THE Bazaar and Tea Meeting in aid of the Wesleyan Church at Summerside, came off on Wednesday last. Some 250 excursionists went up from Charlottetown the previous evening, accompanied by Galbraith's Band. Upwards of 2,000 persons were present, and the handsome sum of £180 was realized.

The English mail for this Island arrived here on Friday evening last by the steamer *Princess of Wales*, from Pictou. In another column will be found a summary of the most interesting items of news.

On Saturday last the Bank of P. E. Island removed to their new building on Great George Street.

H. M. Steam Frigate *Doris* Commander Glynn, sailed at six o'clock on Saturday morning last.

QUEEN'S COUNTY INDUSTRIAL EXHIBITION —At a preliminary meeting of the Commissioners, recently appointed to superintend the appropriation of last session, for the encouragement of agriculture and local industry in Queen's County, Hon. R. P. Haythorne in the Chair. It was resolved that an Exhibition of Horses, live stock, and poultry should be held at Holland's Grove, Charlottetown, and of textile fabrics, fruit, and vegetables, dairy produce and grain, in the new Drill Hall, about the end of September next. Prize list and further details of which will shortly be published.

A. McNEILL, Sec'y, *pro. tem.*

And Thomas Hunt Esq., of St Eleanor's, a Commissioner for Prince County, for carrying into effect the purposes of an Act intituled "An Act to consolidate and amend the laws now in force for the relief of insolvent debtors."

Staples' New Pens.—Mr. B. F. Staples has recently invented another description of pen which we take great pleasure in recommending to the public. It is a plain circular pointed pen, with a smoothly-rounded point. It is made entirely of steel, and unlike most pens, it is very durable, and will stand any amount of hard usage, without materially damaging it. Mr. Staples is indefatigable in his exertions to supply the facilities to ensure a thorough system of penmanship among our people, and we trust that his excellent copy books, which are authorized by the Council of Public Instruction, and his good pen will be extensively used throughout the Province.

☞ Owing to the lengthy report of the Dawson case, which has lately been heard in the Supreme Court, we are compelled to omit our general stock of news items:

PERRY DAVIS' PAIN KILLER.

Has become an article of commerce,—which no medicine ever became before. It is as much an item in every bill of goods sent to country merchants as tea, coffee or sugar. This speaks volumes in its favor.—[Glens' Falls Messenger

Rev H L Van Meter, Burmah, writes, "The Pain Killer has become an almost indispensable article in my family."

Hundreds of missionaries give similar testimony of its virtues.

Rev J. G. Stearns writes, "I consider it the best remedy for Dyspepsia I ever knew."

Rev Jabez S. Swan says "I have used it for years in my family, and consider it an invaluable remedy."

Rev M H Bixby writes, "I have had occasion to use the Pain Killer very frequently during my residence in Burmah, and have found it a very useful medicine. I did not think I could visit the jungles without it. In case of Colic, Diarrhœa and Cholera, the Pain Killer gives speedy relief and for many other ailments I have found it beneficial. It is popular in Burmah, among the natives as well as Europeans. I always carry it with me for my own benefit, and the good of the people where I go."

CORONER'S INQUEST.—On Wednesday the 15th instant, a Coroner's Inquest was held at Monaghan Road, Lot 36, by J. R. Bourke, Esq., one of the Coroners for Queen's County, on view of the body of Patrick Quinn, of Lot 36. The deceased was one of a party of men who was working at the new Bridge, head of Pisquid River: the day being excessively warm the deceased with some other young men went to bathe, and in consequence of getting into deep water, and being unable to swim, fell back, and before assistance could be rendered, the poor man was drowned.

BOSTONITE. This is the name given to a new material manufactured by Messrs. Perry & Co. of London, into Tablets, Slates, Memorandum Books, Diaries, &c., and is an excellent cheap substitute for Ivory in the above named articles, as writing with a lead or colored pencil is easily erased with moisture. Messrs P. & Co. are also manufacturers and patentees of an almost endless variety of useful articles in the Stationery and Fancy Goods line. A very nice assortment of their Goods is on sale at Mrs. Bremner's Book and Stationery Store in Prince Street.

MANNA IN THE DESERT.

How like Manna, refreshing and nourishing, the poor pilgrim in the Arid Desert of Disease and despondency is the wonderful *Manochan* of the Aztec.

JUDSON'S MOUNTAIN HERB PILLS,

Like the Brazen Serpent raised by Moses in the desert, they cure almost miraculously.

THE HEBREWS LOOKED

Upon the Serpent and were healed. The Gentiles and the Jews both

Sold by all Medicine Dealers.

A NEW AND GRAND EPOCH IN MEDICINE.—Dr Maggiel is the founder of a new Medical system. The quantitarians, whose internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite with from one to two of his ordinary Pills and cures the most virulent sores with a box or so of his wonderful and all healing Salve. Those two great specifics of the Doctor are fast superceding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every boxful taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to keep the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant. There is no griping and no reaction in the form of constipation. If the liver is affected, its functions are restored, and if the nervous system is feeble, it is invigorating. This last quality makes the medicine very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant use of Maggiel's Salve. In fact, it is here announced that MAGGIEL'S BILIOUS DYSPEPTIC AND DIARRHŒA PILLS cure where all others fail. While for Burns, Scalds Chilblains, Cuts, and all Abrasions of the Skin MAGGIEL'S SALVE is infallible. Sold by J. HAYDOCK, 11 Pine street, New York, and all Druggists, at 25 cents per box.

