

DOWN THE BACK STRETCH

Harold Stead, Brackley, has sold his pacer Hardrod 218 2/5 and Calumet Onward 2:13 and they are now in the Frankie Daniels stable, Lawrenceville, N. S., and we presume will be raced over the Commons at Halifax in the near future. Hardrod Bill is an extremely well-bred pacer that has really had a hard road, something turning up to upset his racing career from time to time. If Frankie can overcome the bad luck jinx he should be arriving home first a good many times on the Commons. In Calumet Onward he has a horse that can go to the quarter pole with almost anything in the Maritimes and that should be a big feature in racing at Halifax.

Myron started the season with a bang, winning four out of the eight races on the card at Woodstock the night of June 23rd. In addition to being a good heady driver he is a first class shoer and that has been a big help to the Smith stable. Jimmie Smith is one of the best known figures in harness racing in the Maritimes and Maine, an excellent trainer, conditioner and race driver himself he knows just how to get his charges ready for the fray. Many times we have watched Jimmie snatch victory from what appeared to be certain defeat by a well-studied master driver. Now he stands back and watches Myron do the trick.

Sherman Jenny of Walnut Hill Stud, Donnell, Ky., will be a candidate for District No. 7, south eastern States, for the United States Trotting Association when that election is held in the near future. Mr. Jenny is a veteran of World War I, where he served in the R.C.A.F., and also a veteran of World War 2. He is deeply interested in all phases of harness racing and since retiring from business is wholly engaged in the operation of Walnut Hill Stud, one of the largest Standard Bred nurseries in the world.

The top driver in the United States with 200 or more starts as compiled by the Universal Driver Rating System, is Louis V. Huber, Jr., a name that is not very familiar to us in the Maritimes but who has certainly an enviable record. In 226 starts that have been reported to October 1st, he was 77 times first, 43 times second and 21 times third, for an astonishing average of 47.8 Right on his heels is Wayne "Curly" Smart, with 211 starts, 60 wins, 49 seconds and 33 thirds for an average of 44.6. Third was Delvin S. Miller with 231 starts, 61 wins, 51 seconds and 37 thirds for a 44.0 average.

Among the winners at New Gloucester, Maine, we notice the four-year-old pacer Mona Clegg, by Abner T. Clegg, and driven by Earle Semple, time, 2:17 2/5. The same evening Upton Clegg by Abner T. Clegg, won in 2:18 2/5. Abner Haney, the top driver in Myron MacArthur's stable some years ago won the CC Trot in 2:15 2/5, 2:17 2/5, and Arlene's Money, a six-year-old pacing mare by Real Money, owned by Al Langille, Jr., won the C Pace with 5-1, time, 2:14 2/5, 2:18 2/5. Mona Clegg later at the same meeting was 6-1 in the C Pace, best time 2:15 4/5.

The Japanese are going in very strong for harness racing and a Japanese import firm has notified the United States Trotting Association that it has a client who is about thirty head of outstanding trotters with a view towards developing the breed in that country. The first evidence that Japan was becoming harness racing conscious came in March when the stallions Torpedo and B.J., and the mare Miss Highworthy were exported from California to that country. The sport is also undergoing a revival in England, according to a British illustrated periodical. Trotting enthusiasts on the British Isles imported 14 horses from Holland in February and have conducted eight meetings since, supervised by a newly created governing body, the National Trotting Association of Great Britain. The ladies are taking a forward role in the English version of harness racing and among the leading drivers is Miss Phyllis James and Miss Sarah Ewart. The races have usually from five to six entries and are at distances from six furlongs to one and one-half miles. Horses are handicapped by distance, ten yards to the second with the handicap on the horse's best time over a mile. The article indicated that British harness horsemen while still modest in their claims for the future of the sport, are going

Sets Pace

Larry Travis (above) played an outstanding game last night as the Islanders defeated the Glace Bay Miners 5-1. Larry scored his first goal of the season, picked up an assist and proved a tower of strength on the defense.

New Player To Join Miners

GLACE BAY, N. S., Oct. 31 (CP)—Bob Verrier of Cambridge, Mass., star forward with the now-defunct North Sydney Victorias three years ago, will join Glace Bay Miners within 10 days, club officials said tonight.

Verrier, known as "Bullet Bob" when he played under Coach Gordie Drillon, scored 55 goals with Boston Olympics of the Eastern United States League last season.

Bratton Scores 8th Round TKO Over Miceli

NEW YORK, Oct. 31 (AP)—With blood streaming from his left eye, Johnny Bratton overpowered Joe Miceli in a sizzling welterweight brawl tonight to score a technical knockout in 18 seconds of the eighth round at Madison Square Garden. Bratton weighed 148, Miceli 146.

