.—A singular and very sad story comes from Kars, King of the Charles. The week before last while Mrs. Charles Jones, of that place, was at church service her youngest child, some seven months old, was at home under the care of his father. The child being asleep, Mr. Jones thought he would have a nap on a bed adjoining the room. Not long afterwards he was awakened by the noise of the babe, but thinking it would drop to sleep again, he did not get up at the moment.

ANOTHER SAD DEATH.

We regret to hear that Mr. C. C. Watt, the well known and popular representative of Messrs. Ramsay & Son, Montreal, died at the Hotel Rus, Summerside, on Thursday evening, of cerebral pneumonia. Mr. Watt arrived in Summerside on Saturday. Being unwell, he took to his bed almost as soon as he landed. Although the best medical assistance was called in, and Mr. and Mrs. Russ and other kind friends did all in their power for the sick man, he grew worse rapidly, and on Thursday evening his spirit passed peacefully away.

SCARCITY OF SNOW.

Reports from Victoria and Madawaska counties, N. B., state there is not enough snow there now for sleighing. Lumbering operations are nearly at a standstill.

THE CASE SETTLED.

PRESSING HAY.

Two or three heavy presses have been purchased by residents of Alberton, with a view to putting up the surplus hay for the Newfoundland and other markets. Up to this there were no presses up west.

George Carter & Co. have removed to 135 Queen Street.

"You've been in my mind all day, Miss Angie," he cooed sweetly.
