OPPOSITION TO DELAY IN PRICE-FIXING LEGISLATION

Island Swine Exhibitors Sweep Amherst Fair

One Of Most Profitable Potato Years Predicted For P. E. Island Growers

Prince Edward Island farmers should experience one of the most profitable potato years on record, and this fact will undoubtedly have a very marked effect on the whole economy of the Province in the coming months, Mr. D. A. MacDonald, manager of the P.E.I. Potato Marketing Board, said yesterday.

The total income derived from potatoes will be least several times that of last year, as the general market prospects remain good and the producers continue to move their crop in a normal way, he said.

The market has been strong with prices advancing daily until at the present time growers are receiving in the vicinity of two dollars for a 75 lb. bag of table stock, with certified seed bringing from \$1.60 to \$1.70 per bushel.

During the past week, potato movement from P.E.I. has been slightly higher, and 91 carloads have been shipped by rail. The demand has been very strong in Newfoundland and Nova Scotia,

which clearly indicates that local supplies of table stock from the Provinces are light. Due to recent heavy shipping of New Brunswick potatoes to the Central Canadian markets, a larger percentage of the marketable crop of that Province has been moved in comparison with the same period last year.

SUEZ C. O.—Brigadier K. T. Darling, above, commands the British 16th Parachute Brigade, which flew into the Suez Canal Zone from the island of Cyprus to reinforce British troops attempting to keep order there against rioting Egyptians, and back up Britain's determination not to be evicted from the vital Canal Zone.

Coming Events

**Rebekah rummage sale postponed till next week.

**Rummage Sale, Trinity Social Hall, Saturday, November 3rd, 3 P. M.

**The Salvation Army rummage sale, Tuesday, Nov. 6th, 1:30 p.m.

**Fiddling and step dancing contest in Cardigan Hall, Nov. 5, Dance.

**Rummage Sale, Baptist Church School Room, Saturday, November 3rd, 4 o'clock.

**Tryon United Church Supper in Baptist Hall, Wednesday, November 7th. Pantry Sale after.

**Hot Chicken Dinner and Bazaar, South Rustico Hall, Wednesday, November 7th.

**Chicken Supper and Dance at Tracadie Hall, November 7th. Burke's Orchestra.

**Reserve November 3rd, for New Haven Women's Institute Pantry Sale, Miller Bros.

**Buying Live Poultry every Tuesday, 8 until 12. R. L. Dickieson, New Glasgow.

**Pantry Sale at Moore & McLeod, Saturday, November 3rd, 2:30. Ladies Auxiliary Y. M. C. A.

**Emerald Hall, Thursday, November 8th, Card Party. Sponsored by C. W. L. Lunches served.

**Come in and talk over our Purina Finance Plan for feeding your hogs and poultry. Dillon & Spillet.

**For Snapshots that will not fade mail your films and Negatives to Garnham Photo Studios, Charlottetown.

**Farmers, ask about the Snow Gain Feed Finance Plan. For particulars contact your local feed mill.

**Dance every Tuesday night, Stanley Bridge Rink Hall, Music by George Chappell's Merry Islanders.

**Dancing Islanders Country Club, Travellers Rest, every Saturday night. Music by Robertsons Melody Boys.

**Buying live fowl and chicken daily. We weigh and pay at farm. Write or phone collect for pick up service. Smith Bros., Pownal.

**Come to Chicken and Ham Supper and Work Sale in Kensington United Church Assembly Hall, Wednesday, November 7th. Supper served at 4:30.

**Get our prices on Oil Cake Meal, Number 1 Feed Screenings, Mixed Feed Oats, Barley, Oats, Wheat, etc. Carlots only. Atlas Grain Company, Montreal 1.

**Buying pigs and feeder cattle Monday at Fredericton. Paying \$25.00 per pair for good pigs over 35 lbs each. Will also buy smaller ones. Knud Jorgensen.

4 Below Zero In Winnipeg

WINNIPEG, Nov. 2 (CP)—The temperature fell to four degrees below zero in Winnipeg early today, coldest Nov. 2 in history. Previous low for the day was 2.6 degrees in 1879.

Says Princess Conquered Heart Of Washington

WASHINGTON, Nov. 2 (CP)—The Evening Star, in an editorial headed "Lilibet's Conquest," today cites Princess Elizabeth as "one of the very best ambassadors Britain has ever sent to these shores."

"As she swings her way homeward via Montreal today," the newspaper says, "Princess Elizabeth, even though it may strike her as empty flattery, ought to be told the simple truth by somebody. The simple truth is she has conquered the heart of the Capital of the United States of America."

