HASZARD'S GAZETTE.

Saturday, April 2, 1853.

Opening of the Navigation.—On Sunday last the Ice in the Hillsborough began to move, and showed a large open space at the end of the Wharfs, since which time it has been moving up and down the river with the tides, rendering the crossing of the river very difficult, and at times impracticable. As there is but little Ice to speak of in the Gulf we may look out for the arrival of some vessels next week. Two or three outward bound vessels have already commenced loading.

Delivery of our Paper.—should any of our Subscribers fail to receive our paper at any time they will please inform us. Our boys sometimes miss a door, and the person who directs the paper for the mails sometimes misses a name; we regret it is so, but it will occasionally happen notwithstanding all the care and caution we can exercise. We will at once supply any omission on being informed of it.

Man Missing.—A person by the name of Donald M'Innis, belonging to Cardigan Road brought in a load of grain on Wednesday last from St. Peter's, which he deposited at Mrs. Smith's for safe keeping, until it could be shipped for Pictou. Soon after he put up his horse, he left Mrs. Smith's, saying he had a letter for Mrs. James MacLean, who lives in Water Street, and he intended to deliver it that night, and would not return. It appears however that he was next seen at Mr. Cletus Campbell's, to whom he stated that he had lost his way. Mr. Campbell went with him and left him at Mrs. Smith's gate, since which time he has not been heard of. It is hard to conjecture what has become of him; when he left Mrs. Smith's, he had some money in his pocket which he had carefully pinned up, but whether that has led to his disappearance, it would be hard to say. We have carefully collected the above facts from authoritative sources that the public might not be lead astray by the many idle reports which are circulating through the town.

Highland Society.—The fifteenth Annual General Meeting of the Highland Society, of this Island, was held at the Globe Hotel, on Monday evening last, the 28th inst., when the following gentlemen were elected office-bearers for the ensuing year:—

Hon. Donald McDonald, Psesident,
Wm. McGill, Esq., 1st Vice do.
Mr. John Rigg, 2nd do. do.

Directors—Honbls. Charles Young, and Donald Beaton, Thomas Stratton, Esq., M.D., R. N., Messrs. N. Rankin, J. C. McDonald, D. McIsaac.

J. W. Morrison, Treasurer.
H. W. Lobban, Corresponding Secretary.
John Andrew McDonald, Recording Sec'y.
Robert Potts, Esq., M. D., Surgeon.
H. W. Lobban, Marshal.
Donald McFayden, Piper & Messenger.

John Andrew McDonald, R. S.

Speeches on the Temperance Agitation.—We omitted to mention in our last that the speeches were to be continued. We had no idea of giving a partial Report of the Meeting; every person will find himself represented in the order in which he spoke, and it will be his own fault if he is not properly reported. When we undertook to publish the speeches, we expected to get the whole in one paper, but we now find that another issue will be required to finish them.

THE TRYON BRANCH AGRICULTURAL SOCIETY'S GRAIN SHOW.

The Grain Show of the above Society took place at the Secretary's residence, on Wednesday the 16th March, Joseph Black, Esq. Vice President of the Society, in the Chair. Although the weather proved somewhat unfavourable, still there was a very respectable and numerous attendance, and was favoured with the presence of the Honorables Joseph Pope and William W. Lord. The articles exhibited for competition were excellent in quality. The Judges handed in their awards as follows:

FURTHER ISSUE OF TREASURY NOTES.

☞ *The following Communication was intended for our last issue, but was excluded for want of room.*

To the Editor of Haszard's Gazette.

Sir—I am happy to see that the present Government have brought forward one important and useful measure, namely, a further issue of Treasury Notes.

When a Bill to the same effect was before the Legislature some years ago, it was opposed by at least some of the friends of the party, now in power—Hon. Mr. Swabey will probably vote *for it now*—a similar measure having passed the House of Assembly, some three years ago, it was warmly and successfully opposed in the Legislative Council by the Hon. Mr. Hensley, who is reported to have stated, in his speech, that the Scotch understand Banking better than any other people in the world. And as he appeared to be so full of cappenusitedness (he likes old Scotch words) that he will surely listen to reason, unless you almost smother him with figures and facts. I send you for the information of him and the rest of your readers, a statement of the Notes in circulation by the different Scotch Banks of Issue—

An Account, pursuant to the Act 8th and 9th Vict. cap. 38, of the amount of Bank Notes authorised by law to be issued by the several Banks of Issue in Scotland, and the average amount of Bank Notes in Circulation, and of Coin held during the four weeks ending Saturday the 24th day of January 1851.

Name and Title as set forth in License.	Circulation authorised by Certificate.	Average circulation in Notes during four weeks ending as above.	Average amount of Gold and Silver coin held during four weeks ending as above.
	£	£	£

Commercial Bank of Scotland	374,880	406,928	107,905
National Bank of Scotland	297,024	281,318	51,896
Union Bank of Scotland and Banking Co., in Aberdeen	415,690	431,652	103,555

Dundee Banking Company	33,451	32,772	5,951
Eastern Bank of Scotland	33,636	32,814	6,100
Western Bank of Scotland	337,938	418,019	155,554

Caledonian Banking Company	53,434	51,111	11,410
Perth Banking Company	38,656	37,897	9,258
Central Bank of Scotland	42,933	45,585	9,096

making in all nearly £3,225,000, stg. exclusive of Notes, of the Bank of England—now taking the population of Scotland at 3,000,000 and their Notes as shown by their monthly returns as above to the Treasury, gives nearly 25s. stg., of their own Bank Paper for every soul in it—equal to 37s. 6d. of our currency—and yet Mr. Hensley after praising the Scotch system of Banking, argued and voted against us having one fourth of that sum, in Treasury Notes, on the plea, that a further issue of Notes would depreciate their value—every body knows that an *over*-issue of Paper money is mischievous and has a ruinous tendency—but, would even £50,000 be an over-issue here? taking our population at 70,000 and the yearly revenue £25,000—£50,000, in Treasury Notes, would only be two years' income, and only 12s. 8d. of our currency for each of us—but, more than that, the Treasury Warrants are already issued, and the paying them off with Treasury Notes would be only changing the name of the debt at the most. The Warrants may be termed the funded and the notes the unfunded debt of the Colony. The former suits and are profitable to a few Capitalists, who have money to lend, and the latter serves the community at large.

I trust that His Excellency Sir Alexander, will be able to persuade the Home Government, that a further issue of Treasury Notes would be highly beneficial to the Island, and if the Council shew resistance as on the former occasion, he might even give them a hint, as Lord Grey did the House of Lords—"That he will be compelled by circumstances, to infuse a little more progressive spirit into that Honorable Body."

If the present Government of our snug little Island, carry their measure of a further issue of £15,000 of Treasury Notes, it will, in my mind, cover some of their great blunders. I care nothing for party, but look at measures, not men.

And am, Sir,
Yours, &c.,
Dandy Dinmont.

The Bill for the further issue of Treasury Notes has been thrown out by the Legislative Council by a majority of three:—Four voting for it, and seven against it.

Our Correspondents must not blame us for inattention, because we have neglected to publish some of their communications;—those on the subject of Temperance, will observe that our space has been pretty well taken up on that subject; and most of the others will keep until after the House of Assembly has risen, when we will have plenty of space to devote to well-written articles on every subject of public interest.
