Agent for Prince Edward Island  
June, 1877—

THE DAILY EXAMINER.

OCTOBER 15, 1880.

THE Toronto Globe, in commenting edi-  
torially on the proclamation of Thank-  
sgiving Day, says, "the grounds we, as a  
people, have for thankfulness this year are  
more than usually numerous and strong.  
Our national condition, as a people, has  
greatly improved. It is eminently fitting  
that a day of thanksgiving should be not  
only appointed but observed."

THE "Farmers' Dinner" was a good  
conception. It was pleasant to see the  
Island's representative farmers seated  
around the "festive board," to honor the  
representatives of the farmers of the  
mother country. If the result should be  
the influx of a few hundreds of those  
British farmers it will be well both for the  
Island and the farmers. But this auspicious  
meeting of farmers suggests another step  
equally good. It suggests that the time  
has arrived when the farmers of this Island  
should bring united and organized effort to  
bear upon agriculture. To improve our  
stock as rapidly as it ought to be improved,  
requires more capital than can be obtained  
from individual enterprise. What is want-  
ed is an Association powerful enough either  
to enforce its views upon the Local Govern-  
ment, or to require it to import the ani-  
mals needed to improve the breeds, or else  
strong enough financially to take the risk  
themselves.

MR. CARMAN, at the farmers' dinner, re-  
ferred to the difficulty reporters and others  
have in obtaining information respecting  
animals and articles on exhibition. A  
really good reporter, of course, knows all  
about everything. But it is difficult to get  
reporters up to that standard; and in  
order that they may give fair and  
truthful reports, they must receive informa-  
tion. Strangely enough, that is just what is  
not provided at our exhibitions. A ticket  
with merely a number on it—only that and  
nothing more—is all the reporter has to  
draw his inspiration from. He is forced  
either to pass the article on exhibition by,  
or go about asking questions concerning it,  
or else fall back upon his imagination. It  
strikes us as it strikes Mr. Carman, that  
if some person were placed at each of the  
several sections to give, to persons desir-  
ing it, information regarding their contents,  
the usefulness of exhibitions would be  
greatly enhanced.

SIR CHARLES TUPPER has been speaking  
at Bromes, where an election contest is  
going on. The epitome of his speech,  
given by the Halifax Herald's Ottawa cor-  
respondent, is as follows:—

"At the nomination yesterday, Sir  
Charles Tupper delivered a splendid ad-  
dress, showing how the National Policy  
was developing our resources, and stated  
that in a few years the Pacific Railway  
would be at the foot of the Rocky Moun-  
tains, without the cost of a cent to the  
country, except in land, the result of which  
would be to populate the Dominion rapidly,  
and should materially lighten the burden  
of taxation. He wound up a very eloquent  
speech by urging the electors to support the  
Government."

By the same reporter Hon. J. H. Pope  
is also reported at the same time to have  
stated that the Pacific Railway would be  
built by a syndicate, without costing the  
country anything but land. The country  
would be asked to become security for cer-  
tain sums of money, but in the end the  
road would be finished without costing the  
tax-payers a dollar.

Hon. Peter Mitchell spoke as an inde-  
pendent politician, and made a strong ap-  
peal to the electors to support the policy  
of the present Government.

**THE RIFLE.**

No. 3 Company—82nd Battalion.

As previously announced, the last Com-  
pany shooting match of Capt. Longworth's  
corps, for the present season, commenced  
on Saturday morning and was concluded  
on Monday, the 11th inst. Both competi-  
tions were keenly contested, and some fine  
shooting was displayed. Capt. Longworth  
again won the Company's Silver Medal in  
the first competition by a score of 70 at 200,  
500 and 600 yards, seven shots at each, and  
it now becomes his property. Both he and  
Private Neil Campbell succeeded in winning  
it twice previously, and Sergt. Allan once.  
Had the Sergeant been fortunate enough  
to get it again, an interesting match would  
be the result, the ties settling it by firing  
off. In this match Color Sergeant Long-  
worth was second with 68 points, and Pte.  
John Crockett third, also with 68, the list  
comprising 12 prizes. In competition No.  
two Color Sergeant R. V. Longworth won