Gerry McNeil Undergoes Operation

MONTREAL, Oct. 31 (CP)—Gerry McNeil, Montreal Canadiens' goal-tender, underwent an operation today so a depressed section of his fractured right cheek-bone could be replaced. His condition was reported satisfactory tonight.

Dr. John W. Gerrie, who performed the operation, said it wasn't as difficult as anticipated. McNeil was injured Wednesday night in Toronto when he dived to the ice to block a low shot.

Dr. Gerrie indicated he couldn't say how long McNeil will be out of hockey but Canadian management doesn't expect him to return for several weeks.

Canadians have brought up Jacques Plante from Montreal Royals of the Quebec Senior League under the National Hockey League's three-game, lend-lease regulation.

Plante won't look the same to Montreal fans when he skates out against New York Rangers tomorrow night. He will be minus his touque.

For years the lanky goalie has worn a toque, sitting snugly over his black hair. Not only does he wear multi-colored touques but he knits them himself.

Millionaires Score 4-3 Victory Over Atlantics In Game Played At Sydney

SYDNEY, Oct. 31 (CP)—Halifax Atlantics, leaders of the Maritime Major Hockey League, ended a disastrous Cape Breton invasion here tonight before 1,617 paid fans when they bowled 4-3 to Sydney Millionaires on Eddie Marineau's goal with only nine seconds left to play.

Atlantics came to Cape Breton Thursday with a five-game winning streak, and promptly lost 3-0 to Glace Bay Miners. Despite their second loss tonight they stayed out front by two points while Sydney continued to share second spot with Charlottetown Islanders.

Marineau, Sydney's big sniper this week had just left the penalty box when he ripped into the Halifax end and blasted home a pass from Freddie Hildebrand to break the 3-3 tie.

This was Atlantics' first visit to Sydney and the contest was packed with action. Many felt referee Hughie Gillis ruled too leniently and high-sticking, chopping and tripping were going on a good part of the time.

Late in the third, Sydney goalie Nick Pidsodny and Halifax captain Billy Watson started a wrestling match. Then Dugger McNeil and Marineau joined in the fray while all players milled around.

After about five minutes of roughing and pushing, referee Gillis started play—without calling a penalty.

A former Sydney Millionaire, Bob Bowness, scored a pair for Halifax and the other went to Billy Watson. Once again the Robertson-Mor-

row-Marineau line paced the Sydney attack. Johnny Morrow shot two goals and George Robertson and Marineau each had one.

Halifax — Goal, MacMeekin; defence, Lepine, McLaughlin, McNeil, Hayes, Bloom; forwards, Watson, Campbell, Ford, King, Bowness, Hollett, McPhee, Bergeron.

Sydney — Goal, Pidsodny; defence, Weaver, Whalen, Dalgleish, MacIntyre, Tyshko; forwards, Robertson, Morrow, Marineau, Hildebrand, Hill, Rowe, Clarke, Gallagher, Campbell.

Referee—Hughie Gillis.

HUNTERS' CORNER

The last week of October saw the biggest flight of wildgeese arrive in the Province since the fall flight faded out after the disastrous eel grass failure in 1933. Additional geese may be expected to augment the record number now present as the fall flight generally continues for the first week or 10 days of November. The daily kill has been mounting steadily since approximately October 26th and to date has far surpassed any take for the past 17 or 18 years.

The increased kill may be, in part, because of the large number of geese arriving that are not familiar with hunting pressure in this province. Some flocks are acting pretty green when they spot a 'stool' of lifelike wooden decoys set out in a stubble field. The old and stubble wise ganders that have weathered the shotgun barrage for the past 10 years are not fooled easily. In a field that after they have been fired at in one field they don't land their charges a few fields away and hold a caucus over what happened—they pull out of the district pronto.

When the goose shooting season was made coincide with the ducks this fall, and opened on October 1st instead of October 18th as formerly, a great howl went up from a certain group of goose hunters. Prophets of hunting doom I call them.

I've had a number of them stop me on the street, and even call at the house, and release a tale of woe. Their argument went like this: "Our goose hunting is ruined for the fall, the first geese that arrive and are here by October 1st will be fired at as soon as they set foot on a stubble field and they'll promptly pull up stakes and hurry southward. Thus there'll be no geese here to decoy new arrivals down and our goose shooting will be washed up." That in brief is the gist of their complaint and objection to the change in the goose season.

I went to some pains to explain at length that in 1951 when the goose season legally opened on October 18th they were shot at anyway on October 1st and succeeding days by the average duck hunter. It's passing strange how few hunters can withstand the temptation to pull a trigger when a flock of geese come within range. It's so seldom one gets a chance to bag a goose they feel they have to take advantage of the opportunity as it might not come their way again for another year.