"Together with her handsome husband, the Duke of Edinburgh, she has charmed and captivated this city to such an extent that our oldest inhabitants... are hard put to recall the name of any past visitor quite comparable to her in terms of peaches-and-cream good looks and sweetness of personality..."

Smallwood Sets Nov. 26 Date For Nfld. Election

ST. JOHN'S, Nfld., Nov. 2 (CP)—Premier Joseph Smallwood today set Nov. 26 as the date for Newfoundland's second general election as a Canadian province.

The Liberal leader told the legislature that the house will be dissolved tomorrow and the election proclamation issued. Nominations day is Nov. 15.

Mr. Smallwood, the man who campaigned to bring Newfoundland into confederation, led the Liberals to victory in the 1949 contest when his followers captured 23 seats, Progressive Conservatives five and an Independent one.

Present standing, however, sees

Capture All Championships, Most Firsts

(Special to The Guardian)
AMHERST, N.S., Nov. 2 — Prince Edward Island swine exhibitors made a grand killing in the swine show of the Maritime Winter Fair here today as they took all the championships and all the first placings but one. The mainland boar which won A Class was Island bred.

S. C. Stewart and Son, Dunstaffnage, Almon Boswall, Marshfield and Roland Paynter, French River led the way in the island sweep and were ably supported by breeders like William Fournier, Leon Leroy, Wesley, Dunstaffnage, Keith Dixon, Clyde River, Arthur Paynter, French River and William Johnstone, New London.

S. C. Stewart and Sons won all the male championships and reserve except the junior reserve. This was won by Almon Boswall. Stewart 85E was judged senior and grand champion boar. The female grand championship was won by a sow owned by the veteran showman, Almon Boswall. The champion animal was Woodstock Duchess 63D.

This year's Island sweep was a reiteration from the show last year. The judge today was Preston Hooker from Ormstown, Que and he commended the quality of swine very highly. He also spoke about the island swine that had been imported into Quebec and the improvement that it has created.

The Stewarts from Dunstaffnage were the biggest individual winners as they picked up seven first place ribbons, four seconds and three, one fourth and three fifths. In addition to their male championships they also won the junior female reserve with Stewart 16F.

Almon Boswall had quite a day (Continued on Page 15 Col. 4)

May Be Charged In Shooting Case

MIDDLETON, N.S., Nov. 2 (CP)—A midnight "shooting to scare" episode which resulted in the death of William Crouse, 28, may result in a serious charge against a fellow-hunter, it was learned tonight.

Crouse died in hospital Oct. 25 from a rifle wound at nearby Wilmot Station. A crown official said initial inquest into the shooting was adjourned when discrepancies were discovered in evidence.

At a resumed hearing, Murray Pines, who had been hunting deer with Crouse, referred to the incident as "shooting to scare." Gerald Zwicker, also hunting with the other men, supported the "shooting to scare" evidence.

At the original enquiry, evidence had been that Crouse was found dead in the woods near Wilmot after his companions had heard a shot some distance behind.

Meat, Eggs Decline But Living Costs Climbing

OTTAWA, Nov. 2 (CP)—Most family budget items—with the exception of some foodstuffs—increased in price during September, pushing the cost-of-living index up 0.6 points to an all-time high of 190.4 from 189.8, the Bureau of Statistics reported today.

Eggs and meats were the only items to show declines, but these were sufficient to cause a 1.4-point decline in the food sub-group—the second drop in the

foods group in two months. The general cost-of-living index, based on 1935-39 prices equalling 100, shows increases for fall and winter clothing, home-furnishings, with the exception of rugs, coal, coke, a range of food items, health and personal care costs, theatre admissions and newspaper rates.

The Bureau estimated that since August, 1939, the cost of living in Canada has increased 86.9 per cent.

During September, the fuel and light sub-group advanced 0.7 points to a record 150.2 from 149.5, pushed ahead by higher prices for coal and coke in several centres and small advances for gas and electricity rates.

The clothing sub-index jumped 6.9 points to a peak 213.8 from 206.9.

British Move Brigade By Air To Suez Area

By Fred Zusy
CAIRO, Egypt, Nov. 2 (CP)—A fresh British infantry brigade poured into the Suez Canal zone from Libya by airlift today in the biggest R.A.F. transport operation since the Berlin blockade.

Troops of the First Division's Guards Brigade, in desert battle dress, landed in groups of 60 at 10-minute intervals at Fayid to reinforce the estimate, 40,000 British soldiers holding the canal against Egyptian threats and harassment.

