

Applicants to have their names placed on the voters' list will be attended to at the office of John T. Mellich...

LOCAL AND OTHER ITEMS.

FOR GOODS A SPECIALTY.—Beer Bros. Mr. FRED DE C. DAVIES has kindly consented to sing at Miss Findley's recital.

POOR YET.—"So far the thing continues a complete failure," writes a western friend.

ANOTHER CONTRIBUTION.—A lady of St. Dunstan's Cathedral has received a generous contribution towards the bazaar from Messrs. S. B. Edmunds & Co.

RIFLE ASSOCIATION.—The annual meeting of the Queen's County Rifle Association will be held at 8 o'clock to-morrow evening at the office of Mr. G. A. Dawson.

MR. VINCIGUERRA'S services have been secured for Miss Findley's recital in the Opera House on Sept. 20th. He has two beautiful violin solos in preparation for the occasion.

THE RIFLE.—Members of the Ottawa team of 23 will shoot for the Cochran Taylor gold medal on Saturday next. The Charlottetown Engineers will hold the home ground competition on the same day.

A HARVEST FESTIVAL.—The Salvation Army will hold their annual harvest festival at the Barracks, commencing on Saturday, the 15th inst., in closing on Monday with a large banquet. The evening. All are welcome.

THE McLEOD PROPERTY.—This valuable property will be sold as advertised by auction on Saturday, the 22nd Sept. inst., at noon, on the 17th miles. The house is one of the best built, and most conveniently arranged residences in the city. Inspection invited.—A. McNeill, Auctioneer.

CITY COUNCIL.—There was again no meeting of the City Council last evening, for the want of a quorum. The same four Councilors were present, and the same three absent. There will be no meeting again, unless a special meeting be called, until the next regular meeting.

A NEW RECORD.—And now we have a new record. Messrs. B. C. Prowse and F. de C. Davies crossed the ferry yesterday with their bicycles in the one o'clock boat. At 1.15 they left Southport to ride to New Perth cheese factory, arriving there at 2.43—1 hour and 28 minutes—beating the best time made on this famous road by 20 minutes. At New Perth they were kindly treated to refreshments by Mr. Deane, and then started to the city by train. But finding that mode of travelling too slow, they left the train at Brackley Point and reached the city on their bicycles ten minutes ahead of the train.

ANOTHER MARRIAGE took place in this vicinity on Tuesday morning of this week. This time it was Mr. William F. Rogers, junior member of the firm of D. Rogers & Son, and Miss Cora R. Holland, third daughter of A. E. Holland, Esq., St. Eleanor's. The ceremony was performed in the Episcopal Church, St. Eleanor's, Dr. Osborne officiating. The principals were attended at the altar by Misses May and Marion Holland, sisters of the bride, and Mr. L. B. Hunt, best man, here. After a sumptuous wedding breakfast was partaken of, the newly married pair drove to the Northumberland for a wedding trip to Nova Scotia and some of the large cities of the United States. With their many friends we wish them hearty congratulations.—Farmer.

A WORD OF ENCOURAGEMENT.—Richard Westaway, Esq., writes from Georgetown to the Patriot, and says: "Although I have attained the allotted three score and ten, yet I still take a pleasure in observing the improvement and general prosperity of the people of—at least to me—the fairest island that ever raised itself above the crest of the foaming billow." Mr. Westaway writes particularly of the improvements that have been made at and near Murray Harbor. He says: "The prosperous-looking business establishment, the well-cultivated farms, and the artistic and comfortable dwellings, are in striking contrast with what might be seen some sixty or seventy years ago. But what struck me most was the improved condition of the river leading up to the business premises of Prowse & Sons."

LETTERS TO THE EDITOR.

AN EXPLANATION FROM COUNCILLOR TANTON.

Sir,—In your editorial of yesterday on City Council matters, you reflect without cause, and I think most unfairly, upon the course pursued by myself and two associate Councilors. A meeting of Council was held on the 31st ult., at which the usual business of the month was transacted, current financial affairs adjusted, and the necessary checks signed by the Mayor before his departure. This meeting being held in lieu of the regular monthly meeting, and no business of sufficient importance to warrant another session existing, myself and I presume the others, did not consider our attendance necessary.

If you will follow carefully the Council records and observe the conduct of the different representatives, I earnestly think you will then be willing to allege against us any neglect of the city's interest. For myself, when duty calls and there is business to transact, you will always find me (and I believe the other Councilors also) cheerfully in my place at the Council board. I admit the force of your statement relative to the late lamented Councilor Robertson, but the Council have already expressed their deep sympathy in the presentation of a floral wreath, in their attendance at the funeral obsequies and in other ways, and at the regular meeting, now only a few days distant, there will be ample time to further express ourselves in a formal resolution, carrying with it the dignity of the Mayor's signature. Respectfully, L. P. TANTON.

