

Hun Field Trials Will Open Here This Morning

Owners, handlers, and dogs from such distant points as Indiana, Ohio, New Jersey and Boston will join forces with Maritime owners and handlers to compete in the Third Annual Prince Edward Island Hun Trials which get underway at Harvinton this morning.

Sponsored by the Charlottetown Kennel Club, the event is the leading one of its kind to be held each year in local sporting circles. Commencing at 7:30 this morning, the veterinary inspection of dogs, the contestants in the Puppy Stakes will take to the field at eight o'clock for the opening competitions of a two-day program, to be followed later in the morning by the Shooting Dog Stakes.

The Puppy Stakes will follow course No. 5 which starts at South Winsloe School and continues on out the Winsloe Road, while the Shooting Dog Stakes will be carried out over Course No. 1, its starting point being one mile out the Winsloe Road from Highfield Cabins.

Dinner And Registration Open All Age Stakes

At a special dinner at the Queen Hotel last evening visiting and local sportsmen gathered to discuss the plans of the opening day's competition and draw for the various events. Leading visiting sportsmen attending the dinner included Messrs. Tommy Cox, well-known professional trainer from Indiana, Walter Kleeman, of Ohio, Secretary of the American Brittany Club, Alan R. Stuyvesant, President of the American Brittany Club from Allamuchy, New Jersey, Herbert Farnsworth, Boston, Mass., G. B. Wetmore, Hillsboro, N. B., and Eidon Ritchie, Moncton, N. B.

Tuesday's final competitions will get underway at 7:30 A. M. with the holding of the Derby Stakes to be followed by the Open All Age Stakes which will conclude the competitive events. A dinner will be held at Highfield Cabins on Thursday evening, at which the winning dogs will be announced and the presentation of prizes made.

Chairman of the Field Trials Committee is Dr. G. Gilbert Houston. Associated with him are F. A. S. Jones, Stewart Ives, Walter Rodd and Art Hogan. Field Marshall for the event will be Freeman Eddy. Judges in the trials will be Raymond "Dick" Hoyer, Andover, Mass., R. H. Golland, Athol, Mass., W. P. "Dinky" Moore, Shubencade, N. S., and J. T. Mayer, Gunningsville, N. B.

WASHINGTON, Oct. 16 (AP) — The U.S. Supreme Court declined recently to interfere with a State Court decision ordering the University of Maryland to admit a Negro girl to its all-white school of nursing.

WASHINGTON, Oct. 16 (AP) — The University had offered to provide nursing education for the girl at an institution in another state. The Maryland Court of Appeals ruled that would not give her equal protection under the law. In another case involving racial segregation of students, the high tribunal refused to reconsider its decision last June involving the University of Texas.

At that time, the court ordered Roman Marion Sweatt, a Houston Negro, admitted to Texas University's White Law School. The court said it could not find 'substantial equality' in a separate school set up by Texas for Negro law students.

CORNWALL MISSION BAND The monthly meeting of the Cornwall Mission Band, was held in the School, September 28th. The opening hymn, 'O Lord, I'm a Sinner', was sung by the band. The band then sang Psalm 136. Prayer by the leader and the Lord's Prayer in unison. The story from the 'Flying Umbrella' was an autumn Thanksgiving story, read by the leader for the meeting, Mrs. Herbert Scott. The hymn hymn 'Jesus Bids a Shine' closed this part of the meeting.

The president, Parker Beer then took charge. Minutes of last meeting were read; roll call responded to by twenty eight members. The Travelling Apron was passed in and when opened amounted to \$14.25. The Thank Offering envelopes were collected by Jackie MacLean and amounted to \$50.00. Two members put money in the bird's nest box. Lunch was sent by two members of the W. M. S.

MEXICO CITY, Oct. 16 (AP) — Four persons were killed and more than 100 injured yesterday in a fracas in one Mexican bull ring and in the collapse of the stands in another. Two men and a boy were killed at Zitacuaro when spectators and soldiers clashed. In San Martin one person was killed and more than 100 injured when some of the stands collapsed.

Enjoyable Comedy By Little Theatre Group

Last night the Little Theatre Group, in another of their many successful productions, presented 'Papa Is All', a comedy in three acts, ably directed by Vera Miller, and under the distinguished patronage of Lieut. Governor T. W. L. Prowse and Mrs. Prowse.

The play, which was given before a large audience in the Prince Edward Theatre, concerns the overthrow of Papa, whose fanatical domination of his family is broken when he attempts to destroy his daughter's interest in a 'surveyor-fellow'. Much of the incidental colour of the play derives from the economic background of the characters, and their Pennsylvania Dutch mode of speech.

