

A GOOD OFFER.

If you purchase your Carpet from us, we cut it for nothing, and having an experienced man, we don't charge for any waste.

PATTON BROS.

The Morning Guardian.

Good work and speaks well for our new Carpet department manager Mr. J. C. Sprague. We have put out 1000 yards of carpet in all over 200 yards. The waste on all these carpets was just one yard, or an average of 1/20 of a yard. We will measure your room, and match the carpet to it. We will have all 3/4 of a yard of margin, and have them cut by our experienced men at cost prices.

LOCAL LEGISLATURE

Temperance Bill Passes Second Reading.

A DAY OF LIVELY DEBATE.

FRIDAY, April 22.

Mr. Peters moved the House into committee of the whole to consider the second reading of a bill to authorize the sale of certain lands in Princetown and Princetown Commons. Mr. Peters explained the nature of the bill. The inhabitants had held a meeting and asked for such an Act in order that those holding lands could be enabled to secure titles and the uncoupled land sold. A similar bill had been presented some years ago, but thrown out by the Council.

Mr. Arsenault would like to hear the provisions of the bill. As far as he could see it was not similar to the one introduced ten years ago. The latter one provided for the sale of the lands by private sale or public auction. The present bill did not do so. It only provided for the sale by auction, and it would be very unfair to those who had been living on the lands and improving them in various ways not to give them a chance to purchase them. He had no doubt the occupiers had asked for legislation, but he did not think they would benefit by the bill. There was nothing in the Act to compel the sale to the occupier. Why not give the people in this case the same legislation as in other land measures. It was not fair to sell the land occupied by a man for 20 years and only give him 25 per cent of the proceeds for all his improvements.

Hon. Mr. Maclean replied to Mr. Arsenault.

Mr. Arsenault said he did not see how Mr. Maclean knew any more about the lands in question. He did not belong to his department and he did not live in the county. How would the Commissioner of Public Works like to have his estate sold and only 25 per cent of the proceeds given him?

Hon. Mr. Maclean replied that Mr. Arsenault was fighting at shadows. He (Mr. Maclean) did know something about the lands in question and also about the locality Mr. Arsenault came from.

Mr. Matheson did not agree with Mr. Arsenault. The only way to close up the Land Office was to sell these lands at auction.

Mr. Arsenault twitted the last speaker with insincerity in telling the people that if they only sent him to parliament he would get a measure through giving them their lands for almost nothing; now he threatens to have them sold at once by auction.

Mr. Montgomery thought the most effectual way to get at the value of land was to put it up at private competition.

Mr. Rogers thought there could be a better way devised to dispose of the lands. The proposed measure was somewhat harsh.

Mr. Underhay thought if it were desirable to get rid of the people on these lands the Government might tack them on to Georgetown.

Mr. Bell thought the house was legislating in the dark. A list of those holding lands could be made out and an idea given of what was needed. He would like to understand the number of those who have made improvements.

Mr. Arsenault contended that if there were only one he should be protected. The improvements a man made should be his own.

Mr. Montgomery said there were a number who had buildings erected on the land, but he did not think their property would be confiscated.

Mr. Rogers did not think it fair that the man who had lived on the land for a number of years and improved it, to be turned off and his next door neighbor put on. What would be the use of a house to a man if he had no land to put it on?

Mr. Bentley said that by the bill a great deal of injury will be done. The land in its natural state was not worth 10 per cent; it would be the improvement which would be sold. The rights of these people should be protected.

Mr. Neil McLeod did not see why the occupiers of these lands should be treated differently to others. In the sale of Crown Lands the squatter was given the first privilege to buy.

RECESS.

AFTERNOON SESSION.
Debate resumed.
Mr. Neil McLeod moved an amendment to the effect that the remuneration to the present holders be not more than 75 per cent, instead of 25 per cent.

After considerable debate the amendment was put and lost on a strict party vote.

The bill was reported agreed to and the speaker took the chair.

Mr. N. McLeod moved the report be not received, but referred back for further amendment. This amendment was also lost on a vote of 14 to 13.

The bill was then agreed to and ordered to be read a third time to-morrow. An Act to Incorporate the Park-Cor-

MARCUS LITTLEFIELD LIVES AT WEST WATERLOO, N. B. A FARMER BY OCCUPATION, HE ENJOYS THE RESPECT OF ALL WHO KNOW HIM. IN CONVERSATION WITH A REPRESENTATIVE OF THE SKODA DISCOVERY CO., NOT LONG SINCE HE RELATED THE FOLLOWING STORY:

"Ever since I was born, I have been troubled at times, more or less, with a red mark on my forehead, and neck. For fifteen years it has been on the forehead, and for three years it has been on the neck. It has gradually faded, and has been gradually fading, but it has never quite disappeared. It has been a great deal of trouble to me, and I have been to many physicians, but they have not been able to do anything for it. I have been to the Skoda Discovery Co., and they have cured me of it. I am now perfectly well, and I have no more of it."

BETTER THAN ANY OTHER REMEDY. I have been to many physicians, but they have not been able to do anything for it. I have been to the Skoda Discovery Co., and they have cured me of it. I am now perfectly well, and I have no more of it."