One hunter expressed himself thusly: "I'm glad the goose season opens with the ducks; when I shoot a goose I want to do it legal". In July I talked to an old goose hunter who had been hunting geese ever since I began active game enforcement work in 1929. He handed me the same old line...no goose shooting this fall. I finally ended the argument with: "You and I can talk for a month and get nowhere. You have your idea...I have mine. Time alone will tell who is right and who is wrong. Right here and now I'll stake my reputation as a game man and state that there'll be better goose shooting this fall than we've had for years...it's in the cards". He gave a loud haw haw

Three of the players are from Charlottetown. They are forwards Joey Hoyt, Jim MacNeill and backfielder Ronnie Nicholson.

Following are the lineups of the two teams: S.D.U.—Fullback, J. Reardon; three-quarters, P. Coyne, C. MacDonald, P. Jay, L. Gaudet; halves—P. Dunphy, A. MacDonald; forwards—J. Mullaly, R. McIvor, F. Driscoll, C. Calaghan, A. Pendergast, C. Cheverie; subs—G. Dorias, C. MacIsaac, J. Mullaly, A. Acadia; Fullback—K. Atkins; three-quarters, R. Nicholson, Nickerson, Ford, Wensell; halves—McTavish, Cox; forwards—McTavish, MacNeill, Fraser, Hoyt, McNeill, Sears; subs—MacNeely, May-Lachlin.

The Saints have worked hard this week to be ready. They will field the same team that humbled S.F.X. 16-2 a week ago.

The Axemen arrived in the City yesterday evening and have all their regulars available for the big game. The only team which has scored on them to date this season is Mount Allison.

The Axemen have a 250 pound forward in their lineup by the name of Sears. Otherwise their team is about the same size as that of the Saints. Coach Kelly calls it a good team but a little short on experience.

Islanders Score 5-1 Victory Over Miners In Bay's First Trip Here

The Charlottetown Islanders outplayed and outskated the Glace Bay Miners for a 5-1 victory here last night to keep pace with the Sydney Millionaires in their battle for second place in the Maritime Major Hockey League.

Goalie Bob Arnell, turned in his first game as an Islander and almost scored a shutout over his former team-mates. Arnell, who received his clearance to play only a few hours before game time, was beaten with three seconds left in the second period as the Islanders played a man short.

The Islanders, smarting from two defeats this week, went to work on the Miners early. They held a wide edge in play and gave Lockhart in the Miners net a busy evening. Lockhart turned aside 41 shots against 19 for Arnell.

The game was fast and fairly clean. There was only one outbreak of fisticuffs and it came in the second period between Wimpy Stephenson and Burega. Connie Bonhomme was also involved.

Buck Whitlock, Larry Travis, Bob Gray, Marcel Clements and Bill Hagen scored for the Islanders. Don Kellar shot the lone Glace Bay tally on a play with Neil Amadio.

Whitlock, who played a strong game for the Islanders, opened the scoring at the 3:40 mark of the first frame on a play with Bill Hagen and Garey Gordon.

Hagen carried the puck behind the net and centered out in front. Gordon took a swipe at the puck before Whitlock grabbed the disc, drew Lockhart in and slipped the puck into the net on a beautiful piece of work.

The Islanders continued to press and their efforts were rewarded about eight minutes later when Larry Travis scored his first goal of the season. Larry scored on a 35 foot shot from the boards on the left hand side following an Islanders power attack.

The second period probably produced the best hockey of the game. Lockhart was outstanding for the Miners in this session as he turned back 19 shots many of them from close in.

The Glace Bay goalie provided the first thrill of the period when he beat Connie Bonhomme to a rolling puck about 40 feet from his net.

Bob Gray scored for the Islanders at the 15:33 mark and his goal was probably the most deserved to be scored here since the Islanders entered hockey. About a minute before he scored defenseman Hinchberger blocked his shot on an open net.

Seconds afterwards he hit the goal post with a terrific shot as he led a rush into the Miners end. Then as play continued in the Miners zone he deflected Larry Travis blueline shot behind Lockhart.

Don Kellar spoiled Arnell's bid for a shutout with a trickier from close in. Amadio carried the puck into Islanders territory and passed to Kellar at the goalmouth. Arnell went down but Kellar managed to tip the puck into the twines.

Big Marcel Clements banged Buck Whitlock's goalmouth pass into the net for the Islanders fourth goal. Whitlock carried the length of the ice before centering the puck onto the speeding Clements' stick.

Left winger Bill Hagen wrapped up the scoring for the evening as he slapped his own rebound into