The casting in every case was competent. Emma, the twenty-two year old daughter around whom much of the plot turns, was taken by Hilda Pickard, who, charmingly ingenuously, not only gave a delightful impression of youthful hopes and aspirations, but also indicated a depth of rebellious passion which helped make the character three-dimensional. Arthur MacLean was Jake, the twenty year old son, and portrayed a self-realized weakness of nature with a good feeling for both the humor and pathos of the part.

The Pennsylvania State Trooper, who turns the near-tragedy to comedy, was adequately presented by Sterling Walker. Mrs. Yoder, a neighbour providing a cheerfully 'wordy' tone to the story, was played by Jean Giddings, who made full use of her not inconsiderable gift for comic representation, and sustained a most diverting performance. Esther Pleich, as Mama, gave a fine suggestion of inner strength under a meek exterior, with a sensitive interpretation of a part that appears deceptively straightforward. Her well-varied and subtle inflection of voice was equalled only by her excellent timing of gesture. Papa was taken by H. Barry Bugden, whose intelligent reading of the part prevented the more violent scenes from degenerating into melodrama, while at the same time he built up a tension which did not come to a climax until his final and most effective exit. He successfully created that most difficult character, a thoroughly detestable person who is at the same time highly credible.

The setting was effectively suggestive, the make-up and costuming excellent, with good attention to detail. All in all, the whole performance reflected credit to director and actors alike, and to the community as well, by taking an active interest in its Little Theatre, makes such productions possible.

The President of the Group, Harry Morris, spoke briefly before the play. After welcoming the members, he went on to give a brief outline of the time spent in rehearsals, which have been going on since August. He also announced a lecture which is to be given on October 21 in Prince of Wales College by Mr. Reginald King, who has played many lead parts in the Boston Stock Company. His talk is on 'Footlights and Gressapaint', and is free to the public.

Island Odds And Ends

Coach Murph Chamberlain and the promoters of the Islanders Hockey Club have builded better than most Island hockey followers knew. From training camps of the "pro" clubs, from the ranks of graduating juniors and from top-flight senior clubs they have gathered the hardest-hitting, thumpiest bunch of puck-men ever to represent the Province.

No claim is being made that the "Islanders" will be a shoo-in to win the league title; the other three teams are too strong for any such off-hand prediction, but anyone who saw them play Halifax on Saturday will admit their aggressiveness and their devil-may-care toughness. They are distinctly not a powder-puff team but one with all the boisterousness of youth, eager to trade bumps and with the pounce-like physical toll of opponents.

Nor are they deficient in the smoother tricks of the game, along with speed and hockey know-how. Though their give and take style was apparent from the first minute of the Halifax game, and delighted the home folks who saw them, they also matched speed and hockey brains with the much strengthened Big Four champions of last year.

Halifax has a powerful team composed of the best of last year's players and such outstanding new stars as Miller, Watson and Hughie Campbell. The first two are headed for the National Hockey League, and Campbell, a Mariposa, has long since made his reputation as being able to hold his own in any company.

Tonight the Islanders tackle Moncton in the first league game on Charlottetown ice and of course will try to make it two in a row. That may take some doing because after all, Moncton has been picking and discarding players for the last four or five years and has had something to build around this year.

It can be said, however, with conviction that no matter which club pulls out with a win it will be a battering slam-bang sixty minutes of action throughout. That much is guaranteed by Murph Chamberlain's crew, who seem suited physically and mentally and in the gay abandon of youth to that type of hockey. Any attempt to curb their free-bumping blow-swapping plan of campaign would cripple their effectiveness.

They may not win all the games but their rampaging tactics should keep them in a respectable standing right through the piece.

There is not much doubt of the popularity of the Wood Islands-Caribou ferry route. Its a time-saver for inter-provincial travellers between the Island and New Scotia points and could be even more popular if cars could drive on and drive off as they do at Borden and Tormentine. That day, of course, will come, now that the route has proven its worth and its convenience, and carries a continually increasing number of passengers and cars.

If our potato growers are denied price-support for their 1950 crop, it will be quite a blow to this Province.

In one way or another most parts of Canada seem to be lined up to benefit from large defences, the lumber producing provinces are selling their stocks on a rising market and even the West with a low-grade wheat crop will not fare so badly.

Further afield help is being extended to Europe; a scheme is in hand for the giving of financial aid to even North Korea is to be the recipient of a helping hand running to millions. Canada, of course, as is perhaps only proper will contribute to all these moves to put a brake on the spread of Communism. It will contribute millions to the several plans already approved or proposed.

It is much to ask that when our treasury is in such general mood that it earmark a few thousands for our distressed potato growers?

Hampers of Nova Scotia Macintosh apples can be bought from roadside stands in that province for two dollars a hamper. The loss of the British market has made it very difficult for the apple growers to dispose of their crop and there has been a sharp drop in price. In the past two years, Nova Scotia apples are at present prices a thrifty buy for the car driver who happens to be travelling a highway where roadside stands are doing business.

