According to Prof. J. Norman Lockyear, the English astronomer, the total number of stars of which some knowledge can be gained with the optical aid now available is from 40,000,000 to 50,000,000. Only about 6,000 are visible to the naked eye, 3,000 in the northern hemisphere and 3,000 in the southern.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites. Is prepared in a perfectly agreeable form, at the same time increasing the remedial potency of both of these specifics. It is acknowledged by leading physicians to be marvellous in its curative powers in consumption, Scrofula, chronic coughs and wasting diseases. Take no other.

It takes the skin of 1,000 horses and 10,000 sheep to cover the base balls used in the U. S. every year. The game takes the skin off twice as many men.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little shrub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other ind. feb 4 eod wk