The operation adds perhaps 4,000 or 5,000 men to the garrisons and consolidates the First Division in the zone. One of its three brigades was stationed there when Egypt cancelled her treaties with

Britain Oct. 8 in a move to oust the British; the second was moved in recently from Cyprus.

(In London official sources said backstage moves are under way to settle the British-Egyptian crisis by direct meetings in Paris. They said Foreign Secretary Eden will meet Egyptian Foreign Minister Mohamed Salah El Din Pasha while both are attending the U. N. Assembly opening in Paris Tuesday. Eden is expected to talk first with Secretary of State Acheson and French Foreign Minister Robert Schuman, who support the British position.)

Reluctance of the Arab countries to support Egypt's lead against a Western-led defence project has been reported generally in the Egyptian newspapers.

Baptist Federation Council Urges Royal Commission To Probe Liquor Traffic Evils

The Council of the Baptist Federation of Canada, meeting in the Charlottetown Baptist Church yesterday condemned "the shackles of the liquor traffic" which "turn shooting expeditions into drunken tragedy and many business conventions into a debauch, molesting travel on our railways, breaking up homes, ministering to seduction and fornication, filling our jails with broken lives and our hospitals and cemeteries with broken bodies."

The Government of Canada was urged to appoint a Royal Commission to enquire into the extent and growth of the liquor traffic and into all aspects of its social consequences, and all church members were urged to pledge themselves to total abstinence "as an act of faith and public example."

British Gov't Securities Slump

By Sydney Gampell
LONDON, Nov. 2 (Reuters)—British Government securities today dove to their lowest levels since the outbreak of war in 1939, highlighting another day of slump on the London stock exchange because of threatened economy measures.

Some of these gilt-edged securities, including the 3-1/2 per cent war loan, the biggest single issue, fell to the lowest level on record. Earlier, another £200,000,000 had been lopped off stock exchange values, bringing to about \$800,000,000 the total sum wiped off in the week since the general election. This takes the place of the boom which had been expected to follow a Conservative victory.

Famous Cancer Specialist Dies

KNOXVILLE, Tenn., Nov. 2 (AP)—Dr. Herbert Acuff, 65, internationally known surgeon and cancer specialist, died at his home today after a brief illness. Operator of Acuff Clinic here, he was president of the International College of Surgeons.

PHILADELPHIA, Nov. 2 (CP)—Frank Sinatra and Ava Gardner quietly applied for a marriage licence at city hall here today. Sinatra's divorce from his first wife, Nancy, was made final in Nevada yesterday, clearing the way for his marriage to Miss Gardner.

Prominent Toronto Welfare Worker Dies

TORONTO, Nov. 2 (CP)—Dr. Harry M. Cassidy, internationally-known welfare worker, died in hospital today from cancer at the age of 51.

On leave of absence from his director's post at the University of Toronto School of Social Work, he had been in ill health since February when he underwent an operation.

Dr. Cassidy served Canada, the United States and the United Nations as an authority on social welfare problems. His illness prevented him from taking an assignment this year in Burma with the U. N. Technical Assistance Board.

Born in Vancouver, Dr. Cassidy was a graduate of the University of British Columbia, editor of the college paper and one-time reporter on the Vancouver Sun.

Gov't Comes Under Fire In Commons

OTTAWA, Nov. 2 (CP)—The three Opposition groups today joined forces in the Commons to criticize a government plan to establish a committee to consider anti-price fixing legislation.

Justice Minister Garson said a Senate-Commons committee would be able to weigh arguments for and against legislation that would prohibit manufacturers from fixing the retail prices of their products.

Spokesmen for the Opposition said the committee proposal was a move by the government to delay action in the hope that prices will go down.

John Diefenbaker (PC-Lake Centre) said there was no justification for establishing a committee to consider the recommendations of a special commission, appointed to study the combines legislation.

Opposes Stalling
Angus MacInnis (CCF-Vancouver East) said his party is "not going to agree to any further stalling in this matter."

Solon Low, Social Credit leader, said the government's committee proposal was being described as a "red herring, a deliberate effort to sidestep the cost-of-living issue."

The debate was interrupted by a division on a Progressive Conservative appeal from a ruling of Speaker Ross Macdonald a motion by Mr. Diefenbaker would have given the proposed Senate-Commons committee power to examine all parts of the anti-combines legislation.

Mr. Macdonald ruled the motion out of order on the grounds that no prior notice had been given. He was upheld 96 to 21. Ross Thatcher (CCF—Moose Jaw) and Hazen Argue (CCF—Assiniboia) joined the Progressive Conservatives in voting against the speaker.

At the House opening, Mr. Argue tried unsuccessfully to have the Commons adjourn regular business.

