A LOT of wrecked material, taken from the barkentine Olivette, was sold at auction at Picquet last week. GOSPEL ARMY.—Temperance meeting this evening. Addresses by friends of the cause, with reference to work now being done. MR. GEORGE McSWENEY, the popular proprietor of the Hotel Brunswick, Moncton, and American Consul at that port, is at the Rankin. MR. CHARLES MARTIN was in town to-day on his way back to Manitoba. He has lived in the Northwest about six years, and likes the country well. PROF. E. C. TAYLOR, Magician, etc., visited Georgetown a few days ago, and after raising some money on worthless United States notes, left for pastures new. REV. T. W. JOHNSTON and D. W. Palmer, Esq., returned from Halifax last evening, where they were attending the Diocesan Synod of the Anglican Church. THE Treasurer of the P. E. Island Hospital begs leave to acknowledge the receipt, per Hon. A. B. McKenzie, of \$9.50 from Murray Harbor Road Presbyterian congregation. GENTS furnishings in great variety at Jas. They go to the Lorne Hotel to-day to take charge of their departments at that place for the summer. We congratulate the proprietors on securing such valuable assistance. THE steamer M. A. Start, Capt. Ferguson, arrived from Halifax via intermediate ports with a cargo of general merchandise and two passengers—Mrs. Dixon and Master Dixon. She sails again this evening with oats, potatoes, lobsters, etc., and several passengers. We begin to-day the publication of "Ehnel DeWolfe; or Shadows and Sunshine," written for THE EXAMINER by Mr. S. M. Bent. The scene is laid in New York and the Southern States, during the time of the American Civil War. We trust it will prove acceptable to our readers. UPWARDS of three thousand persons attended the Mammoth Tea at Kinkora Tuesday. Everything passed off splendidly. Worth's Band was in attendance, as also a harper and two violinists from the city who enlivened the day with strains of sweet music. Now that the Street Committee are about to enlarge the sidewalks for the benefit of some distinguished visitors at present in the city, would it not be advisable for the proprietors of a certain newspaper office to have the doors enlarged so as to admit of the easy entrance and exit of the posty editor, especially during the ice cream season. THE Canadian calls upon the federal government to immediately place an armed cruiser in the Gulf between Point des Monts and Blanc Sablon, Quebec, to protect the Canadian fishermen and fishing establishments against the outrageous and continually increasing predation of Newfoundland pirates who, it says, have this season grown more audacious than ever and are rapidly ruining the whole Canadian Labrador. THE Pictou News publishes the following challenge to Island oarsmen:—"The Dominion Crew, of Pictou, hereby challenge the oarsmen of Prince Edward Island to row a four-oared race on Pictou Harbor, in lapstreak working boats under 30 feet keel, rowing off the gunwale, for a purse of one hundred dollars a side. If the challenge is accepted a deposit will be placed at any time in the hands of the Editor of the News." THE general verdict of the smokers of the Myrtle Navy is that it is the finest tobacco they have ever used. There can be no mistake upon this point for it is proved by this tangible evidence. The large demand for this tobacco shows it to be true, and the character of the demand gives further proof. It has never been of the spasmodic kind, up one month and down the next. It has been a sustained and constantly increasing demand. The unsurpassed quality of the tobacco accounts for this. THE Summerside Journal says that there was quite a fleet of American fishermen at Malpeque until Saturday, when the Lansdowne and the Critic cruised that way. We hear that the Collector at Malpeque ordered them out, and they left accordingly. When the Lansdowne appeared they put to sea, but Capt. Scott dogged among them for a while, and, we understand, boarded the Mollie Adams, Capt. Solomon Jacobs. No doubt this arose from erroneous reports set afloat, probably by rivals in the fleet, that Captain Jacobs was transgressing. Capt. Jacobs is one of the reasonable Gloucester men, who says he will not fish within the limits, and who is in favor of a Treaty. He would be satisfied with free fish and free fisheries; and he thinks the Americans are hating themselves by their fishing Canada to take her present course.

THE ENGLISH ELECTIONS.

A Liberal Catastrophe.

LONDON, May 8. Lord Randolph Churchill's prophecy that the Tories would win fifty seats during the present election is being rapidly fulfilled. Already they have won thirty, as against fifteen the Gladstonians have won and two secured by Liberal Unionists. In the last Parliament the Conservatives numbered 251, and now—although the elections are not half over—they already have 211. Last night's returns were the most disheartening the Liberals have yet received. For instance, Dulwich—which had a Liberal majority of 1,000 at the last election—this time goes Tory by 2,000 majority. The feeling of the Radicals is fully expressed by Truth, which asks, "What will be the duty of the Radicals in Parliament should Gladstone find himself unable to carry on the Government?" and it answers that "it will be impossible for any one else to carry it on," and that "the time has arrived to take off our gloves." All signs point to the formation of a Salisbury ministry without Liberal-Unionist members in the Cabinet, but supported by the Liberal-Unionists in the House of Commons. The Pall Mall Gazette, commenting upon the returns, says that the Liberal defeat is now degenerating into a "rout," and that the defeats of yesterday begin to assume the proportions of a catastrophe. Thomas Sexton, Parnellite, who sat in the last House for South Sligo, went up into Belfast in this campaign to contest the west division against Haslet, a Conservative. Sexton won the district and gained the greatest Parnellite victory of the campaign, defeating Haslet by a vote of 3,882 to 3,729. The English Counties show large gains for the Conservatives who, in some instances, are winning County divisions by sweeping majorities. The last hope of the Gladstonians—the vote in the Counties—has failed. The Counties of Somerset, Warwick, Hereford, Derby, Denbigh and Shropshire, in which the agricultural vote centers, have returned Conservatives. It will be impossible to reverse the defeat of the Government, and the Unionists are confident of an ultimate strength of 370 against 300. The Conservatives feel certain that with a compact phalanx of 300 members Salisbury will form a purely Conservative Government.