THE SUPERINTENDENT OF THE P. E. ISLAND RAILWAY.

Sir,—Now that the position of Superintendent of our railway is vacant, and in view of the fact that we have men well able to fill it in the railway service here, men up to every detail of the service, and conversant with the wants of the Province—every true Islander should stand up against the policy of exclusion which has so far obtained, and clamor for fair play for our own people in this matter of Superintendency. I hope, Mr. Editor, that your patriotic and that discernment which puts you in the first place among our public men, will move you now to insist that a first-rate P. E. Island appointment go to a P. E. Islander.

HOME RULE. KEEP IT IN A DAMP PLACE.

Sir,—I would suggest to the custodian of the liquor seized yesterday to keep it in a damp place instead of a dry one, for fear of evaporation or leakage. The casks are apt to get dry and their contents escape when kept in too warm a place or too near a living or artificial heat, and it would be well to take warning by the fate of the last consignment at the Police Station, which was found to be short when returned to its owners on account of the dryness of the storeroom and its appendages. SERRATAPOL.

SEEKING THE NEWS.

Sir,—I heard round the streets last night of a seizure of liquors on Water Street by the police yesterday, and, being anxious to hear the particulars, I longed for this morning's Guardian to learn them. But there was not one word about it in the paper when I got it at my breakfast. The rumor of the police action must have been untrue, or a joke got off on the officers; otherwise, our temperance organ would have heard of the affair. If the authorities contemplated making the raid, they should not have told of it, for now the parties will be prepared. OLD-TIMER.

GENERAL TELEGRAPHIC NEWS.

NEW YORK, Sept. 10.—An English committee of three members have arrived in this country and are now making an investigation of the lynching and mob outrages in the south. They came unheralded and are working quietly. The sending of this committee to the United States is the direct result of the crusade made in England by Miss Ida B. Wells, the young colored woman who made such a stir abroad and in this country. The investigators are sent here by the British anti-lynching committee. Thomas Fortune, who has devoted more attention to the matter than has any other prominent Afro-American, says that the committee is now at work in this country. It is evidently the intention of the committee to conduct the investigation secretly in order that its members may not be unpopularly treated and that its investigation may be entirely impartial.

LOSOS, Sept. 10.—A report received here from Shanghai says a French mail steamer about to sail for Japan was boarded at her wharf in Shanghai by officials who insisted on searching the ship for Japanese passengers. It being claimed that a number of Japanese officers who had been trained in Europe were on their way back to Japan to enter active service. The French captain refused to allow his ship to be searched, and threatened to report to the Gulf of Pei-Chi-Li, and join the northern squadron. Chinese steamers at Shanghai are being put under the protection of the British flag.

OTTAWA, Sept. 10.—The new Government steamer Aberdeen will serve the light-houses on the north shore of New Brunswick, including the Baie des Chaleurs, as her first official duty.

LOSOS, September 11.—The Salvation Army crowded Queen's hall last evening to say good-bye to General Booth who left Liverpool to lay to embark for Halifax. His tour of inspection in Canada and the United States will last about six months.

WINNIPEG, Sept. 11.—A large body of Roman Catholics marched to-day to the government buildings to lay before Premier Greenway and his ministry the following petition:

1. That we are unable from motives of conscientious convictions to participate in or derive benefit from the system of education now carried on under the public school act of 1890 and amendments thereto.

2. That the heavy pecuniary sacrifices with which Catholics throughout the province have been burdened in consequence of said laws for the last four years, even through the financial stringency of the present time, must remove any doubt as to the earnestness of their feeling and convince your government of the gravity of their grievances.

3. That, without sharing your petitioners' religious convictions that the taxation of Catholics for schools acceptable only to Protestants, is most oppressive and unfair, your government must feel that they can no longer in their own conscience, legitimately carry on that system, the result of which is unjust and oppressive.

Therefore, your petitioners, as freeborn British subjects, do enter their firm and solemn protest against this unfair treatment at your hands, and do respectfully and earnestly pray that your government take into their serious consideration the grievances of the Catholics of this province, and do pass such legislation as may be necessary to remedy such grievances to their full extent, and to assure to the said population the full respect of their rights and conscientious feelings, the use of their school taxes, of their legitimate share of the public money, voted for educational purposes in this province; and your petitioners, as in duty bound, will ever pray.

After the petition had been read, Premier Greenway promised a reply in writing at an early date, and the gathering dispersed. The petition was a monster one. It was three hundred and twenty feet long, weighed three pounds and bore five thousand signatures.