Royal Couple Returns To Canada In Snow Storm

(By Jack Brayley)
STE. AGATHE DES MONTS, Que., Nov. 2 (CP)—Princess Elizabeth and the Duke of Edinburgh returned to Canada today in a snow storm.

At a quiet, private estate in the heart of the Laurentian Mountains tonight they began a week-end rest Monday, they start the final lap of the royal tour that began Oct. 8. It has carried them to the west coast and to Washington. Next week, they swing into the Maritimes.

A plane trip of two hours and seven minutes and a motor trip from Montreal to this mountain town followed 45 busy hours in Washington.

Light snow was falling when their plane reached Dorval Airport at Montreal at 3:43 p.m. After brief formalities and a chat with a number of 1,200 privileged children on hand to greet the Princess and her husband set out for Ste. Agathe.

Along the 65-mile motor trip, light snow continued to fall. But at every crossroads and every

New Method May Spot Cancer In Early Stages

TORONTO, Nov. 2 (CP)—A blood-test method of spotting cancer in its earliest stages may have been found by a University of Toronto research team.

The Ontario division of the Canadian Cancer Society said today Dr. E. W. McHenry and his co-workers have established that the amount of glutamic acid in the blood of cancer patients is higher than in other persons.

The value of the discovery is not yet known positively. There is a chance that the glutamic acid content of the blood increases with other diseases. That now will be studied by the university team.

But the Ontario division's press release said the research so far indicates doctors may ultimately get a means of finding cancer easily and early. So far the only positive diagnosis has been pathological examination of a malignant growth.

Dr. McHenry born in Streetsville, Ont., and now the university's professor of public health nutrition, was the only research man named in the press statement. However, he asked news-

Cardigan Man Declared Maritime Potato King

AMHERST, N. S., Nov. 2 —Ira MacMillan of Cardigan was declared Maritime potato king here today as his selection of Green Mountains were good enough to win the grand championships ahead of 164 competitors.

Mr. MacMillan's meritorious win makes the third time in as many years that the Maritime potato crown has been won by a farmer from King's County. Two years ago it was R. L. Burge from St. Peter's Bay and last year the winner was Howard Dixon from Bay Fortune.

With the Maritime win, Mr. MacMillan automatically won the Prince Edward Island championship. The reserve championship for the Island was won by

Douglas and John Aitken of Souris with a selection of Irish Cobblers.

The grand championship reserve for the Maritimes was won by Warren Goupe of Ganning, Nova Scotia, with a selection of bliss triumphs he also won the Nova Scotia championship.

Four Island exhibitors were in the running for the Maritime reserve honors. They were Howard and Harold Dixon from Bay Fortune, Douglas and John Aitken of Souris, Frank MacPulay and Sons Souris and Bruce Yeo and Son Union Road.

Gordon Christensen of Salmonhurst, N. B. was the New Brunswick champion. His Katahdins placed eight in the Maritime Katahdin class.

Additional Air Freighter Due Here Today For MCA

Another big DC3 air freighter is due to arrive here today from New York with Captain Jones at the controls. It will help to swell the air fleet of the Maritime Central Airways. The new ship is one which could easily be converted to passenger service if necessary as was done with a similar plane some time ago.

The rapidly expanding work of the M.C.A. means new planes are frequently necessary and the company is adding to its supply whenever it can. Some time ago one was purchased in Paris and flown here and recently the company bought another in London, England. But as yet no definite plans have been made to send someone over to bring it back.

M.C.A. activities continue to attract wide and favorable attention. The latest reference appears in Aviation News Digest, New York, distributed in Canada by Imperial Oil Limited, which notes that the company started operating in 1941 from Charlottetown with a single airplane, and that its present fleet numbers

Railways Told To Restore Low Lumber Rate

OTTAWA, Nov. 2 (CP)—Mr. Justice M. B. Archibald, in one of his last acts before retiring as chief of the Board of Transport Commissioners, has ordered the Canadian National Railways to restore a controversial low Maritime freight rate on rough lumber, although opposed by two other board members.

His ruling, made public in an order today, was based on an interpretation of the Maritime Freight Rate Act, on which Commissioners F. M. MacPherson and A. Sylvestre both disagreed. All three reviewed the case.

However, both commissioners noted in their judgments that since the issue involved a question of law, the opinion of the

Snow In Toronto

TORONTO, Nov. 2 (CP)—A Toronto tonight got its first snow, storm since last winter.

More than half an inch of snow had fallen by mid-evening and more was forecast. Traffic during the rush hour was slowed but no serious accidents were reported.
