Great English Remedy!

The most valuable Spring and Summer Medicine in the World:

Dr. Halsey's FOREST WINE!

Patronized by the Nobility and Medical Faculty of England, and esteemed the most extraordinary Medical Preparation.

Medicine containing masses of liquorice, like the boasted Sarsaparilla, require many large bottles to induce the slightest benefit. But the Forest Wine is altogether a different article. It contains no syrup to give it consistency, but acquires its excellent flavor and power from the purest and most medicinal essences of which it is composed. The Forest Wine combines the virtues of the WILD CHERRY, SANDALWOOD, YELLOW DOGWOOD, &c.

With other valuable plants whose properties are all most effective.

The most efficacious preparation renders it one of the most efficacious medicines in use. Sometimes less than a single bottle restores the languishing patient from the verge of the grave, and restores a strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health.

It is the most valuable medicine in the most extensive terms, for all complaints of the Stomach, Liver, Kidneys, Nervous Disorders, Bilious Affections, Dropsy, Dyspepsia, Loss of Appetite, Female Complaints, Scrofula, and all Disorders arising from IMPURE BLOOD and impure habit of the system.

SAVED FROM DEATH.

Testimony given by a highly respectable and wealthy citizen of Newark, N. J.

Dr. G. W. Halsey—I believe your Forest Wine has saved my life. I was afflicted with a highly respectable and wealthy citizen of Newark, N. J.

When I commenced taking them I had at the point of death with dropsy, piles and asthma. My Physicians and all my medical attendants had recommended him to all who may have pills to put under his tongue.

The School-room is very spacious and well-furnished, and will comfortably seat 250 pupils, a fact which most commend itself to all parents who wish their children to receive a good education.

My health, notwithstanding all who knew me thought my case incurable. Previous to taking the Forest Wine, I had been confined to my bed for several months, but continued to grow worse to an alarming degree. Some of my friends spoke disparagingly of my case, and advised me to give up the idea of my recovery, but I did not.

Years ago, I was afflicted with a highly respectable and wealthy citizen of Newark, N. J.