the Company Challenge Cup (a trophy well  
worth competing for) by the brilliant score  
of 88 points out of a possible 105, at 200,  
400 and 500 yards, 31 of which he secured  
at the first range, out of the possible 35  
you could make; but he was closely fol-  
lowed by Private John Crockett, a rising  
young marksman of acknowledged merit,  
who, with 32 at the first range and 31 at  
the second, finished amid much excitement  
with 86. Capt. Longworth and Sergeant  
McGregor, too, though they had a  
chance, commencing with 31 and 30 at 200  
yards, but didn't say much when they  
ended with 89 and 83 respectively. Who-  
ever wins this Cup eventually, will possess  
a prize that will surely repay them for all  
their trouble and hard shooting, for it is  
tastefully designed and beautifully man-  
ufactured. Twenty-one prizes in kind  
were competed for in this match, each ac-  
companied by a prize in money. In the  
grand aggregate Sergt. R. V. Longworth  
again topped the score, winning the Silver  
Medal presented by a friend, with a total  
of 156; Private Crockett second, the Of-  
ficers Sword, with 154, and Captain Long-  
worth third, with 150 points, a neatly man-  
ufactured Teapot. Great praise is due to  
the Sergeants of the Company and those  
who kindly assisted them in making this  
competition a perfect success. No pains  
were spared, but every exertion was put  
forth, and the result was very satisfactory  
to the whole Corps. The Company desire  
to express their best thanks to the ladies  
and gentlemen who so kindly contributed  
to their list of prizes. Dr. Cramer's dona-  
tion of a pretty gold breast pin, is much  
appreciated, and the serviceable prize kin-  
dly presented by Mr. James Houston,—a  
handsome Teapot of his own manufacture—  
was received with many thanks by the  
Co. This Teapot, we may say, Mr. Houston  
sent to the Provincial Exhibition. It  
is beautifully made, and reflects much  
credit upon him as a first-class mechanic.  
We think, in connection with rifle prac-  
tice, that the system of marking here  
should be advanced by next season to some-  
thing like the proficiency that obtains in  
the neighboring Provinces. We are gen-  
erally behind the other parts of the Dom-  
inion in matters of progression and  
rifle practice is no exception to the rule.  
Another marking butt or two should at  
least be erected, and new and improved  
targets, with proper sets of marking discs  
procured. Then, competitions that now  
take three days to complete, would be fin-  
ished in one, and the General Annual  
Shooting Match—always consuming four or  
five days—could easily be ended in two.  
This would be a great saving of time, and  
materially advance the welfare of our Rifle  
Associations. A small outlay in this par-  
ticular would soon be well repaid, and be  
highly appreciated by the Militia.

**A Complaint.**

To the Editor of the Examiner.

SIR,—On the establishment of the  
County Court in this Province, Bonshaw  
was found to be the most central place for  
one of the Circuits, and the County Court  
Act, states that the Clerk's office shall be  
held at or near Bonshaw, and such was the  
case till within a few months, when a Mr.  
Ince from Crapaud, was appointed to the  
place. Those interested, were not a little  
surprised to find, that by Public Notice, the  
Crapaud man, would call at Bonshaw,  
weather permitting, two hours once a week,  
and thus the rights of Lots 30, 31 and 65,  
who pay their taxes, though perhaps, not so  
fond of suing, were swept away, without  
the least consideration, and given to Lot  
29, which I believe pays no more than any  
of these Townships. If a person calls at  
Bonshaw on the Monday, which Mr. Ince  
has graciously condescended to be there, he  
may meet him, but without one of the  
Court Books, and if Execution or other  
document be required, on affidavit the  
party must travel to Crapaud, some six or  
seven miles distant, or if the day is very  
fine he may wait for hours, and finally find  
out that Mr. Ince's farm duties are receiving  
his consideration. That the Clerk holds his  
office contrary to the spirit and intent of  
the Act is evident; and to the great loss and  
inconvenience of the public, is equally true.  
Here we find people in Lot 65, 21 miles  
from Clerk's office, and McEwen's Wharf,  
a place where no small business is done 14  
miles distant; yet Victoria in Crapaud, is  
but about 3 miles away; and in respect to  
inconvenience, Lot 31 is much in the same  
position. I hope no further trouble will be  
given to the public in this matter, but that  
the Clerk's office, be at once removed to  
Bonshaw, that these Townships may have  
the convenience, for which they pay their  
due share, and not as at present, an excuse  
instead thereof. FAIRPLAY.  
Lot 20 Oct. 6th 1880.

**Remedy for Hard Times.**

Stop spending so much on fine clothes, rich  
food and style. Buy good, healthy food,  
cheaper and better clothing; get more real  
and substantial things of life every way, and  
especially stop the foolish habit of running  
after expensive and quack doctors or using so  
much of the vile humbug medicine that does  
you only harm, and makes the proprietors  
rich, but put your trust in the greatest of all  
simple pure remedies, Hop Bitters that cures  
always at a trifling cost, and you will see bet-  
ter times and good health. Try it once. Read  
of it in another column.