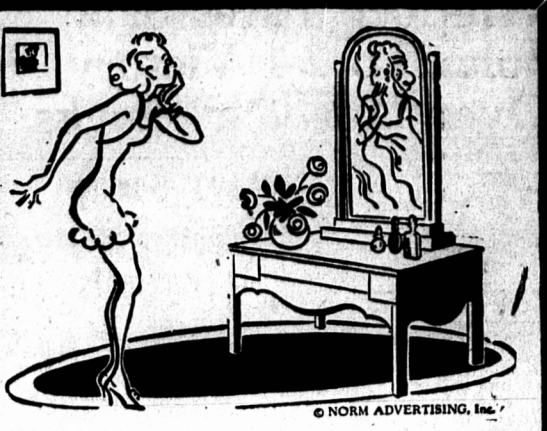

Island farmers have not to any extent adopted the roadside stands as a way of selling some of their crops. Some day the idea will catch on and fruits, potatoes, and vegetables will be offered to car drivers on all our main highways.

The chairman was Mr. Allison Proffitt. Mr. R. C. Auld read an address of appreciation and Mr. Roy Walker made the presentation of a well-filled purse. The Free-town Trail Rangers represented by Ronald Lewis and Allan Scales also read an address and presented a gift and Miss Rose Reeves made a presentation on behalf of the Freetown C.G.I.T.

Mr. Kennedy thanked his friends for these tokens of appreciation. He then conducted an interesting program of games, contests and hymn singing, assisted by his friend George Barrett of Sydney, N.S., and Miss Geraldine Fowler of Summerside at the organ. Miss Ina Phillips sang very feelingly 'The Stranger of Galilee.' The ladies of North Bedouque served delicious refreshments.

The North Bedouque church has called the Rev. J. K. Campbell of Blackville, N.B., and he has accepted the call and will shortly arrive on the North Bedouque charge.—O.

Chocolate milk was given the children by the leaders.

Believes Authorities Fully Appreciate Marketing Difficulties

Mr. W. R. Shaw, chairman of the Potato Committee of the Canadian Horticultural Council, returned Saturday night, along with representatives of the P. E. I. Potato Board, from what he termed an encouraging meeting of that Committee covering a two day session at Ottawa. The meeting, Mr. Shaw stated, was attended by representatives of the main potato producing areas across Canada. The reports presented indicate an over all production of potatoes of substantial volume and good quality, and it was the general consensus of opinion that measures should be adopted at an early date to stabilize the present weak marketing situation.

A conference was held with Hon. J. G. Gardiner, Minister of Agriculture, and top ranking officials, and a number of proposals were explored which would tend to bring about an improvement in marketing levels. Full information regarding the position of the industry in the light of domestic production and market conditions in Canada, the situation in the United States, and the inhibitions placed on export trade to other countries as the result of adverse exchange, was presented.

"It feels," Mr. Shaw stated, "that Ottawa authorities entertain a full appreciation of the difficulties with which the industry is at present contending, and I am encouraged to hope that some action may be taken to improve conditions. Referring to newspaper reports that the representations of the Committee regarding some means of support received a cold refusal, he stated that such reports were only guesswork on the part of reporters and had no factual background."

"The present condition of markets, Mr. Shaw felt, could be materially improved, or at least protected from sagging to lower levels, if a real concerted effort were made by Potato Boards in New Brunswick and Prince Edward Island along with all our dealers in an attempt to stabilize prices. With cold weather approaching and trucking of potatoes in central Canada becoming more difficult, I feel, he stated, that the time is now opportune for some concerted and definite action in this respect. I am not at all pessimistic regarding the future, if there is some encouraging reaction from Ottawa and the potato industry itself, through its regularly constituted associations and dealers, goes out to do a real job for our producers."

LIBERALS LOSE

Edward Island constituency of Queens and no date has yet been set for a by-election there. In Welland, Dr. McMillan led from the outset and finished well ahead of Sam Hughes, Progressive Conservative. Melvin Swart, C.C.F., finished third and Mel Doig, Labor-Progressive, trailed in fourth place.

In Montreal St. Mary, Mr. Dupuis took an early lead and steadily built up his margin. Ignace Deslauriers, a lawyer and official Liberal candidate, was second. Pierre Archambault, Independent, was next and behind him was O'Neil-Leonide Gingras, a Republican Party candidate. In fifth and last spot was Emil Naud, an Independent Liberal.

In Rimouski, Mr. Rousseau, after trailing in early returns, edged ahead as late polls reported. His election was reported by the Canadian Press when final returns for the night showed him to be ahead of Mr. Tessier by 359 votes.

PROGRESSIVE CONSERVATIVE Meeting

A meeting of all interested Conservatives will be held in the HAMPTON HALL on THURSDAY, OCT. 19 at 8:15 Speakers, R. R. Bell, K. C., Leader of Party; Miss Hilda Hesson, Director of Women's Associations for Canada.
