

CURRENT NOTES.

Earl Granville on the 9th dined with the Queen, at Osborne, by Royal Command. Politicians attach importance to this, and believe that the Earl was the bearer of important proposals, agreed upon at the recent Cabinet Councils, and possibly received instructions in the event of Mr. Gladstone's retirement through illness, relative to the formation of a new Cabinet.

If there were to be any difference between a girl's education and a boy's, I say that of the two, the girl should be earlier led, as her intellect ripens faster, into deep and serious subjects; and that her range of literature should be not more but less frivolous, calculated to add the qualities of patience and seriousness to her natural poignancy of thought and quickness of wit; and also to keep her in a lofty and pure element of thought.—Ruskin.

Whitaker's Church Almanac gives the following statistics of the Episcopal Church in this country:—Clergy, 3,645; increase over last year, 86; parishes, 2,842; missions, 1,549; combined increase 155; candidates for orders, 367; increase 34; ordinations, deacons, 99; decrease, 47; ordinations, priests, 107; decrease, 25; baptisms, 49,582; increase, 4,171; communicants, 381,894; increase, 67; Sunday school scholars, 318,358; increase, 306; contributions \$6,042,628.84; increase, \$723,437.45.

The room in the Tower of London in which Sir Walter Raleigh was so long imprisoned is 8x14 feet in size, and so low that it was impossible for Raleigh to stand erect in it. The walls of the room are eighteen feet in thickness, and there is only one window—an opening of 10x20 inches—from which the only light that can be seen is the blank wall of an adjoining building. Here Raleigh lived for 14 years, never being once out of the room until the day on which he was taken to Great Tower Hill to be beheaded.

A seventeen year old girl attempted suicide at Carleton, N. B. On Sunday last, she sat down to write a letter to a young man with whom she had been keeping company. She had no ink, but instead thereof she procured a package of Sawyer's Bluing, which she dissolved. Before finishing the note she seized the vial in which was the fluid, and drank the contents. The act was noticed by some of the inmates of the house, who at once alarmed the household. An emetic was given which had the desired effect. Although weak from the effect of the poison the girl is now out of danger. The cause of the rash act is attributed to disappointment arising from unrequited love.

Quebec is the refuge of one of France's most prominent statesmen, M. Savary, formerly Under-Secretary of State, and against whom judgment is held in France for having violated certain laws referring to the banking firms in France. Savary is now engaged in editing the literary columns of a French local journal. He is living with the woman with whom he eloped. Savary is a man of fine physique, with a very determined look. Baron de Verez, who is said to be Savary's denouncer, has also been back and forward between Quebec and New York for some months past. It is said law papers in connection with Savary's case, which have come into his possession, are as much if not more directed at the Baron than they are at Savary.

"Old Isaacs" is a well-known disorderly character of New York, who spends most of his time in prison. The other day he received a ten days sentence, and the next one called was a pretty and well-dressed girl of about eighteen, "Drunk" was the charge against her. The girl's tears failed to soften the judge, and the customary sentence of \$5 dollars was awarded. Neither she nor her companion had the money, and the court officers were leading her away sobbing as if her heart would break, when "Old Isaacs," clambering up to the clerk's desk and diving into his inner vest pocket drew forth a dirt-begrimed wallet, from which he took a carefully folded bill, laid it down on the desk, and said in a half whisper, "there's the fine for her," jerking his thumb toward the girl. "She's too pretty to go to gaol, and I had a daughter like her once." Then clambering back, he took his place in the line again.

GRAND SALE OF FURNITURE! COMMENCING EVERY MORNING AT 8 A.M. HAVING lately increased our motive power and made several additions to machinery plant, we are in a better position than ever before to attend to the wants of our customers.

Having a large staff of workmen employed, our monthly output of Furniture is very large; but as we do not intend paying the exorbitant rate of insurance asked, we are desirous of keeping our stock down to a certain limit, and to do this we will sell all our goods at the lowest possible price FOR CASH. The public are respectfully invited to examine our stock and ask for prices. Orders by letter promptly attended to.

Funeral Furnishing a Speciality. Beautiful, Good and Best Value in the Province. MARK WRIGHT & CO. Charlottetown, Nov. 14, 1884.

MORRIS & IRELAND'S NEW IMPROVED PATENT EIGHT-FLANGE FIRE-PROOF SAFE.

THE only Eight-Flange Safe in the world, and containing more improvements than ANY SAFE made, such as: 1st. THE PATENT INSIDE BOLT WORK, which is placing the bolt work with the whole of the flange (six inches) between it and the outside, that is, as far from the fire and thief as it can be.

2nd. THE PATENT HINGED CAP—the back plate of the door being on hinges, enabling the owner, by turning a thumbscrew, to have easy access to the lock and bolt-work. He can thus easily change the lock, clean oil, and keep the bolt-work in good order.

3rd. IRON INSIDE LINING, stronger than wood, and which retains the moisture in the filling for an indefinite time. Wood is thicker and weaker, and after a few years absorbs the moisture and "requires filling over again."

4th. FOUR-WHEEL COMBINATION LOCKS, the simplest, strongest, most efficient and easiest to change of any in use.

5th. SOLID ANGLE IRON FRONTS, BACKS AND CORNERS, which prevents warping or injury to safe from falling, or falling walls or timbers.

6th. EIGHT FLANGES—the most important improvement ever made in fire-proof safes, providing eight laps, thus preventing the passage of heat, it having to pass over twelve inches, no injury arises from this source, as in other safes containing one, two or three flanges. THESE SAFES have stood the test of years, and the greatest fires on this continent, and have THE CHAMPION RECORD in the Boston, Chicago and Haverhill Fires.

We are selling these safes as low as any good safe, and are disposing of large numbers throughout the Dominion. BANK WORK AND VAULT DOORS are specialties of our firm. For prices, testimonials and information, address, JOSEPH JACOBS, GENERAL AGENT, MORRIS & IRELAND, 64 Sudbury St., Boston Mass.
