**COLONIAL HERALD EXTRA.**  
 English Dates from 5th to 13th June.  
**BY THE MARRIAGE.**

The news from China is not cheering. It appears that the British Government is not disposed to support the Chinese in their demand for the return of the island of Formosa. The Chinese Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from India is also not cheering. It appears that the British Government is not disposed to support the Indian in their demand for the return of the island of Ceylon. The Indian Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the West Indies is also not cheering. It appears that the British Government is not disposed to support the West Indian in their demand for the return of the island of St. Vincent. The West Indian Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the East Indies is also not cheering. It appears that the British Government is not disposed to support the East Indian in their demand for the return of the island of Sumatra. The East Indian Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the South Sea Islands is also not cheering. It appears that the British Government is not disposed to support the South Sea Island in their demand for the return of the island of New Guinea. The South Sea Island Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Pacific Islands is also not cheering. It appears that the British Government is not disposed to support the Pacific Island in their demand for the return of the island of Hawaii. The Pacific Island Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Atlantic Islands is also not cheering. It appears that the British Government is not disposed to support the Atlantic Island in their demand for the return of the island of Bermuda. The Atlantic Island Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Indian Ocean is also not cheering. It appears that the British Government is not disposed to support the Indian Ocean in their demand for the return of the island of Madagascar. The Indian Ocean Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Red Sea is also not cheering. It appears that the British Government is not disposed to support the Red Sea in their demand for the return of the island of Socotra. The Red Sea Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Persian Gulf is also not cheering. It appears that the British Government is not disposed to support the Persian Gulf in their demand for the return of the island of Bahrain. The Persian Gulf Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Arabian Sea is also not cheering. It appears that the British Government is not disposed to support the Arabian Sea in their demand for the return of the island of Zanzibar. The Arabian Sea Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Indian Archipelago is also not cheering. It appears that the British Government is not disposed to support the Indian Archipelago in their demand for the return of the island of Java. The Indian Archipelago Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the Malay Peninsula is also not cheering. It appears that the British Government is not disposed to support the Malay Peninsula in their demand for the return of the island of Sumatra. The Malay Peninsula Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the East African Coast is also not cheering. It appears that the British Government is not disposed to support the East African Coast in their demand for the return of the island of Zanzibar. The East African Coast Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.

The news from the West African Coast is also not cheering. It appears that the British Government is not disposed to support the West African Coast in their demand for the return of the island of Sierra Leone. The West African Coast Government, however, is determined to maintain its claim, and has recently sent a large force to the island. The British Government has also sent a large force to the island, and the two forces are now engaged in a struggle. The result of the struggle is uncertain, but it is expected that the British will eventually be victorious.