"COUNTERFEITS!—Buy no Maggiel Pills or Salve with a little pamphlet inside the box. They are bogus. The genuine have the name of J. Haydock on box with name of J. Maggiel, M. D. The genuine have the Pills surrounded with white powder."

FRIGHTFUL BURNS! FEARFUL SCALDS!—Dr Maggiel's Salve stops the most violent pain of burns, scalds, etc., at once, while for wounds ails, corns, etc., it is unsurpassed. Sold by all druggists. W. R. Watson, agent for P. E. Island.

[ADVERTISEMENT]

To the Farmers of Prince Edward Island.

GENTLEMEN. — When I was in Nova Scotia "Ashael Booth" paraded before you what he considered an apology for his misstatements respecting the "Buckeye Machine" he is laboring to sell to you this season, in which he says "I have controverted in my last communication to you, his representations of the Adriance Machine." I still flatly contradict Ashael Booth's former and latter addresses; and, although above the low and personal raillery consonant to a small mind, yet, in order to get down to the level in which Ashael Booth exists, I must emphatically say that his last address is more false than the first.

Ashael Booth opens up his "latest" by saying we claim our Machine to be the best—we do—and rejoice to know that you coincide with us; but we do not say as Ashael Booth would have us, that "all improvements are of our invention." No, Ashael, we most distinctly point out wherein and whereby we have improved the Machine. Ashael Booth argues from figures largely—this way—that because Adriance manufactures many more machines, that hence they make better ones. We know of large manufactories of tremendous pretentions which produces miserable work, and small establishments which turn out first-class work—which we could illustrate very appropriately by a manufactory not a hundred miles from your City of newspaper notriety; but we forbear. To be plain in this matter, Adriance does not manufacture the number represented by A. Booth, by thousands, and the number assigned to us by him is akin with the rest of his statements, not being within a thousand.

Ashael Booth supposes he has a very striking illustration of our External Gears; but let him wag on; we do assure him and every one else, that the External Gears is the latest improvement applied to the Buckeye—not the External Gear, however, as primarily used, but Gears hung differently, and otherwise improved by us last season, and which is approved so much in the States that parties who bought Machines previous to its adoption, are having their machines Geared over again at a considerable expense. But we do not imagine that Ashael Booth, who is a mere speculator, and knows nothing about machinery, can discern any improvement; but we can point him to Farmers who agree with us, and who purchased our Internal Gear Machine last season, and yet he will contend that we never altered our Machine from the first patterns.

We would ask Ashael Booth, if our Machines has "gone by," why it is he spent days last fall begging for its sale on this Island? and why he has been craving a compromise this summer, and promising to bind himself to waive all considerations, and connections with all other establishments, if A. P. Richaadson & Co. would agree to to take hold of him and sell him Machines for your market. He affected much regard for you in his first advertisement, and stopped to explain the reason why he did not recommend the Buckeye last year, having traded so largely in Mowing Machines with you, and prompted by disinterested motives, he could not think of selling a mackine that his skilled eye did not consider perfect. How, then can Ashael Booth qualify those high sounding regards for you with the facts, that he has been importuning the sale of our Machine (with all it's failings in his estimation) like the widow in the Scriptures, that we had almost blessed the man with it. We imagine Ashael Booth will require to call in the aid of a "flippant young man" to clear up this matter.

Mr. Booth endeavours to make a handle of being at our Factory, and "four of our best workmen" could not set up a machine in a day. We had not a combined machine on hand to set up, but to gratify him we endeavoured to build one; and, is it strange where castings were taken from the foundry in a rough state—the Joiner and Blacksmith work to be done—and changing the hands from setting up Mowers to Reapers—that we failed to accomplish our object. This we consider of no moment — first, because we had not a Reaping Attachment on hand to set up, and secondly, when we did complete them, and sent them to your Island, they worked admirably.

To answer Ashael Booth's remarks about competing with the Buckeye at trials, we will ask him a few questions. Does Adriance, Platt & Co exhibit their machines at State or County Fairs in the New England States? Are all the medals published in Adriance, Platt & Co's. circular taken by them? Were there 59 different Buckeye Machines exhibited at Auburn? and if A. P. Richardson & Co. are not known beyond Worcester County, how did Ashael Booth find them out, living in a small inland town in Vermont?

To be plainly understood, in this controversy, we will recapitulate what we have said throughout. First, Adriance, Platt & Co. are not the original inventors. Secondly, they do not originate all improvements. Thirdly, they do not make more machines than any other establishment. Finally, that the External Gears applied to our machine, were not applied to any machine until last year, and that the machine now offered for sale by A. Booth is the same Internal Gear Machine as we built two years ago, and have now discarded with the exception of the lifting lever, which we do not consider an improvement but an injury. We have no ambition to flourish in print, but do not consider it any disgrace to be "flippant" if our volubility is couched in truthfulness. We will have an ample quantity of Machines to meet demands, and will guarantee to sell them at such prices as will prevent speculators from fattening on your hard earnings.

Yours truly,
E. P. CURTIS,
Travelling Agent for A. P. Richardson, & Co, Worcester, Mass.
